D 000	Initial Comments The Adult Care Licensure Section and the Guilford County Department of Social Services conducted an annual survey on January 16, 2018 and January 22-23, 2018.	D 000		
D 299	10A NCAC 13F .0904(d)(3)(A) Nutrition And Food Service 10A NCAC 13F .0904 Nutrition And Food Service (d) Food Requirements in Adult Care Homes: (3) Daily menus for regular diets shall include the following: (A) Homogenized whole milk, low fat milk, skim milk or buttermilk: One cup (8 ounces) of pasteurized milk at least twice a day. Reconstituted dry milk or diluted evaporated milk may be used in cooking only and not for drinking purposes due to risk of bacterial contamination during mixing and the lower nutritional value of the product if too much water is used. This Rule is not met as evidenced by: Based on observations and interviews, the facility failed to serve eight ounces of pasteurized milk at least twice a day. The findings are: Review of the schedule posted on the kitchen wall in locked unit #2 revealed "Milk must be served to resident twice daily - Breakfast and lunch." Observation of the lunch on meal service in the facility's locked unit #2 on 01/16/18 from 11:50 am to 12:40 pm revealed: -Eleven residents were present for the meal. -Ten residents were served the lunch meal in the dining room and one resident received her meal	D 299

D 299	<p>Continued From page 2</p> <p>Interview on 01/16/18 at 5:30 pm with the Personal Care Aide revealed:</p> <ul style="list-style-type: none"> -She and the Medication Aide served the meal to the residents. -They served water to all residents and some residents were served tea and cranberry juice. -She normally did not put milk down on the table during the meal. -She sometimes did not ask residents if they wanted milk, but only about two of the eleven residents were able to respond if they wanted milk. -The CCC from the locked unit #1 came to the dining room and put the two glasses of the milk on the table. -The residents did not drink the milk because they had finished eating their meal and did not want to consume more beverages. <p>Based on observation, record review and attempt interviews on 01/16/18 it was determined 10 residents were not interviewable.</p>	D 299		

It is Spring Arbor's Standard Practice to comply with the referenced rules and regulations. Our policies and procedures were reviewed, revised and an immediate urgency demonstrated with In-Services and implementation of mealtime supervision.

All items were immediately addressed with Resident Care Director (RCD), Cottage Care Coordinator (CCC), and Food Service Director (FSD) to ensure all staff are advised and adhere to the regulatory compliancy of offering 8 oz. of pasteurized milk twice per day.

10A NCAC 13F.0904 Nutrition and Food Service

Plan of Correction

- An All staff meeting was held on 2/8/18 to In-Service and retrain all Staff on the importance of offering all residents 8 oz. of milk twice per day.
- Executive Director (ED), RCD, CCC or other manager on duty will monitor mealtimes daily to ensure that 8 oz. of pasteurized milk is offered twice per day to residents that do not have a contraindication nor continuous documented refusal of milk.

Prevention of Re-occurrence

- Continuous on-going monitoring and observation by our management team daily during mealtimes to ensure that all residents with a milk preference are offered 8 oz. of milk twice a day.

Monitor Responsibility & Frequency

- RCD, CCC, ED and/or Manager on Duty will oversee mealtimes on a daily basis to ensure compliance with staff offering 8oz. of pasteurized milk twice a day to all residents without contraindication.

Plan of Correction Completion Date

- February 14, 2018
