C 000 Initial Comments
The Adult Care Licensure Section conducted an annual survey on 07/27/21.

C 202 10A NCAC 13G .0702(a) Tuberculosis Test and Medical Examination
10A NCAC 13G .0702 Tuberculosis Test and Medical Examination
(a) Upon admission to a family care home each resident shall be tested for tuberculosis disease in compliance with the control measures adopted by the Commission for Health Services as specified in 10A NCAC 41A .0205 including subsequent amendments and editions. Copies of the rule are available at no charge by contacting the Department of Health and Human Services, Tuberculosis Control Program, 1902 Mail Service Center, Raleigh, North Carolina 27699-1902.

This Rule is not met as evidenced by:
Based on record reviews and interviews, the facility failed to ensure 1 of 3 residents sampled (Residents #1) was tested upon admission for tuberculosis (TB) disease in compliance with control measures adopted by the Commission for Health Services.

The findings are:

Review of Resident #1's current FL-2 dated 02/15/21 revealed diagnoses included type 2 diabetes, seizure disorder, sleep apnea, hypertension, hypothyroidism and asthma .

Review for Resident #1's record revealed:
-There was documentation that a TB skin test was administered on 04/01/19 and read as

C 000
The Fields Foundation's Medical Certified Administrator (MCA) has already scheduled Resident #1 for the 2 Step 7/30/21 TB SKIN TEST with the MARTIN County Health Department. Resident #1 took the first step of the TB skin test on 7/30/21. She returned for her results on 8-2-21. They were negative for TB. She is scheduled to take the second TB skin test on 8-16-21. Once we have received all of the results for her tests, we will send the Division of Health Services Regulation and the MARTIN County DSS office the results.

C 202	<p>Continued From page 1</p> <p>negative on 04/03/19.</p> <p>-There was no documentation a second TB skin test was administered since Resident #1 was admitted to the facility on 04/01/19.</p> <p>Interview with Resident #1 on 07/27/21 at 3:17pm revealed:</p> <p>-She remembered having a TB skin test when she first arrived at the facility in April 2019.</p> <p>-She had not had a second TB skin test because she had a cold.</p> <p>Interview with the Supervisor in Charge (SIC) on 07/27/21 at 10:50am revealed:</p> <p>-She thought Resident #1 had completed a second TB skin test.</p> <p>-Resident #1 had not complained or shown signs of TB symptoms.</p> <p>-She and the Business Office Manager (BOM) were responsible for scheduling appointments for TB skin test.</p> <p>-She and the BOM were responsible for auditing the resident records.</p> <p>-She did not remember the last audit of the resident records.</p> <p>Interview with the Administrator on 07/27/21 at 12:39pm revealed:</p> <p>-He was not aware Resident #1 did not have a second TB skin test.</p> <p>-This had been Resident #1's third admission to the facility and he thought the 04/03/19 was her second TB skin test.</p> <p>-The BOM and the SIC were responsible to ensure the second TB skin test was administered.</p> <p>-The BOM and SIC were responsible for reviewing the resident records at least monthly.</p>	C 202	<p>To prevent this from occurring again, the Assistant to the Administrator is the person that will be responsible for reviewing all records on whether residents have and/or need a 2 Step TB Skin Test. He will review current and any potential new residents' records on whether they have taken the 2 Step TB Skin Test before entering the Fields Foundation Facility. Once a new resident is accepted into the facility, the Assistant to the Administrator will make sure that the new resident takes a 2 Step TB Test within the first 30 days of their residency. All records of a resident's 2 Step TB Test will be kept in the resident's Medical section of their Notebooks and permanent files. The Assistant to the Administrator will make a quarterly review of the resident's notebooks and records.</p>	7-28-21
