

Nurse Aide I Registry Training and Competency Evaluation
Rules Public Comments
Comment Period 8/3/15 – 10/2/15

Commenter	Rule	Comment Summary
State Board of Proprietary Schools	10A NCAC 13O .0301	Supports the proposed rule. Applauds the rule’s impact on public safety. Mandatory training will help ensure that NA’s can perform necessary skills rather than memorizing proper steps and challenging the state exam. The rule will also bring NC in line with the majority of other states adopting similar requirements. Support the rule’s potential to reduce consumer complaints regarding unlicensed “test prep” programs.
