\* Acute care beds in the "Adjustments for CONs/Previous Need" column are to be converted to inpatient psychiatric beds. This conversion is exempt from certificate of need review, pursuant to G.S. § 131E-184(c).

\*\* HIDI acute inpatient days of care data and the Division of Health Service Regulation Hospital License Renewal Application days of care data have a greater than ± 5% discrepancy between the two data sources.

\*\*\* Duke University Hospital is licensed for 14 Level IV neonatal beds under Policy AC-3. The 14 beds are not counted when determining acute care bed need.

^ Yadkin Valley Community Hospital has received a CON exemption to reopen no later than January 18, 2025.

^^ Charles A. Cannon, Jr. Memorial Hospital received a grant from the Dorothea Dix Hospital Property Fund to convert 27 acute care beds to adult psychiatric beds. This project is exempt from certificate of need review. Seventeen acute care beds have been converted to adult psychiatric beds, and these beds are accounted for in Table 5A.

^^^ Washington Regional Medical Center was unable to report their 2023 acute bed days of care to HIDI. Therefore, the need methodology calculation uses the days of care reported on the facility's 2024 LRA.

Note: The decimal part of a number resulting from a calculation is not displayed, but it is used in subsequent calculations. Therefore, calculated totals may not be identical to displayed totals.
