10A NCAC 15 .1203 is readopted with changes as published in 37:08 NCR 633-639 as follows:

1

1	(1)	No person shall transport or transfer waste to a low-level radioactive waste land disposal facility
2		licensed under Paragraph (a) of this Rule unless licensed by the agency or otherwise specifically
3		authorized in writing by the agency.
4	(2)	The definitions of terms in G.S. 104E-5 shall apply.
5	(3)	Generators, waste brokers, and waste processors of low-level radioactive waste shall develop
6		procedures and implement practices to prevent, minimize, and reduce the generation of low-level
7		radioactive waste, including segregating radioactive waste by half-life and holding low-level
8		radioactive waste for decay in storage.
9	(4)	Upon receipt of an application for a license authorizing access to low-level radioactive waste land
10		disposal facilities licensed under Paragraph (a) of this Rule, the agency shall review the contents of
11		the application and determine if the applicant's facilities, staffing, equipment, and procedures are
12		adequate to protect the health and safety of the public and occupationally exposed workers, and if
13		the requirements in Subparagraph (b)(3) of this Rule are met. If the agency determines that the
14		applicant's facilities, staffing, equipment, and procedures are adequate to protect the health and
15		safety of the public and occupationally exposed workers, and that the applicant's procedures and
16		practices prevent, minimize and reduce the generation of low-level radioactive waste, the agency
17		shall issue a license as described in this Rule.
18	(5)	Licenses issued under this Rule are subject to suspension or revocation [at the discretion of the
