SUBJECT: Petition for Adjustment Need Determination for Hospice Home Care Office in Hyde County

Dear Dr. Pulliam,

I am writing to support of Liberty Home Care VII, LLC d/b/a Liberty Home Care Services effort to petition for an adjusted need determination for a hospice home care office in Hyde County.

There is a need for hospice care in Hyde County as there is not currently a hospice home care office located in the County currently. Therefore, residents of this community must rely on hospice offices from other counties traveling far distances to assist with hospice services. An adjustment to the need determination for hospice home care office in Hyde County would provide the residents in our county adequate local access to end-of-life care.

Please accept my support for approval of a need determination for hospice home care office in Hyde County in the 2018 State Medical Facilities Plan.

With Regards,
