

The following spreadsheet shows data for each facility, and identifies each facility's tier designation.

The data reflects Table 6A from the 2017 SMFP.

The last section indicates a "Null" tier. This designation includes the following:

1. Placeholders for need determinations. These are included in need determination calculations.
2. Placeholders for CON-approved facilities. These are included in need determination calculations.
3. Closed facilities. These are included in need determination calculations.
4. Underutilized facilities. These are NOT included in need determination calculations.
5. Single Specialty OR Demonstration Projects. These are NOT included in need determination calculations.
