WARNING: This email originated from outside of Five Star Senior Living. Do not click any links or open any attachments unless you are expecting this message and trust the sender

Dear Ms. Newcomb:

Please find the Statement of Deficiencies (F6N012) and accompanying letter for the follow-up survey completed on 03/23/21 attached to this e-mail.

If the Statement of Deficiencies includes citations or violations for which a plan of correction is required, please read the attached letter carefully for instruction on completing the plan of correction. PLEASE NOTE: WE WILL NOT ACCEPT A FAXED PLAN OF CORRECTION! We are unable to accept faxed reports at this time; therefore, a copy must be mailed to our office or e-mailed to the survey team leader. Please make sure the copy you mail or e-mail to us is SIGNED AND DATED or it will not be accepted. A response to the plan of correction will be sent ONLY if the plan of correction is not approved. Please retain a copy for your files.

The attached letter also contains information regarding your right to request an Informal Dispute Resolution (IDR) of any cited deficiencies or violations. For more information about the IDR process please visit our website at http://www.ncdhhs.gov/dhsr/acls/idr.html.

STAR RATING

If the Statement of Deficiencies attached to this email is a result of an annual, follow-up or complaint inspection a star rating certificate and worksheet will be issued within 45 days of the date of this email. If you would like to know more information about the NC Star Rated Certificate Program or view facility ratings, please visit the star rating website at http://www.ncdhhs.gov/dhsr/acls/star/index.html. If you have questions about this facility's star rating or the rating program in general, please send an email with your questions to the star rating customer service email address at DHSR.AdultCare.Star@lists.ncmail.net.

Morningside of Raleigh Plan of Correction from Survey completed March 23, 2021

Responses to cited deficiencies does not constitute an admission or agreement by the facility of the truth of alleged or conclusions set forth in this statement of deficiencies of Corrective Action Report; the plan is solely as a matter of compliance with state law.

- MEASURES TO CORRECT THE IDENTIFIED DEFICIENT PRACTICE
- MEASURE TO PREVENT RECURRENCE
- WHO WILL MONITOR
- HOW OFTEN WILL MONITORING BE DONE
- DATE CERTAIN

269 10A NCAC 13F .0901(a) Personal Care and Supervision

- ED to ensure appropriate staffing based on state regulations and acuity level of residents completed 03/24/21. Resident #4's level of care was assessed and resident was moved to higher level of care on 4/22/21. The care plans were reviewed on identified residents and levels of care adjusted with care plan meetings held with the POAs for level of care adjustments.
- Staff were re-educated on handwashing, fall management, wandering and elopement, resident rights, and annual infection control on 3/25/21, 3/26/21, 4/1/21, and 4/6/21. New hires will receive the same education during orientation.
- ED/DRC and or designee will review staffing and assignments as necessary and adjust based on resident needs, acuity level. Daily assignment sheets will be compared to census, acuity level based on updated care plans and reviewed for accuracy.
- ED and/or designee will monitor above weekly for twelve weeks.
- Correction date completion 5/6/21

358 10A NCAC 13 F .1004 (a) Medication Administration

- Pharmacy completed a complete med card audit on 3/26/21. Medication discrepancies for Resident #1 and #2 were corrected on 3/26/21. The missing meds were ordered on 3/26/21 and received from Omnicare post Omnicare audit. The care plans were reviewed on identified residents and levels of care adjusted, care plan meetings held with the POAs for level of care adjustments with new FL2s for the discharged residents.
- Med Techs re-educated by RN on 3/25/21, 3/26/21, 4/1/21, and 4/6/21 on medication
 administration topics including, label stickers, medication observation tool, transcribing orders,
 documentation notification clarification, types of insulin and visual tool for MAR, handwashing,
 fall management, wandering and elopement, residents rights, tracking orders and medication,
 MAR shift to shift audit, receiving medications from pharmacy, annual infection control and
 medication administration policy. New hires will receive the same education during orientation.
- MAR audits will be completed five times a week for each med cart for four weeks by DRC and/or designee, and then weekly for an additional eight weeks. Med Cart Audits will be performed weekly by RN or designee for 12 weeks.

- ED/DRC or designee will monitor compliance by reviewing audits and making necessary corrections weekly for 12 weeks.
- Correction date completion 5/6/21.

465 10A NCAC 13F. 1308(a) Special Care Unit Staffing

- ED to ensure appropriate staffing based on state regulations and acuity level of residents
 completed 03/24/21. Resident #4's level of care was assessed and resident was moved to higher
 level of care on 4/22/21. The care plans were reviewed on identified residents and levels of care
 adjusted with care plan meetings held with the POAs for level of care adjustments.
- Staff were re-educated on handwashing, fall management, wandering and elopement, annual
 infection control, and resident rights on 3/25/21, 3/26/21, 4/1/21, and 4/6/21. New hires will
 receive the same education during orientation.
- ED/DRC and or designee will review staffing and assignments as necessary and adjust based on resident needs, acuity level based on the updated level of care. Daily assignment sheets will be compared to census, acuity level and reviewed for accuracy with adjustments made immediately to correct any deficits.
- ED and/or designee will monitor above weekly for twelve weeks.
- Correction date completion 5/6/21

914 GS 131D-21(2) Declaration of Resident Rights

- Pharmacy completed a complete med card audit on 3/26/21. Medication discrepancies for Resident #1 and #2 were corrected on 3/26/21. ED to ensure appropriate staffing based on state regulations and acuity level of residents completed 03/24/21. Resident #4's level of care was assessed and resident was moved to higher level of care on 4/22/21. The care plans were reviewed on identified residents and levels of care adjusted with care plan meetings held with the POAs for level of care adjustments.
- Med Techs re-educated by RN on 3/25/21, 3/26/21, 4/1/21, and 4/6/21 on medication administration topics including, label stickers, medication observation tool, transcribing orders, documentation notification clarification, types of insulin and visual tool for MAR, handwashing, fall management, wandering and elopement, tracking orders and medication, MAR shift to shift audit, receiving medications from pharmacy, and medication administration policy. Staff were re-educated on handwashing, fall management, annual infection control, and wandering and elopement completed as of 4/6/21. New hires will receive the same education during orientation.
- MAR audits will be completed five times a week for each med cart for four weeks by DRC and/or designee, and then weekly for an additional eight weeks. Med Cart Audits will be performed weekly by RN or designee for 12 weeks. ED/DRC or designee will review staffing and assignments as necessary and adjust based on resident needs, acuity level based on the updated level of care. Daily assignment sheets will be compared to census, acuity level and reviewed for accuracy with adjustments made immediately to correct any deficits.
- ED and/or designee will monitor above weekly for twelve weeks.
- Correction date completion 5/6/21.

D 269	Continued From page 1	D 269		
	-There was an order for "Bunny" boots (used to prevent foot drop, heel cord shortening, and pressure sores).			
	Review of Resident #4's care plan dated 02/20/21 revealed:			
	-Resident #4 was totally bed bound/wheelchair bound.			
	-He was total care for all activities of daily living (ADLs).			
	-He was resistant to care at timesHe had a pressure wound to both heels which was being treated by hospice.			
	-He had limited eye-hand coordination.			
	Observation on 03/18/21 at 11:48am revealed: -Resident #4 was lying on his back in a hospital bed on a scoop mattress in his roomHis feet were on a pillow with his legs crossed			
	right over left. -There were no "Bunny" boots on his feet. -There were 2 fall mats present on the floor alongside the resident's bed.			
	-There was a foam wedge pillow (used to relieve pressure on sensitive areas) on the reclining high back wheelchair in his room.			
	Interview with personal care aide (PCA) on 03/18/21 at 10:14am revealed:			
	-The staffing was short at times especially on the weekends.			
	-There were residents (#4) who required a mechanical lift to get them out of bed so if there were only 2 PCAs they had to work together.			
	-The 2 PCAs and the MA would all feed residents who required to be fed.			
	Interview with second PCA on 03/18/21 at 11:48am revealed:			
	-Resident #4 was "not a morning person".
