Record #: 2739
Business Name: First Contact Ministries, Inc.
Business #: 2940
Project Description: Offer faith based 12-step recovery services
County: Henderson

Dear Mr. Halford:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency) received your email on October 15, 2018 as well as the email from Joy Allison dated October 15, 2018 regarding the above referenced proposal. Based on the CON law **in effect on the date of this response to your request**, the proposal described in the emails is not governed by, and therefore, does not currently require a certificate of need. If the CON law is subsequently amended such that the above referenced proposal would require a certificate of need, this determination does not authorize you to proceed to develop the above referenced proposal when the new law becomes effective.

This determination is binding only for the facts represented in the emails referenced above. If changes are made in the project or in the facts provided in the emails, a new determination as to whether a certificate of need is required would need to be made by this office.

Please do not hesitate to contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Martha J. Frisone".

Martha J. Frisone, Chief
Healthcare Planning and Certificate of Need Section

Good afternoon Martha,

I spoke with Joy Allison on Friday and explained the type of rehab facility we were going to be and she said we would not need a license and I should reach back to you concerning the CON. I received your vm late Friday in which you instructed me to send the request for a letter stating we would not need the CON. I would like to make that request in this email. Thank you so much for getting back with me and your willingness to provide what we need for the zoning board of Henderson County.

Regards,

Craig Halford

Mr. Halford and I talked at length on Friday, 10/12.

The program that he described to me would not fall under our licensure requirements.

He is describing and is planning to open a faith based, 12 step program. He stated that all counseling will be from the scriptures and 12 step literature.

I asked him several questions regarding counselors, training, etc. Everything he is stating is religious in nature and using 12 step principles.

I told him that, as described, his program would not fall under the requirements for licensure. I stressed that this decision was based solely on his descriptions and if anything in his program should change, we would need to be notified.

Joy

That is not accurate. The only contact I have had with him was the email you were copied on. I said there was not enough information on their website about the treatment and services offered to make a determination. I referred him to Joy and Shawanda for further evaluation.

Mr. Halford left me a voice mail in which he states that you stated that it does not appear that the facility they want to develop would require a license. Can you confirm that for me?

Mr. Halford, Martha Frisone is the best resource to determine if CON is a requirement. First we need to determine if the proposed facility would need to be licensed. In reviewing your website there is not enough information about your services to individuals with substance use disorder to determine if you need a license. I am copying Shawanda and Joy, Joy is our licensing consultant for the western part of the state and will gather additional information from you.

Ms Elliot,

We are trying to get a special use permit to build a non-profit faith based recovery center. We are being told we need a letter from the state saying we do not need a CON. I am being told you are the person I need to discuss this with. My phone number is 828-699-0161. Would you please reach out to me and let me know what process we need to go through to get this letter?

Mr. Halford called me today and left me a voice mail. He would really like to talk to you about how his facility in Henderson County needs to be licensed (if it needs to be licensed at all). See the webpage at the link below. Until he can tell me how it would be licensed, I can't tell him if he needs a CON or not.

Furthermore, the county needs to know if he needs a CON before issuing a special use permit.

Ms Elliot,

Could you please help me with this?

Thank you for reaching out to me. I also got your voice mail. I recommend that you contact the Mental Health Licensure Section and discuss your facility with them. I've copied Michiele Elliott who is with that section on this email. That section will have to

determine how, if at all, your facility would be licensed. Without knowing how it would be licensed, I cannot tell you if you will need a CON.

Good morning Ms Frisone,

I am the ED for First Contact addiction Ministries. We are applying for a SUP with the Henderson County Zoning Board and I received an email from Toby Linville where he had asked you about our need to file for a CON. You responded by saying you needed more info to make that determination. I would be pleased to provide you whatever information you might need. We will not be a medical facility so I am not sure this applies to us but I wanted to reach out to you to make sure. My number is 828-699-0161 if you would like to reach back to me.

Thanks so much

Craig
