Dear Mr. Kirkham:

The Certificate of Need Section (CON Section) received your letter of November 18, 2014 regarding the above referenced proposal. Based on the CON law **in effect on the date of this response to your request**, the proposal described in your correspondence is not governed by, and therefore, does not currently require a certificate of need. However, please note that if the CON law is subsequently amended such that the above referenced proposal would require a certificate of need, this determination does not authorize you to proceed to develop the above referenced proposal when the new law becomes effective.

Moreover, you need to contact the Adult Care Licensure Section of the Division of Health Service Regulation to determine if they have any requirements for development of the proposed project.

It should be noted that this determination is binding only for the facts represented by you. Consequently, if changes are made in the project or in the facts provided in your correspondence referenced above, a new determination as to whether a certificate of need is required would need to be made by the Certificate of Need Section. Changes in a project include, but are not limited to: (1) increases in the capital cost; (2) acquisition of medical equipment not included in the original cost estimate; (3) modifications in the design of the project; (4) change in location; and (5) any increase in the number of square feet to be constructed.

Dear Ms. Frisone:

Carillon Assisted Living, the parent company, is going to enter into a sale-leaseback transaction prior to December 15, 2014 related to the four (4) above-referenced facilities. This is a refinancing transaction solely related to the real estate associated with this property. The facilities will continue to be operated as today by Carillon as the licensed operator as identified by the license numbers reflected above.

To maintain proper compliance with DHSR Licensure Section regulations, we are requesting the issuance of a "No Review Letter" to be issued by the Certificate of Need Section to the Licensure Section so they know the above-referenced projects have been constructed in accordance and compliance with North Carolina's Certificate of Need law.

Thanks in advance for your attention to this matter. Should you have any questions, I can be reached at (919) 852-4000.

Sincerely,

Kenneth C. Kirkham  
Chief Operating Officer
