F 223	Continued From page 1 that is not immediate jeopardy) to ensure monitoring systems put into place are effective related to resident rights to be free from abuse. Findings included: Resident #1 was admitted on 4/23/15 with diagnosis including heart failure, dementia, coronary artery disease, and anxiety disorder. Review of the Minimum Data Set Assessment 10/22/15 revealed that the resident was understood and understood others. The resident was coded as having a score of 3 on the Brief Interview of Mental Status (BIMS). BIMS is a brief snapshot of how well a resident is functioning cognitively at the moment. A BIMS score of three indicates that the resident had problems with memory and recall of events. The resident was coded as not displaying physical behavioral symptoms. He was coded as displaying verbal behavior such as threatening or screaming during the past 1-3 days. Medical record review revealed a care plan goal 12/17/15 which stated "will have 1 or less combative/verbal abuse behavior through next review." Interventions included, approach resident warmly and positively, talk with resident in calm voice when behavior is disruptive. Review of the statement written on 12/27/15 by nursing assistant (NA) #1 revealed, " I (NA #1), went into (Resident #1 's) room around 9:30am-10 am. (Resident #1) was already fussy this morning before proceeding into his room. I went into his room to perform ADL (activity of daily living) care. (Resident #1) started to fuss at me. As I went to go get him dressed, Resident #1 was still fussing calling me pathetic and all other names. He then raised his hand and slapped me across the face. I then proceeded to go get my nurse but she was on break. " The statement revealed that she requested that 2 other nursing	F 223	on the face area identified in the abuse allegation. The Charge Nurse (1) notified the RN supervisor around 3:00pm of the abuse allegation at that time the RN Supervisor removed the CNA (1,3) from the building and suspended them until investigation was completed. The RN supervisor went to the room at 3pm to perform an interview and skin assessment on the resident (1), during the interview the RN supervisor ask the identified resident if anyone had slapped him, his comment was NO. The RN supervisor performed another skin assessment on resident (1) facial area and was unable to identified any markings or bruising. At this time the RN supervisor contacted the Director of Nursing. The Director of Nursing contacted the Administrator at 3:05pm on 12-27-15. The Director of Nursing submitted a 24 hour report on 12-28-15 at 11:12am. The Director of Nursing performed an interview and a skin assessment to the facial area resident (1) in the abuse allegation at 9:45am on 12-28-2015. During this interview the resident (1) denied any abuse and were no noted bruising or marks on the facial area in the abuse allegation. The Responsible Party for the resident (1) was notified by the Director of Nursing on 12-29-15 at 4pm concerning the abuse allegation. The Medical Director was notified on 12-31-15 at 7:30 am that resident (1) needed a physical examination. The Medical Director performed the evaluation that morning around 9am. The Medical Director noted old skin tears but did not note anything

I was in the room but did not proceed getting him ready. NA #3 dressed him since he was more calmer at the moment. NA #2 helped but morely observed. Once finished, he was pushed down to activities and I did report to (nurse supervisor) about the situation that had occurred. " During interview with (NA) #1 at 4:20 pm on 12/31/15 she stated, " Resident #1 was agitated during breakfast. As I was getting ready to do activity of daily living care, he hit me in my face. " NA #1 reported that she went to get the nurse and asked two other NAs to come help her. NA #1 reported that Resident #1 was basically given care by NA #3 when they returned to the room. She said, " No one touched him but NA #3 when we went back to the room." NA #1 further stated that the resident had calmed down and that there was no abuse. NA #1 reported that Resident #1 hit her when she first attempted to give him morning care. She stated, "It wasn't even a purposeful hit. He was already in a rant, his hand came up and I left the room." Interview with NA#2 at 3:25 pm on 12/31/15 revealed that she saw NA #1 coming down the hall. NA #1 was upset about (Resident #1). "I said what's wrong? She said (Resident #1) is getting on my damn nerves." NA #2 said she told NA #1 that she would help and went down the hall with her. NA #2 reported that (Resident #1) was sitting on the side of the bed with NA #1 on one side and NA #3 on the other side. NA #2 said she saw NA #1 swing and hit (Resident #1) in the face. Then NA #3 swung on the other side. She stated that she helped (Resident #1) stand up and put on his shoes and went out of the room. NA #2 reported that NA#1 and #3 were saying a	F 223	about bruising or markings to the facial area. The Responsible Party for the resident (1) requested that the resident be sent out to the ER for c/o left shoulder pain. The Responsible Party signed the resident out and arrived at Moore Regional ER at 3:59pm on 1-1-16. The Responsible Party explained to the MD on duty that the resident (1) was assaulted by some of the staff at the facility about a week ago. The MD ordered x-rays and notified DSS. There were no acute fractures noted. The MD will send all x-rays to DSS by 1-6-16. Resident (1) returned to the facility at 7:45pm on 1-1-16 with no acute changes. CNA (1) that was involved in abuse allegation was terminated on 12-30-15. CNA (2) returned to work on 12-30-15, she was not assigned to the resident (1) and was forbidden by the Director of Nursing to be in contact with the resident (1). CNA (3) was terminated on 1-6-16 due to the abuse allegation substantiated. A police report was filed on 1-6-16 in regards to this abuse allegation, Police officer from the Pinehurst Police Department interviewed resident (1) and interviewed all parties involved. The Police Report number is 2016000181. The Police office hand delivered his findings on 1/7/16 of his investigation that concluded there was not enough evidence to prove that an assault did occur and he closed the case. The 5 day investigation was completed and submitted by Director of Nursing on 12-30-15 at 3:37pm. 100% of full time, part time and as needed staff were in serviced on combative and agitated

The resident (1) was seen by Nurse Psychiatrist on 1-7-16 to see if there are any interventions to help with the identified resident's behaviors. The interventions that she recommended were to redirect resident (1) if agitated and be careful when touching resident (1) around the wrist, when resident (1) is touched around the wrist area it can cause him to be more agitated. The resident (1) will always have two people in the room when care is being performed. These interventions have been added to the resident's (1) Kardex and care plan on 1-7-16 by the Director of Nursing. All CNAs must go to the Kardex before each shift to see how to perform care on residents. The identified resident will be continued to be monitored by the Nurse Psychiatrist. Both CNAs that were involved in this abuse allegation have been terminated and are banned from coming on the facility grounds.</p> <p>For those residents having the potential to be affected by the same alleged deficient practice:</p> <p>Resident (1) still resides in facility, all alleged employees involved in abuse allegation have been terminated or have been disciplined. Resident (1) has been interviewed by psychiatry for any emotional distress from the incident and none has been noted. Once (Resident #1) was dressed, I took him out of the room and to church (activities) and reported to the nurse that he was being combative." During interview on 12/31/15 at 3:36 pm with NA #3, she reported that on Sunday 12/27/15 around 9/9:30 NA #1 said to her you better come down and stated that (Resident #1) was being combative. "Soon as we walked to the door he was already combative. He was waving his hands. I took his hands in mine and said you need to calm down. I told him that he needed to put his clothes on and get dressed for the day. I said will you do that for me? He calmed down, I put his clothes on." NA #3 reported that no one helped her dress him. " I told them (NA#1 and #2) to just let me do it." The NA stated that when the resident was agitated she put her hands up and called his name several times. She said she has worked with (Resident #1) before and he can get a little rowdy. NA #3 reported that NA #1 was standing behind her, NA #2 was at the door and	F 223	on how to deal with residents with behavior issues. With all interventions in place resident (1) is comfortable and safe at the facility. Pinehurst Healthcare & Rehabilitation Center performs background checks on all potential employees before hiring them. The Administrator reviews all backgrounds to insure there is no abuse or criminal charge that could lead to abuse. If the background check reports any criminal items that could be consider abusive, the individual is never hired. The abuse policy covers what types of abuse, who to report abuse to, to report abuse immediately when notified or when you see abuse, notify family immediately, notify MD immediately and remove the alleged persons from the facility immediately. 100% active, part time and as needed staff were educated from 1-1-16 thru 1-6-16 on how to deal with combative and agitated residents by the Director of Nursing and Registered Nursing Supervisors. 1st step is try to figure out what is making the resident agitated, 2nd see if you can redirect the resident away from what is making them combative or agitated. 3rd if you are unable to calm the person, go get someone else and let them try to calm the resident, 4th always take your time and speak clearly and slowly to the resident, and 5th always be kind and respectful . Resident's rights were included in the in service on 1-6-16 that included the resident always has the right to refuse service. The two CNAs that were involved in this abuse allegation

During telephone interview at 4:52 pm on 1/5/16 with the Nurse #1 (nurse assigned to the resident 's hall at the time of the incident) she reported that she did not know about the incident when she went in to give Resident #1 his morning medication. She said that his face was a little red at that time but was not red at all when she went in with the nurse supervisor. Nurse #1 reported that Resident # 1 was a very confused resident. She said she saw Resident #1 up in his wheelchair in the hallway when she asked him if someone hit him. Nurse #1 reported that Resident #1 said " Yeah, there were two of them but she helped me " and pointed to NA #2. The nurse further stated that when she went to talk to the resident with the nurse supervisor he was mumbling and a little out of it. Review of the statement written by Nurse #1 (nurse assigned to the resident 's hall on 12/27/15) revealed the following, "CNA #2 reported to me (Nurse #1) that this morning around 9:45-10:15 am another CNA (certified nursing assistant) asked her to help with (Resident #1). All employees are educated on the company abuse policy on hire date, at each alleged incident of abuse or neglect and annually by the Director of Nursing or a Registered Nursing Supervisor. The Social Worker contacted all responsible parties of residents that cannot speak for themselves to inquire of any concerns or changes in resident's behavior that could indicate possible abuse on 1-6-15. These interviews included those residents that the two accused CNAs were assigned & performed care on. There were no concerns voiced by responsible parties, no report of any behaviors or physical signs reported by any of the responsible parties. The Nursing staff completed skin audits for injuries of unknown origin for 100% of residents, this includes 100% of residents that the two accused CNAs were assigned and performed care on. These skin audits were completed from 1-1-16 to 1-7-16 by licensed nursing staff. No injuries of unknown origin were found. The Social Worker, Admissions Coordinator, Director of Nursing and Clinical Supervisors asked all residents capable of being interviewed if they had ever felt mistreated by a staff member of the facility, this included all residents including the ones that were cared for by accused CNA's that were named in the abuse allegation. All residents interviewed denied feeling mistreated by any member of the staff. All interviews were completed

The Director of Nursing performed an interview and a skin assessment to the facial area identified in the abuse allegation at 9:45 am on 12-28-2015. During this interview the identified resident denied any abuse and were no noted bruising or marks on the facial area in the abuse allegation. The Responsible Party for the identified resident was notified by the Director of Nursing on 12-29-15 at 4 pm concerning the abuse allegation. The Medical Director was notified on 12-31-15 at 7:30 am that identified resident needed a physical examination. The Medical Director performed the evaluation that morning around 9 am. The Medical Director noted old skin tears but did not note anything about bruising or markings to the facial area. The Responsible Party for the identified resident requested that the resident be sent out to the emergency room for complaints of left shoulder pain. The Responsible Party signed the resident out and arrived at the emergency room at 3:59 pm on 1-1-16. The Responsible Party explained to the physician on duty that the resident was assaulted by some of the staff at the facility about a week ago. The physician ordered x-rays and notified Department of Social Services. There were no acute fractures noted. The physician will send all x-rays to Department of Social Services by 1-6-16. Resident returned to the facility at 7:45 pm on 1-1-16 with no acute changes. CNA 1 (NA # 1) that was involved in abuse allegation was terminated on 12-30-15 for accepting money from a family member to wash the resident 's clothes and she never returned to work.
