

Table 5B: Acute Care Bed Need Determination Draft 5/29/13

(Proposed for Certificate of Need Review Commencing in 2014)

It is determined that the Acute Care Bed Service Areas listed in the table below need additional acute care beds as specified. **Note: Days of care are under review for several facilities and need determinations are subject to change.**

Service Area	Acute Care Bed Need Determination*	Certificate of Need Application Due Date**	Certificate of Need Beginning Review Date
Cumberland	126*** 0	To be determined	To be determined
Moore	51	To be determined	To be determined
Pitt-Greene-Hyde-Tyrrell	85	To be determined	To be determined
Stokes	26**** 0	To be determined	To be determined
It is determined that there is no need for additional acute care beds anywhere else in the state and no other reviews are scheduled.			

* Need determination shown in this document may be increased or decreased during the year pursuant to Policy GEN-2 (see Chapter 4).

** Application due dates are absolute deadlines. The filing deadline is 5:30 p.m. on the application due date. The filing deadline is absolute (see Chapter 3).

*** In the approval letter for the 2013 State Medical Facilities Plan (SMFP), former governor Beverly Perdue stated the determination of need in the 2013 SMFP, and subsequent plans for Cumberland County, will reflect no need.

**** The difference between Truven Health Analytics acute days of care data and the Division of Health Service Regulation Hospital License Renewal Application days of care data in Stokes County is greater than a +-5% discrepancy between the two data sources thereby affecting need determination. The Acute Care Services Committee recommended adjusting the need to zero.
