F 242	Continued From page 1 orders revealed the order for the discontinuation of weights was still in effect Review of the monthly Nurse Practitioner's (NP) note dated 3/4/16 revealed the goal for this resident was care and comfort. Further review of the NP note revealed a communication was held with the responsible party who agreed with the changes in the plan of care to discontinue vital signs and weights. Review of the Weights and Vitals Summary form revealed weights had been obtained on 3/15/16, 4/21/16, 4/29/16, 5/20/16, 6/18/16, 7/22/16, 8/25/16, 9/16/16, 10/21/16, 11/15/16 and 12/14/16 Interview on 01/26/2017 at 1:03 PM with the Administrator revealed weights should not be obtained if there were orders to discontinue obtaining weights. Interview on 01/26/2017 at 2:50 PM with the Restorative Nurse (RN) who was responsible for ensuring weights are obtained was interviewed. RN indicated she was not told about discontinuation to obtain weights for Resident #38. Continued interview indicated the nurse would notified me or the Restorative Aide (RA) to discontinue the weights. Interview on 01/26/2017 at 4:10 PM with the Administrator and Director of Nurses (DON) was held. During the interview the DON indicated the nurse who transcribed the order could notify the restorative department. Unable to interview the nurse who transcribed the order because the nurse could not be identified by the Administrator or DON.	F 242	Informal Dispute Resolution, formal appeal procedure and/or any other administrative or legal proceeding. Tag 0242 - 483.15(b) SELF-DETERMINATION - RIGHT TO MAKE CHOICES (LONG TERM CARE FACILITIES) On 1/26/17, Residents #38□s responsible party□s wishes to discontinue obtaining weights was carried out. On 1/26/17, the orders to discontinue routine vital signs and weights secondary to comfort care was implemented for Resident #38. On 1/26/17, the director of nursing (DON) notified the restorative department of the order discontinuing weights for Resident #38. On 2/20/17, the DON, ADON, QI nurse, staff nurse, and/or corporate consultant completed a 100% review of physician orders to the past 30 days to look for orders relating to resident/responsible party self-determination- right to make choices to ensure self-determination □ right to make choices are followed, to include Resident #38□s wish to discontinue weights. On 2/20/17, the DON and staff facilitator initiated an in-service on F 242 Self-Determination □ Right to Make Choices, to include example orders and resident requests. 100% nursing staff (RNs, LPNs, and CNAs) were in-serviced

F 253	Continued From page 3 sanitary, orderly, and comfortable interior. This REQUIREMENT is not met as evidenced by: Based on observations, interviews with staff and record review the facility failed to have functional closet doors in Resident Rooms # 207,#209 and #211. The facility failed to have clean filters in the heating and air conditioning units. (Rooms #400, #405, #407 and #415) This was evident in 2 of 5 resident care units. Findings included: 1. a. Observation on 1/24/17 at 2:45 PM revealed the closet door in Room #207B was off track and could not be adjusted. b. Observation on 01/25/2017 at 10:42 AM revealed the closet door in Room #209 was off track. c. Observation on 01/25/2017 at 10:45 AM in Room #211 revealed the closet door was off track. d. Observation on 01/25/2017 at 01:15PM in Room #207 revealed missing closet door knob. One of the 2 closet doors was off track. 2. a. Observation on 1/24/17 at 2:45 PM revealed the filters in the HAV unit in Room 209had an accumulation of an off- white colored substance similar to dust. b. Observation on 01/25/2017 at 1:36 PM revealed the filters in the Heating and Air conditioning (HAV) unit in Room #209 had an accumulation of an off white colored substance similar to dust.	F 253	F 253 Housekeeping and Maintenance Services On 1/27/17, the maintenance supervisor and maintenance staff began repairing closet doors in resident rooms to include rooms: #207B, #211, and #207. The maintenance supervisor□s repair of resident room closet doors will be complete by 2/20/17. On 1/27/17, the maintenance director placed the closet door back on the track in room # 207B. On 1/27/17, the maintenance director placed the closet door back on the track in room #209. On 1/27/17, the maintenance director placed the closet door back on the track in room #211. On 1/27/17, the maintenance director replaced a closet door knob in room #207. On 1/27/17 through 2/6/17, the housekeeping staff cleaned all filters from an accumulation of an off-white colored substance similar to dust in the heating, ventilation, and air conditioning (HVAC) units, to include the HVAC units in rooms #209, #400, #405, #407, and #415. On 2/6/17, the administrator and housekeeping supervisor completed a 100% audit of all resident room HVAC ensure filters in the HVAC units are clean and not torn. Any negative findings were immediately addressed.

F 253	Continued From page 4 c. Observation on 01/26/2017 at 1:47 PM of the 400 hall revealed the filters in the HAV unit had an accumulation of an off white colored substance similar to dust in Rooms #400, #405, #407 and #415. Interview on 01/27/2017 at 9:50 AM with the Director of Housekeeping and Laundry Services revealed the housekeeping department was responsible for keeping the filters clean in the HAV unit. Interview on 01/27/2017 at 12:58 PM with Housekeeper (HK-1) revealed as we clean and sweep the rooms daily, we also check the filters in the HAV unit to determine whether they are torn or dirty. Interview on 01/27/2017 at 1:03 PM with HK-2 revealed she had been on leave and had not cleaned any filters in the HAV units.	F 253	On 2/15/17, the administrator re-educated the housekeeping supervisor, maintenance director, and dietary manager on the following: 1. Housekeeping and maintenance services must provide necessary services to maintain a sanitary, orderly, and comfortable interior. 2. These services must include clean filters in the HVAC units. 3. Functional resident room closet doors, on the tracks and with door knobs. 4. Refrigerators operational, without missing parts, without ice buildup, and clean. 5. Refrigerator food must have dates names. 6. Utility rooms must be clean without buildup of stains or food matter on the floors or base of the refrigerator 6. Any negative findings must be addressed immediately. This re-education will be provided by the housekeeping supervisor, maintenance director, and dietary manager to their respective department staff in housekeeping, maintenance, and dietary and completed by 2/20/17. All future housekeeping, maintenance, and dietary employees will be educated during their orientation process. On 2/20/17, the administrator initiated and in-serviced on the Physical Plant/Environmental Cleanliness tool which will be added to the Preventative Maintenance Log to be utilized by the maintenance director monthly on an ongoing basis. Any negative findings will be addressed immediately.

F 278	Continued From page 7 10/11/16 revealed Hospice was not coded. Interview on 01/26/2017at 12:45 PM with the MDS Nurse #1 revealed the purpose of the significant MDS assessment dated 10/11/16 was to address Hospice. MDS nurse #1 stated she forgot to code Hospice when completing the assessment. Interview on 01/26/2017 at 1:00 PM with the Administrator revealed her expectation was Hospice be coded when appropriate. 2. Record review of the annual MDS dated 9/11/16 revealed the oral/dental status was not checked. Record review of the dental history and record form dated 11/26/16 indicated Resident #78 with missing and broken teeth. Additionally, it was noted that this resident did not want any services to address these teeth. Observation on 1/25/17 at 1:23 PM revealed Resident #78 had several missing teeth and fragments. Interview on 01/27/2017 at 2:30 PM with MDS Nurse # 1 revealed that she missed correctly coding the oral status of Resident #78 when the 9/11/16 annual MDS was completed. Interview on 01/27/2017 at 3:00 PM with the administrator revealed an expectation for staff to code the MDS accurately. 3. Resident #70 was admitted on 8/19/16 with the current diagnosis of dysphagia, cellulitis and dementia. The resident's significant change Minimum Data Set (MDS) dated 12/21/16 revealed the resident was severely cognately impaired. The resident	F 278	assessment dated 12/21/16 was modified to accurately code resident oral status by the MDS nurse. On 1/30/17 the modified assessments were transmitted to the National Repository by the MDS nurse. 2. On 2/20/17 the facility consultant audited all in progress and export ready MDS assessments completed for accuracy of hospice services and oral status. Assessments will be modified for accuracy of hospice services and oral status as necessary. 3. On 2/17/17 the MDS coordinator and MDS nurse received an in-serviced by the administrator related to accurately coding the MDS assessment including the coding of hospice services and dental status. 4. On 2/27/17 the administrator, Director of Nursing (DON), Quality Improvement (QI) nurse, Restorative Nurse, or facility consultant will begin auditing MDS assessments for correct coding of hospice services and dental services using the Accuracy Audit Tool. 5 completed assessments will be audited weekly x 4 weeks, then 5 completed assessment biweekly x 8 weeks, then 5 of completed assessments monthly x 3months. 5.The monthly Quality Improvement (QI) committee will review the results of the Accuracy Audit Tool monthly for 6 months for identification of trends, actions taken, and to determine the need for and/or frequency of continued monitoring, and make recommendations for monitoring for

F 282	Continued From page 11 nurse. The medications were unidentifiable to the nurse. This was evident in 1 of 1 resident observed during the medication pass with a GT. Findings included: Observation on 01/26/2017 at 8:13AM revealed Medication Aide #1 (Med Aide) provided Nurse #2, an unidentifiable plastic cup of crushed medications that she prepared for Nurse #2 to administer to Resident #95 via the gastrostomy tube (GT). Interview on 01/26/2017at 8:14AM with Med Aide #2 and Nurse #2 was held. Med Aide #2 stated she just crushed Plavix 75 milligrams (mg), Certagen 1 pill, Lopressor 25 mg, Vitamin C 500 mg and Glucophage 500 mg and opened a capsule of Prilosec 20 mg and 2 capsules of Gabapentin 300 mg. Nurse #2 prepared to administer these unidentifiable crushed medications prepared by another individual until an inquiry was made. Nurse #2 indicated she was unable to identify the medications provided to her. Continued interview with Nurse #2 revealed the facility practice was Med Aides would prepare medications to be given via the GT and the nurse would administer. Additionally, Nurse #2 stated she was told by other staff (could not identify staff) that she could let Med Aides prepare and crush medications for administration via the GT. Interview on 01/26/2017 at 4:05 PM with the Administrator and the Director of Nurses was held. Both indicated the expectation was the person who prepares medications administers the medication. Interview on 01/27/2017 at 10: AM with Med Aide #2 revealed crushed medications prepared for	F 282	medications that were prepared and crushed by Medication Aide (Med Aide) for resident #95. Nurse # 2 prepared and crushed medications prior to administration to resident # 95. On 2/16/17, the Director of Nursing (DON), performed a medication pass audit with Med Aide and the administrator completed a medication pass audit with Nurse #2. Any negative findings were addressed immediately. On 2/17/17, the IDON began a Medication Pass Quiz with all Nurses and Med Aides involved with the medication pass procedure which includes medication preparation. This quiz must be completed and reviewed by the DON, Administrator, or Restorative Nurse before any Nurse or Med Aide can perform a medication pass after 2/20/17 On 2/20/17, the DON began an in-service with all Nurses and Med Aides on 1. Provide care by qualified persons in accordance with resident□s plan of care, 2. Facility must make sure the medication error is less than 5%, 3. A licensed nurse or Medication Aide shall not administrator medications that have been prepared by different licensed nurse or licensed nurse. 4. Medication to be administered via G tube should be prepared and administered separately, 5. Medications may NOT be mixed together in diluting liquid before administration via tube, 6. Medications must be administered per physician order, and 7.You must follow the

F 371	Continued From page 16 by: Based on observation and staff interviews the facility failed to maintain 1 of 1 nourishment refrigerator and area clean. Findings included: Observation on 01/24/2017 at 12:31 PM in the clean utility room on Unit 100/200 (where the nourishment refrigerator was located) revealed: a Dried yellow colored and sticky dried multiple brown colored splatter on the base of the freezer. b. A buildup of ice in the freezer section c. There was a missing bar on the freezer door. There was a missing plastic bin in the refrigerator section. d. The refrigerator had an undated pizza box with 4 dried slices of pizza. e. The floor behind a cart near the nourishment refrigerator had multiple stained floor tiles and 8 spoons mixed with an accumulation of a black gritty substance. Observation on 1/25/16 at 10 am and 01/26/2017 at 3:29 PM revealed no change in the condition of the refrigerator section, freezer section or floor. Interview on 01/27/2017 at 9:50AM with the Housekeeping and Laundry Director revealed the Housekeepers (HK) staff record the daily temperatures of the refrigerator and freezer. The HK director indicated if there was a spill the housekeeper would be cleaned the spill after checking the daily temperatures. Interview on 01/27/2017 at 10:13AM with HK#4 revealed she mopped the floor on 1/24/17 but did not move the cart.	F 371	F 371 Food Procure, Store/Prepare/Serve - Sanitary On 1/27/17, the housekeeping supervisor and dietary manager began cleaning the clean utility room on Unit 100/200, to include removing dried yellow colored and sticky dried multiple brown colored splatter on the base of the refrigerator freezer. Also cleaned was the buildup of ice in the freezer section and the floor behind the cart near the nourishment refrigerator. All undated/unlabeled food was removed from the nourishment refrigerator. On 1/27/17 through 2/6/17, the housekeeping staff cleaned all filters from an accumulation of an off-white colored substance similar to dust in the heating, ventilation, and air conditioning (HVAC) units, to include the HVAC units in rooms #209, #400, #405, #407, and #415. On 2/20/17, the housekeeping supervisor and the dietary manager completed a 100% audit of all utility rooms and nourishment refrigerators to ensure they are clean, parts are not missing, and food is labeled, and floors are clean. Any negative findings were immediately addressed. On 2/15/17, the administrator re-educated the housekeeping supervisor, maintenance director, and dietary manager on the following: 1. Housekeeping and maintenance services
