Dear Ms. Fleming:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency) received your correspondence regarding the above referenced proposal. Based on the CON law **in effect on the date of this response to your request**, the proposal described in that correspondence is not governed by, and therefore, does not currently require a certificate of need. If the CON law is subsequently amended such that the above referenced proposal would require a certificate of need, this determination does not authorize you to proceed to develop the above referenced proposal when the new law becomes effective.

You may need to contact the Agency's Acute and Home Care Licensure and Certification Section to determine if they have any requirements for development of the proposed project.

This determination is binding only for the facts represented in your correspondence. If changes are made in the project or in the facts provided in the correspondence referenced above, a new determination as to whether a certificate of need is required would need to be made by this office.

Please do not hesitate to contact this office if you have any questions.

Sincerely,

Ena Lightbourne

No Review Request – Add PD Modality to Existing In-Center Facility

Facility: Hendersonville Dialysis Center
County: Henderson
FID#: 140094

Dear Ms. Lightbourne:

We are requesting a No Review Determination which will allow Hendersonville Dialysis to add the Peritoneal Dialysis (PD) modality to the facility. Hendersonville Dialysis has identified two ESRD patients who want to change from their current modality to PD. Based on conversations with the nephrologists who admit patients to Hendersonville Dialysis, additional patients choosing PD are anticipated. Hendersonville Dialysis has a Registered Nurse who has been trained in the PD modality.

We are not seeking to add any additional dialysis stations to Hendersonville Dialysis with this request. We have adequate space in the facility to add the PD modality.

The facility will continue to offer in-center dialysis. This change will not adversely impact the patient population of the facility.

You can contact me at 704-323-8384 if you have any questions or need more information.

Sincerely,

Esther N. Fleming
Director, Healthcare Planning
