**RE:** Proposed Amendment of Emergency Medical Services and Trauma Rules 10A NCAC 13P

GS 150B-21.2 requires a rule-making body to notify certain individuals of its intent to adopt a permanent rule. It also requires notification of the date, time and location of the public hearing on the rule and any fiscal note that has been prepared in connection with the proposed rule. The proposed rules will reflect the changes needed to update obsolete or unnecessary standards, clarify ambiguous language, incorporate changes in healthcare delivery models, recognize new technologies, and provide all regulated entities and the public the most efficient and effective structure for services regulated for emergency medical and trauma systems.

The North Carolina Medical Care Commission has submitted form OAH 0300 to the Codifier of Rules, Office of Administrative Hearings, indicating its intent to proceed with the following rule-making actions:
