D 276	Continued From page 2 detrimental to the health of residents. Interview with the Administrator on 02/28/26 at 1:15pm revealed: -PCP orders were put in place for the healthcare needs of the residents. -She expected all PCP orders to be followed up on by facility staff. -The RCC was responsible for ensuring all PCP orders were followed-up on. -The RCC needed to look at all orders and discuss them with the HWD to make sure the orders were sent to the pharmacy to be added to the eMAR. -She was concerned that the PCP orders for blood pressure checks were not followed up on because Resident #3 could have had outcomes including a stroke. Interview with Resident #3's PCP on 02/28/26 at 2:30pm revealed: -She placed the order for Resident #3 to have blood pressure checks because her blood pressure was low. -She wanted to know what her blood pressure was so she could make adjustments to her medications if she needed to do so. -She was concerned that the facility was not checking her blood pressure because she would not know if the medications she was administered were effective. -She expected the facility to carry out her orders for the healthcare needs of the residents. Based on observations, interviews and record reviews, it was determined that Resident #3 was not interviewable.	D 276

D 358	Continued From page 6 dispensed. Interview with Resident #2's MHP on 02/25/26 at 9:35am revealed: -She had ordered the haloperidol 20mg to be decreased to 15mg every morning and Depakote DR Sprinkles 125mg one capsule three times a day to help with Resident #2's behaviors not for seizures. -Resident #2 already had medications he was prescribed and taking to control his seizures. -She had concerns about the orders not being processed as ordered but knew there had been a lot of staff turnover. -She had not been made aware Resident #2 had any behaviors since she last saw him. -The RCC had contacted her agency's triage yesterday (02/24/26) regarding Resident #2's orders for haloperidol 20mg to be decreased to 15mg every morning and Depakote DR Sprinkles 125mg one capsule three times a day. -The on-call triage nurse advised the facility that Resident #2 would be seen by the MHP the next day on 02/25/26 and the MHP would evaluate the need for the orders at that time. -She saw Resident #2 and since he had not had any behaviors there was no need for the haloperidol to be decreased to 15mg and no need to order Depakote DR Sprinkles 125mg. -She wrote an order to discontinue the previous order for haloperidol to be decreased to 15mg and Depakote DR Sprinkles 125mg written on 01/21/26. Based on observations, interviews and record reviews, it was determined that Resident #2 was not interviewable.	D 358		

Sanford Manor Plan of Correction

10A NCAC 13F. 0902 (c)

The PCP was notified on 2/27/26 regarding the omitted execution of previously prescribed order. The order for Resident # 3 was implemented on 2/27/26. An audit was performed on 3/16/26 by the facility's HWD to review the last 3 months of FL-2's to verify physician orders were instituted.

Beginning 3/2/2026, the HWD will audit 100% of new admissions, within 24 hours, to confirm timely implementation of physician orders. After 90 Days, if compliance is maintained at 100%, audits will shift to bi-weekly for an additional three months of substantial compliance.

10A NCAC 13F. 1004 (a)

The facility developed an improved system for communication between outside providers and the facility. Each resident will be supplied with a consultation form, in addition to previous required documentation, prior to departure from facility to appointment. This system will allow providers to record relevant information needed for the residents' continuation of care at the facility. Any new orders will then be followed by a triple check transcription process at the facility to ensure all new orders are processed and fulfilled to achieve the most desirable outcome for the resident.

All Care Staff inserviced on or before 3/16/26 on the new facility procedure regarding resident appointments and new orders.

The HWD or designee will perform weekly audits to ensure compliance with this new requirement. Any issues identified will be documented on a monitoring form. These monitoring forms will be reviewed by the facility's Executive Director monthly times three months of substantial compliance.

Triple Check Physician Order Transcription - EMAR

Resident Name: _____ Date Order Received: _____

To be completed by medication technician receiving order. Attach order to this form and place in nurse's box to be completed by the nurse.

Order Faxed to Pharmacy with Instructions to Fill or Profile Only? _____ Order Signed and Dated? _____

Order includes Resident Name, Medication, Strength, Dose, Route, Time, Diagnosis and Reason for Administration if PRN? _____

Order put into PCC by Community if Immediate Need? _____ If Order Not Immediate Need Awaiting Pharmacy Input? _____

D/C Medication Removed from Medication Cart (if applicable)? _____ Direction Change Sticker Needed? _____

Original Order Attached? _____

Med Tech Signature: _____ Date: _____ Time: _____

To be completed by RCC completing 2nd check and placed in HWD box for final check.

Order Available for Verification? _____ (Original Order must be available to Accurately Verify) Order Faxed to Pharmacy? _____

Transcribed to PCC correctly? _____ Order Confirmed in PCC? _____

****Medication Name and Dosage are correct, Med Pass Time(s) correct, Quantity to be administered correct, all ancillary boxes (Supplementary Documentation) checked (If Applicable), Indication for Use correct, Start and End Dates set (If Applicable), Pharmacy correct**

Medication Received? _____ If not, Follow-Up Executed? _____ Results of follow-up: _____

If Order is a Narcotic, Control Substance Record adjusted? _____
