No Review - Replacement Equipment  
Facility: Alliance Medical Associates  
Project Description: Replacement of Existing CT Scanner  
County: Alamance

Dear Ms Harris,

The Certificate of Need Section (CON Section) received your letter of July 25, 2013 regarding the above referenced proposal, along with the additional clarifying information dated August 8, 2013. Based on the CON law in effect on the date of this response to your request, the proposal described in your correspondence is not governed by, and therefore, does not currently require a certificate of need. However, please note that if the CON law is subsequently amended such that the above referenced proposal would require a certificate of need, this determination does not authorize you to proceed to develop the above referenced proposal when the new law becomes effective.

It should be noted that this determination is binding only for the facts represented by you. Consequently, if changes are made in the project or in the facts provided in your correspondence referenced above, a new determination as to whether a certificate of need is required would need to be made by the Certificate of Need Section. Changes in a project include, but are not limited to: (1) increases in the capital cost; (2) acquisition of medical equipment not included in the original cost estimate; (3) modifications in the design of the project; (4) change in location; and (5) any increase in the number of square feet to be constructed.

Please contact the CON Section if you have any questions. Also, in all future correspondence you should reference the Facility I.D. # (FID) if the facility is licensed.

Sincerely,

Celia C. Inman  
Project Analyst

Dear Ms. Inman:

Thank you for your time in the matter of our request for CON Exemption for replacement of our CT Scanner. I am writing in response to your request for further information regarding our medical equipment located here at 2905 Crouse Lane, Burlington, NC.

Attached is a detailed description of services that are currently offered on the current system and will be offered on the replacement system. Per your request, a table outlining the medical equipment owned by and used here is also attached. Pioneer Ambulatory Surgery, LLC, although located at this address is a separate entity and possesses its own CON. Pioneer ASC does not utilize any diagnostic equipment such as X-ray, other than the scopes and necessary supporting medical equipment necessary to perform approved endoscopic studies. There is no cardiology diagnostic equipment, particularly cardiac catherization equipment located at 2905 Crouse Lane. All cardiac catherizations are done at Alamance Regional Medical Center.

Sincerely,

[Signature]

SERVICES PROVIDED
CT SCAN

• CT HEAD: Including CT Head with and without IV contrast. CT Sinus, Temp Bones, Facial Bones, including but not limited to Mandible, Maxilla, TMJ and Orbits.
• CT EXTREMITY: This pertains to all extremities (ie: Hip, Knee, Femur, Lower leg, Ankle, Foot, Shoulder, Humerus, Elbow, Lower arm, Wrist and Hands including fingers.) These are done primarily without IV contrast to rule bone abnormality, but can be done with contrast for soft tissue evaluation as patient history and condition warrants.
• CT NECK: Can be done with or without IV contrast, primarily due to soft tissue evaluation for mass, knot or thyroid pathology.
• CT SPINE: CT C-spine, T-spine, L-spine and Sacrum. Routinely done without contrast to evaluate vertebrae, fracture, etc. These can be done with IV contrast if warranted, (ie: Cellulitis, infection)
• CT of Body: CT Chest, CT Abdomen, CT Pelvis. Depending on Patient history, these scans can be done without IV contrast, with IV contrast and a combination of with and without IV contrast. Also these scans can be done separately or in any combination (ie: CT Chest, Abd and pelvis, CT Abd, Pelvis, etc.) as warranted by patient symptom and/or diagnosis.
• CTA: CT Angiography can be done on any vascular area of interest. CTA Carotids, CTA Aorta (Including Ascending and Thoracic Aorta in chest, Abdominal Aorta in abdomen. CTA Brain (COW), CTA Runoff (Includes scanning from Aorta through legs and to feet if warranted for peripheral vascular disease, as in Aorta, Iliac arteries, femoral, popliteal and arteries of the lower leg) CTA of Chest and Cardiac Vasculature to Rule out Pulmonary embolism, thrombosis or blockage. All CTA are done with IV contrast and a large bore IV catheter to evaluate the arteries in question for aneurysm, thrombosis, calcifications or other pathology of the vasculature.
• CT Venograms are done as needed, such as in the case of suspected thrombosis in the extremities.

Please note that these services are provided for Adult patients only. This practice does not provide pediatric services.

Information Required for No Review Determination
Facility: Alliance Medical Associates
Project Description: Replacement of Existing CT Scanner
County: Alamance
FID #: 060846

Dear Ms. Harris:

The Certificate of Need (CON) Section has received your request for a determination as to whether the above mentioned project requires a certificate of need. Per your letter dated July 25, 2013, with accompanying vendor quote, the only capital costs to be incurred with the proposed project is the purchase of the replacement CT scanner, a Siemens Somatom Sensation 64 eco CT scanner, at a cost of $300,000, including shipping, installation and training.

In order for the CON Section to make such a determination as to whether the above project requires a certificate of need, please submit the following information to this office:

1. A detailed description of all services to be provided as a result of the proposed project including, where applicable, proposed changes in types of procedures to be performed.

2. A list of all medical equipment valued at more than $10,000 located at 2905 Crouse Lane, Burlington, NC. Please use the following table to provide this information.

Your prompt response will assist the CON Section in making a timely review of your request. If you have any questions regarding this matter, please feel free to contact this office.

Sincerely,

Celia C. Inman, Project Analyst

Lisa Pittman
North Carolina Division of Healthcare Regulation
Certificate of Need Section
809 Ruggles Drive
Raleigh, North Carolina 27603

RE: Replacement Equipment Exemption Request – CT scanner at Alliance Medical Associates,
Burlington, North Carolina.

Dear Ms Pittman:

This letter is to outline Alliance Medical Associate's project to replace an existing fixed CT scanner with newer technologically advanced CT equipment. Alliance Medical Associates intends to purchase a refurbished Siemens Somatom 64 slice CT scanner to replace the Siemens Somatom Volume Zoom 4 slice currently being used in this office. The existing equipment is near the end of its useful life and is at risk for service interruptions due to downtime and replacement parts availability. Although, the current CT scanner has reduction dose software, the replacement unit is more technologically advanced and offers more options for better dose reduction as well as optimal imaging capabilities.

The total cost of the project to purchase and install the new CT equipment is $300,000.00 as shown in the capital cost schedule and quote from Siemens provided in Attachment A. The total project capital cost includes shipping, installation and training. The existing Siemens Somatom Volume Zoom unit will be purchased by Siemens Medical Systems and will be taken out of service and not used in North Carolina without proper Certificate of Need (CON) authorization.

This exempt project will replace a functionally similar equipment item and will not increase the inventory of approved CT scanners or other equipment here at Alliance Medical Associates. The existing CT scanner is used for diagnostic CT scans and the replacement CT scanner will be used for diagnostic CT scans at Alliance Medical Associates. A chart comparing the existing equipment and the replacement equipment is included in Attachment B.

The North Carolina Certificate of Need statutes provide a definition of replacement equipment in N.C.G.S. 131E-176(22a). The definition requires the replacement equipment be comparable to the
existing medical equipment and cost less than $2 million when installed. The statutes further provide in 131E-184(a)(7) an exemption from certificate of need review for replacement equipment projects if prior notice is provided to the CON Section.

This letter serves as prior notification of our intent to proceed with this project. We would appreciate your written concurrence that this project is exempt from CON review. If you have any questions or require further information regarding this project, please call at 336-538-2494 ext 239.

Sincerely,

Gail Harris R.T.(R)C.T.
CT/XRAY TECHNOLOGIST

Hello Ms. Inman,

The following message is from the Siemens representative in reference to de-installation of current CT scanner as you requested. The signed contract is also attached to this message. Please let me know if there is any problem opening this attachment. I will be also sending the updated Cost Chart in a separate email. Thank you again for your help with this matter.

Sincerely,
Gail Harris

Sent: Tuesday, August 20, 2013 8:39 AM
Subject: De-intallation- CT

Gail,
As we discussed, the de-installation cost of the existing Siemens Volume Zoom CT system is included in $300,000 purchase price of the new system. This is included in Part Number CT_TRADE_IN_ALLOW on page 4 of the quote.

Also, our Project Manager has visited your sight and determined that there are no special rigging requirements (Crane, stairs, etc.) and/or special site requirements (e.g. removal of existing systems, etc.) that would add incremental costs.

The only cost that is beyond the scope of the standard rigging and installation is the mandatory Ground Leakage Testing required by the State of North Carolina. This cost is covered in Part # CT_ADDL_RIGGING $2,000, also on page 4 of the quote. It too is included in your total contract cost of $300,000.

I hope this is helpful, but let me know if you need any further information.

Best regards,
Craig

8/20/2013
Siemens Medical Solutions USA, Inc. is pleased to submit the following quotation for the products and services described herein at the stated prices and terms, subject to your acceptance of the terms and conditions on the face and back hereof, and on any attachment hereto.

Proposal valid until 9/05/2013

Trade-in of existing CT scanner required.
This proposal includes the trade-in of equipment referenced in Trade Sheet Project 2013-498.

Siemens' ecoline systems are systems which were previously owned. These units have been refurbished by the Siemens Refurbished Systems (RS) business unit so that they meet Siemens' stringent quality standards. It is the goal of the Siemens RS business unit to assure excellent functionality and reliability, similar to that of new systems. This allows Siemens to provide a 12-month warranty for refurbished equipment.

Please note: Siemens' ecoline systems are offered subject to availability on a "first-come, first-served" basis.

SIEMENS / NOVATION GROUP BUY 2013 PROMOTIONAL OFFERING
Confidentiality Agreement: This Quotation is strictly confidential and you agree that this information will be held in the strictest of confidence and not shared with any third parties, buying evaluation groups or anyone not directly employed by your facility.

Siemens & Novation Group Buy Promotion:
- Group Buy ends September 30, 2013.
- Binding purchase orders and signed Service Agreements must be received by Siemens on or before September 30, 2013.
- Contingent purchase orders (except State CON) are not acceptable.
- 45 day quote validity period is not applicable for this proposal.

As part of the FY2013 Novation Group Buy Program, Siemens is providing up to an additional 4% discount on discountable items for all qualified orders of two or more systems for which point of sale (POS) Service Contracts are purchased. This quote already reflects the 4% Multiple System & POS discounts. Siemens will charge the customer for the 2% Multiple System discount if a binding purchase order for the second or more systems is not received by Siemens within two days of the first system order or no later than September 30, 2013. Siemens will charge the customer for the 2% POS Service Contract Discount if a signed POS Service Contract for the two or more systems is not received by Siemens within two days of the first system order or no later than September 30, 2013.

Applications training included.
Accepted and Agreed to by:

<tr>
<td></td>
<td></td>
<td>The Siemens ecoline system to be delivered was previously in use and may show signs of use. This ecoline system will be disinfected and cleaned. The reliability and technical functionality of the Siemens ecoline system is assured throughout the warranty period. Factory installation of the ecoline system takes place at the customer site in the same manner as the corresponding new system. With Basic Refurbishment, ecoline systems may not necessarily be supplied with the newest hardware or software that are released for these respective models. Important note: This offer is subject to confirmation, due to the limited availability of ecoline systems. The availability must be verified prior to the signing of any contract. SOMATOM Sensation base configuration. Innovative X-ray computed tomography scanner with continuously rotating tube-detector system. SOMATOM Sensation employs latest Siemens tube and detector technology that enables fast imaging speed combined with Multi-slice acquisition Scanner comprises: Gantry with high-power X-ray generator, patient table, control and evaluation unit, computer system, cooling system, syngo user software and network module. SOMATOM Sensation computed tomography scanner with 64-slice configuration.</td>

RS Cable loom, 24 m
Cable loom used to connect the power distribution system (PDS) with the gantry.

RS Power Cable 24m

RS Compensator Transformer
Required for matching all power lines except for 400 Volt power line.

RS UPS Option, Sensation
Uninterruptible power supply for countries with unstable power lines. The UPS ensures the supply of power to the computer system (RS/RCS (Acquisition Workplace) and IES (CT Workplace)) in the event of network fluctuations and brief power failures.

RS Sensation Patient Table
Special configuration for SOMATOM Sensation with HeartView option.

CT Project Management
A Siemens Project Manager (PM) will be the single point of contact for the implementation of your Siemens equipment. The assigned PM will work with the customer's facilities management, architect or building contractor to assist you in ensuring that your site is ready for installation. Your PM will provide initial and final drawings and will coordinate the scheduling of the equipment, installation, and rigging, as well as the initiation of on-site clinical education.

CT Standard Rigging and Installation
This quotation includes standard rigging and installation of your CT new system. Standard rigging into a room with reasonable access, as determined by Siemens Project Management, during standard working hours (Mon. - Fri/8 a.m. to 5 p.m.) it remains the responsibility of the Customer to prepare the room in accordance with the Siemens planning documents. Any special rigging requirements (Crane, stairs, etc.) and/or special site requirements (e.g., removal of existing systems, etc.) is an incremental cost and the responsibility of the Customer. All other "out of scope" charges (not covered by the standard rigging and installation) will be identified during the site assessment and remain the responsibility of the Customer.

CT Initial Install 950/13; Expires 8/18/13 - $28,000

Initial onsite training 32 hrs
Up to (32) hours of on-site clinical education training, scheduled consecutively (Monday - Friday) during standard business hours for a maximum of (4) imaging professionals. Training will cover agenda items on the ASRT approved checklist. Uptime Clinical Education phone support is provided during the warranty period for specified periods hours. This educational offering must be completed (12) months from install end date. If training is not completed within the applicable time period, Siemens obligation to provide the training will expire without refund.

CT FOLLOWU P. 12
Follow-up training 12 hrs
Up to (12) hours of follow-up on-site clinical education training, scheduled consecutively (Monday - Friday) during standard business hours for a maximum of (4) imaging professionals. Uptime Clinical Education phone support is provided during the warranty period for specified posted hours. This educational offering must be completed (12) months from install end date. If training is not completed within the applicable time period, Siemens obligation to provide the training will expire without refund.
RS CT Cardiac Engine #64
State-of-the-art ECG-synchronized acquisition and intuitive ECG editing ensure optimal image quality and lowest possible patient dose. syngo will help you deliver excellent diagnostic output from risk assessment to accurate morphological and functional analysis. Guided workflows leading to a comprehensive report turn data into diagnostic outcomes within minutes. The CT Cardiac Engine contains: - HeartView DSCT - 0.33s rotation - syngo Circulation - syngo InSpace4D with Advanced Vessel Analysis - syngo Calcium Scoring (on syngo Acquisition and MultiModality Workplace) Relevant scanner features: - z-Sharp Technology - CARE Dose4D - Workstream4D

RS ECG cable IEC2
ECG cable, IEC2 (AHA/US color coding).

RS syngo CT.3D #MM
A powerful 3D processing workplace designed to optimize clinical workflow for CT applications and in combination with other imaging modalities. A new and advanced Expert-i functionality enables the physician to interact with the syngo MultiModality Workplace from virtually everywhere.

RS Enhanced Graphics Card 4GB #MM
The Enhanced Graphics Card 4GB provides best performance for all advanced 3D applications.

RS Keyboard English #MMWP
Keyboard in the above-mentioned language.

System Total: $300,000

FINANCING: The equipment listed above may be financed through Siemens. Ask us about our full range of financial products that can be tailored to meet your business and cash flow requirements. For further information, please contact your local Sales Representative.

ACCESSORIES: Don't forget to ask us about our line of OEM imaging accessories to complete your purchase. All accessories can be purchased or financed as part of this order. To purchase accessories directly or to receive our accessories catalog, please call us directly at 1-888-222-9944 or contact your local Sales Representative.

COMPLIANCE: Compliance with legal and internal regulations is an integral part of all business processes at Siemens. Possible infringements can be reported to our Helpdesk "Tell us" function at www.siemens.com/tell-us.
1. GENERAL

1.1 Contract Terms. These terms and conditions constitute an integral part of any contract between Seller and Purchaser identified on the first page hereof and shall govern the sale of the products identified in such contract ("Product"). Seller shall not be bound by, and specifically objects to, any terms, conditions or other provisions which are different from or in addition to the provisions of this Agreement (even if provided to Seller concurrently with this Agreement), unless Seller specifically agrees to any such provision in a writing signed by Seller. Neither Seller's lack of objection to any such terms, nor delivery of the Products or provision of any services hereunder, shall constitute the agreement of Seller to any such terms. Purchaser acknowledges that this is a commercial and not a consumer transaction.

1.2 Acceptance. Purchaser shall be deemed to have accepted and, to have waived any objection to, this Agreement upon the earliest to occur of any of the following: Purchaser's completion or execution of this Agreement, Purchaser's acceptance of all of any part of the Products, Purchaser's issuance of a purchase order for any Products identified on Seller's quotation or proposal, or delivery of the Products to the common carrier for shipment pursuant hereeto.

1.3 Refurbished/Used Products. For Products identified on this Agreement as refurbished or used products, these Products have been previously owned and used. When delivered to Purchaser, the Products may have received only mechanical, electrical and/or cosmetic reconditioning, as needed, and will comply with the manufacturer's specifications. Since pre-owned Products may be offered simultaneously to several customers, the sale of such Products to Purchaser cannot be guaranteed and is subject to continuing availability at the time Purchaser accepts Seller's offer to sell the Products. If the Products are no longer available, Seller will use its best efforts to identify other products in its inventory that may be suitable for purchase by Purchaser, and if substitute products are not acceptable to Purchaser, then Seller will cancel the order and refund to Purchaser any deposits previously paid. The warranty and service program for any used or refurbished Products will be separately stated on the quotation.

1.4 Third Party Products. If this Agreement includes the sale of third party products not manufactured by Seller, then Purchaser acknowledges that (a) Purchaser has made the selection of these products on its own, (b) the products are being acquired by Seller solely at the request of and for the benefit of Purchaser, in order to eliminate the need for Purchaser to separate a separate purchase order to the manufacturer of the products, (c) no representation, warranty or guarantee has been made by Seller with respect to the products, (d) the obligation of Purchaser to pay for the products is absolute and unconditional, (e) Purchaser is solely responsible for any failure to perform or to comply with applicable law, rule and regulation, and (f) the manufacturer, and not Seller, is solely responsible for any required installation, testing, validation, training, product recall, warranty service, maintenance, support, and complaint handling, as well as any other applicable FDA regulatory requirements, and the Purchaser will look to the manufacturer regarding the services and will assert no claim against Seller with respect to these products.

2. PRICES

2.1 Quotations. Unless otherwise agreed to in writing or set forth in the quotation, all prices quoted by Seller are based on U.S. dollars, and include standard and customary packaging. F.O.B. terms are set forth in Section 2.2 hereof. All prices apply only to products located in, and sold from, the United States to the Purchaser or to any of the Purchaser's agents. All prices are subject to change without notice.

2.2 Delay in Acceptance of Delivery. Should the agreed delivery date be postponed by Purchaser, Seller shall have the right to deliver the Products to storage at Purchaser's risk and expense, and payments due upon delivery shall become due when Seller is ready to deliver.

2.3 Escalation. Unless otherwise agreed to in writing, except as to Products to be delivered within six (6) months of Seller's acceptance of Purchaser's order, Seller reserves the right to increase its prices to those in effect at the time of shipment.

3. TAXES

3.1 Any sales, use or manufacturer's tax which may be imposed upon the sale or use of Products, or any property tax levied after readiness to ship, or any excise tax, license or similar fee required under this transaction, shall be in addition to the quoted prices and shall be paid by Purchaser. Notwithstanding the foregoing, Seller agrees to honor any valid exemption certificate provided by Purchaser.

4. TERMS OF PAYMENT; DEFAULT

4.1 Payment; Due Date. Unless otherwise set forth in this Agreement, Seller's payment terms are as follows: an initial deposit of 10% of the purchase price for each Product is due upon submission of the purchase order, an additional 50% of the purchase price is due upon delivery of the Products, and the final 50% of the purchase price is due upon completion of installation or when the Products are available for first patient use, whichever occurs first. Unless otherwise agreed, all payments other than the initial deposit are due net thirty (30) days from the date of invoice. Purchaser shall have no obligation to complete installation until the payment due upon delivery is received. All amounts payable pursuant to this Agreement are denominated in United States dollars, and Purchaser shall pay all such amount in United States dollars, unless otherwise agreed.

4.2 Late Payment. A service charge of 1 1/2% per month, not to exceed the maximum rate allowed by law, shall be made on any portion of Purchaser's outstanding balance which is not paid within thirty (30) days after invoice date, which charges shall be determined and compounded on a daily basis from the due date until the date paid. Payment of such service charge shall not excuse or cure Purchaser's breach or default for late payment.

4.3 Payment of Lesser Amount. If Purchaser pays, or Seller otherwise receives, a lesser amount than the total amount due hereunder, whether by mistake, mistake or on any other ground, such payment or receipt shall not constitute or be construed other than as on account of the earliest amount due Seller. Seller may accept any check or payment in any amount without prejudice to Seller's rights. Nothing herein shall affect the balance of the amount due or to pursue any other right or remedy. No endorsement or statement on any check or payment or in any letter accompanying a check or payment or elsewhere shall constitute or be construed as an accord or satisfaction.

4.4 Where Payment Due Upon Installation or Completion. Should any terms of payment provide for either full or partial payment upon completion of installation or for other reasons, and such payment is delayed for any reason for which Seller is not responsible, then the Products shall be deemed installed upon delivery and the balance of payments shall be due no later than thirty (30) days from the delivery date of the actual installation date.

4.5 Default; Termination. Each of the following shall constitute an event of default under this Agreement: (i) a failure by Purchaser to make any payment due Seller within ten (10) days of receipt of written notice of non-payment from Seller; (ii) a failure by Purchaser to make payment for any of the U.S. orders for any reason for which Seller is not responsible, then the Products shall be deemed installed upon delivery and the balance of payments shall be due no later than thirty (30) days from the delivery date of the actual installation date.

Siemens Medical Solutions USA, Inc. Confidential
5. EXPORT TERMS

5.1 Unless other arrangements have been made, payment on export orders shall be made by irrevocable confirmed letter of credit, payable in U.S. dollars against Seller's invoice and standard shipping documents. Such letter of credit shall be in an amount equal to the full purchase price of the Products and shall be established in a U.S. bank acceptable to Seller. Purchaser shall procure all necessary permits and licenses for shipment and compliance with any governmental regulations concerning control of final destination of Products.

5.2 Purchaser acknowledges that Seller is required to comply with applicable export laws and regulations relating to the sale, exportation, transfer, assignment, disposal and usage of the Products provided under this Agreement, including any export license requirements. Purchaser agrees that such Products shall not at any time directly or indirectly be used, exported, sold, transferred, assigned or otherwise disposed of in a manner which will result in non-compliance with such applicable export laws and regulations, it shall be a condition of the continuing performance by Seller of its obligations hereunder that compliance with such export laws and regulations be maintained at all times. PURCHASER AGREES TO INDEMNIFY, DEFEND AND HOLD SELLER HARMLESS FROM ANY AND ALL COSTS, LIABILITIES, PENALTIES, SANCTIONS AND FINES RELATED TO NON-COMPLIANCE WITH APPLICABLE EXPORT LAWS AND REGULATIONS.

6. DELIVERY, RISK OF LOSS

6.1 Delivery Date. Delivery and installation dates will be established by mutual agreement of the parties. Seller shall make every reasonable effort to meet the agreed upon delivery date(s), but shall not be liable for any failure to meet such date(s). Partial shipments may be made.

6.2 Risk of Loss; Title Transfer. Unless otherwise agreed to in writing, the following shall apply:

(a) For Products that do not require installation by Seller, and for options and add-on products purchased subsequent to delivery and installation of Products purchased under this Agreement, delivery shall be complete upon transfer of possession to common carrier, F.O.B. Shipping Point, when possession is to be held in trust or destruction of the Products shall pass to Purchaser.

(b) For Products that require installation by Seller, delivery shall be complete upon delivery of the Products to Purchaser's designated site, F.O.B. Destination; title to and all risk of loss, damage to or destruction of such Products shall pass to Purchaser upon completion of the installation.

(c) All freight charges and other transportation, packing and insurance costs, title fees, custom duties and other similar charges shall be the sole responsibility of Seller unless otherwise specifically agreed to in writing by Seller. In the event of any loss or damage to any of the Products during shipment, Seller and Purchaser shall cooperate in making a claim against the carrier.

7. SECURITY INTEREST/ENFORCEMENT

7.1 Purchaser grants to Seller a security interest in the Products (and all accessories and replacements thereto and all proceeds thereof) until payment in full. In the event Buyer's bankruptcy or insolvency of all or any of the obligations of Purchaser hereunder, Purchaser hereby (i) authorizes Seller to sell (and Purchaser shall promptly execute, if requested by Seller) and (ii) irrevocably appoints Seller its agent and attorney-in-fact to execute in the name of Purchaser and file, with such authorities and at such locations as Seller may deem appropriate, any Uniform Commercial Code financing statements with respect to the Products and this Agreement. Purchaser further represents and covenants that (a) it will keep the Products in good order and repair until the purchase price has been paid in full, (b) it will promptly pay all taxes and assessments upon the Products or the use thereof, (c) it will not attempt to transfer any interest in the Products without Seller's prior written consent, and (d) if the use of the Products has been or is likely to be material, such use or any part thereof must be in a solvent and financially capable of paying the full purchase price for the Products.
10.3 This warranty is made on condition that immediate written notice of any noncompliance be given to Seller and Seller's inspection reveals that Purchaser's claim is covered under the terms of the warranty (i.e., that the noncompliance is due to insurable defects in original materials and/or workmanship).

10.4 Purchaser shall provide Seller with both on-site and remote access to the Products. The remote access shall be provided through the Purchaser's network, as is reasonably necessary for Seller to provide warranty services under this Agreement. Remote access will be established through a broadband internet-based connection to either a Purchaser-owned or Seller-provided secure end-point. The method of connection will be a Peer-to-Peer VPN (non-client based) with specific inbound and outbound port requirements.

10.5 Warranty service will be provided without charge during Seller's regular working hours (8:30-5:30). Mon-Fri through Friday, except Seller's recognized holidays. If Purchaser requires that service be performed outside those hours, such service can be made available at an additional charge, at Seller's then current rates. The obligations of Seller described in this section are Seller's only obligations and Purchaser's sole and exclusive remedy for a breach of product warranty.

10.6 SELLER MAKES NO WARRANTY OTHER THAN THE ONE SET FORTH HEREIN AND IN THE ATTACHED PRODUCT WARRANTY COVERING THE APPLICABLE PRODUCT CATEGORY, SUCH WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSES, AND SUCH CONSTITUTES THE ONLY WARRANTY MADE WITH RESPECT TO THE PRODUCTS AND ANY DEFECT, DEFICIENCY OR NONCONFORMITY IN ANY PRODUCT, SERVICE OR OTHER ITEM FURNISHED UNDER THIS AGREEMENT.

1.7 In the event of any inconsistencies between the terms of this Section 10 and the terms of the Attached Product Warranty, the terms of the attached Product Warranty shall prevail.

11. LIMITATION OF LIABILITY

11.1 In no event shall Seller's liability hereunder exceed the actual loss or damage sustained by Purchaser, up to the purchase price of the Products. The foregoing limitation of liability shall not apply to claims for bodily injury or damages to real property or tangible personal property to the extent arising from Seller's negligence or a product defect.

11.2 SELLER SHALL NOT BE LIABLE FOR ANY LOSS OF USE, REVENUE OR ANTICIPATED PROFITS; COST OF SUBSTITUTE PRODUCTS OR SERVICES; LOSS OF STORED, TRANSMITTED OR RECORDED DATA; OR FOR ANY INDIRECT, INCIDENTAL, UNFORESEEN, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES WHETHER BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR ANY OTHER THEORY OR FORM OF ACTION, EVEN IF SELLER HAS BEEN ADVISED OF THE POSSIBILITY THEREOF, ARISING OUT OF OR IN CONNECTION WITH THE AGREEMENT OR THE SALE OR USE OF THE PRODUCTS. THE FOREGOING IS A SEPARATE, ESSENTIAL TERM OF THIS AGREEMENT AND SHALL BE EFFECTIVE UPON THE FAILURE OF ANY REMEDY, EXCLUSIVE OR NOT.

12. INSTALLATION - ADDITIONAL CHARGES

12.1 General. Unless otherwise expressly stipulated in writing, the Products covered hereby shall be installed by and at the expense of Seller except that Seller shall not provide rigging or rigging services unless otherwise agreed to in writing by Seller for an additional charge. Seller will not install accessory items such as cabinets, illuminators, darkroom equipment or products for X-Ray and CT equipment, unless otherwise agreed to in writing by Seller.

12.2 Installation by Seller. If Seller specifies it will install the Products, the following applies in connection with the obligations set forth in Section 12.4 below. Seller shall install the Products and connect them to the requisite safety switches and power lines to be installed by Purchaser. Except as otherwise specified below, if such installation and connection are performed by Seller's technical personnel, prices shown include the cost thereof, provided that the installation and connection can be performed within the Continental United States or Puerto Rico and during normal business hours. Any overtime charges or other special expenses shall be additional charges to the prices shown.

12.3 Trade Unions. In the event that a trade union, or unions, or other local labor conditions prevent Seller from performing the above work with its own employees or contractors, then Purchaser and Seller shall either make all required arrangements with the trade union, or unions, to permit Seller to complete the work or shall provide the personnel, at Purchaser's sole cost and expense.

13. PATENT, COPYRIGHT AND OTHER INFRINGEMENT CLAIMS

13.1 Infringement by Seller. Seller warrants that the Products manufactured by Seller and sold hereunder do not infringe any U.S. patent or copyright. If Purchaser receives a claim that any such Products or parts thereof infringe upon the rights of others under any U.S. patent or copyright, Purchaser shall notify Seller immediately in writing. As to all infringement claims relating to Products or parts manufactured by Seller or one of its affiliates:

(a) Purchaser shall give Seller information, assistance and exclusive authority to evaluate, defend and settle such claims.

(b) Seller shall, at its own expense, defend or settle such claims, procure for Purchaser the right to use the Products, or remove or modify them to avoid infringement. If none of these alternatives is available on terms reasonable to Seller, then Purchaser shall return the Products to Seller and Seller shall refund to Purchaser the purchase price paid by Purchaser less reasonable depreciation for Purchaser's use of the Products. The foregoing states Seller's entire obligation and liability, and Purchaser's sole remedy, for claims of infringement.

14. DESIGNS AND TRADE SECRETS; LICENSE; CONFIDENTIALITY

14.1 Any drawings, data, designs, software programs or other technical information supplied by Seller to Purchaser in connection with the sale of the Products are not included in the sale of the Products to Purchaser, shall remain Seller's property and shall at all times be held in confidence by Purchaser. Such information shall not be reproduced or disclosed to others without Seller's prior written consent.

14.2 For all goods purchased hereunder which utilize software for their operation, such "Applications Software" shall be licensed to Purchaser under the terms of Seller's Software License Schedule attached hereon.
4.1 Purchaser agrees that it will notify and accurately account for and report in all cost reports and otherwise fully and accurately disclose to federal and state health care program payors and fully and accurately reflect where and as appropriate to the applicable reimbursement methodology, all services and other items, including any and all discounts, received from Seller under this Agreement, in compliance with all applicable laws, rules and regulations, including but not limited to the Social Security Act and implementing regulations relating to Medicare, Medicaid and other federal and state health care reimbursement programs.

21. INTEGRATION
21.1 These terms and conditions, including any attachments or other documents incorporated by reference herein, constitute the entire agreement and the complete and exclusive statement of agreement with respect to the subject matter hereof, and supersede any and all prior agreements, understandings and communications between the parties with respect to the Products.

22. SEVERABILITY; HEADINGS
22.1 No provision of this Agreement which may be deemed unenforceable will in any way invalidate any other portion or provision of this Agreement. Section headings are for convenience only and will have no substantive effect.

23. WAIVER
23.1 No failure and no delay in exercising, on the part of any party, any right under this Agreement will operate as a waiver thereof, nor will any single or partial exercise of any right preclude the further exercise of any other right.

24. NOTICES
24.1 Any notice or other communication under this Agreement shall be deemed properly given if given in writing and delivered in person or mailed, properly addressed and stamped with the required postage, to the intended recipient at its address specified on the face hereof. Either party may from time to time change such address by giving the other party notice of such change in accordance with this section.

25. RIGHTS-CUMULATIVE
25.1 The rights and remedies afforded to Seller under this Agreement are in addition to, and do not in any way limit, any other rights or remedies afforded to Seller by any other agreement, by law or otherwise.

26. END USER CERTIFICATION
26.1 Purchaser represents, warrants and covenants that it is acquiring the Products for its own end use and not for reselling, leasing or transferring to a third party (except for lease-back financings).

02/2012 Rev
Software License Schedule

to the Siemens Medical Solutions USA, Inc.

General Terms and Conditions

1. DEFINITIONS: The following definitions apply to this Schedule:

- **“Agreement”** shall mean the attached (i) License for Products and/or Services including the Terms and Conditions of Sale and applicable schedules; and/or (ii) Software License Agreement describing the software licensed herein and the specific system for which the license is issued.
- **“Licensor”** shall mean Siemens Medical Solutions USA, Inc.
- **“Licensee”** shall mean the end-user to whom a license is granted providing Software or Documentation for its internal use under the Agreement.
- **“Software”** shall mean the software described in this Agreement, including the following as contained therein: (i) software programs consisting of a series of statements or instructions to be used directly or indirectly in a programmable controller or computer to bring about a result and (ii) databases consisting of systematized collections of data to be used or referenced directly or indirectly in a programmable controller or computer. Notwithstanding the foregoing, “Software” does not include “firmware” as such term is conventionally understood. Diagnostic/Maintenance Software also is not included within the scope of the Software licensed under this Schedule, and is available only as a special option under a separate Diagnostic Materials License Agreement and may be subject to a separate licensing fee.
- **“Documentation”** shall mean the documents and other supporting materials which are intended to support the use of an associated product, including (but not limited to) instructions, descriptions, flow charts, logic diagrams and listings of the Software, in text or graphic form, on machine readable or printed media.
- **“Designated Unit”** shall mean a single control unit or computer identified on the first page of the Agreement, on which Software licensed hereunder may be used by Licensee.

2. SCOPE: The following terms and conditions shall apply to all Software and Documentation provided by Licensor to Licensee under the Agreement (whether included with other products listed in the Agreement or listed separately in this Agreement, together with any updates or revisions thereto) which Licensor may provide to Licensee, and all copies thereof, except any Software and Documentation licensed directly by Licensor's supplier under a separate end-user license agreement accompanying the Software or the Documentation, in which case Licensor agrees to be bound by that license agreement as a condition to using the Software and/or Documentation. Except as expressly provided herein, and provided that in no event shall the warranties or other obligations of Licensor with respect to such Software or Documentation exceed those set forth in this Schedule, it shall be subject to the limitations and exclusions and other terms and conditions set forth in the Agreement. ANY USE OF THE SOFTWARE, INCLUDING BUT NOT LIMITED TO USE ON THE DESIGNATED UNIT, WITH COPIES OF LICENSOR'S AGREEMENT TO THIS SOFTWARE LICENSE SCHEDULE (OR RATIFICATION OF ANY PREVIOUS CONSENT).

3. SOFTWARE AND DOCUMENTATION LICENSE: Subject to the payment of any applicable annual license fee(s), whether stated separately or included in the purchase price of another product, and to Licensee's acceptance of all of the obligations set forth herein and to the fulfillment of the obligations of Licensor or, if applicable, its licensor or supplier, grants to Licensee a paid-up, nonexclusive and nontransferable (except as expressly provided in this Schedule) limited license to use the Software provided by Licensor under the Agreement solely for Licensee's own use on the Designated Unit and to use the Documentation in support of Licensee's authorized use of the Software, for the purpose of operating the Designated Unit in accordance with the instructions set forth in the user's manual supplied with the Designated Unit and for no other purpose whatsoever. A separate license is required for each Designated Unit on which the Software is to be used. Licensee may obtain from Licensor one copy of the Software licensed hereunder for backup and archival purposes only as is necessary to support Licensee's own authorized use of the Software, provided that Licensee includes on or in all copies (in any form) all copyright, trade secret or other proprietary notices contained on or in the Software as provided by Licensor. Additional copies of the Documentation may be licensed from Licensor at its then applicable charges. Licensor may make the Software and Documentation (including any copies) available only to its employees and other persons on Licensee's premises who have such rights under the Agreement. If the Software is supplied to any unit or agency of the United States Government other than the Department of Defense, the Software and Documentation are classified as "restricted computer software" and the Government's rights in the Software and Documentation shall be as provided in paragraph (c)(2)(ii)(F) of the Commercial Computer Software-Restricted Rights clause in FAR 52.227-19 and any successor laws, rules or regulations thereto. If the Software is supplied to the United States Department of Defense, the Software and Documentation are classified as "commercial computer software" and the Government is furnished the Software and Documentation with "restricted rights" as defined in paragraph (c)(1) of the Rights in Technical Data and Computer Software clause in DFARS 252.227-7013 and any successor laws, rules or regulations thereto.

4. PROPRIETARY PROTECTION AND CONFIDENTIALITY: Ownership of and rights to the Software and Documentation and copies of the Software and Documentation licensed under this Schedule are and will remain in Licensor or its suppliers at all times. Licensee shall not (i) remove any copyright, trade secret or other proprietary notices contained on or in the Software or Documentation as provided by Licensor, (ii) reproduce or modify any Software or Documentation or copy thereof, (iii) reverse assemble, reverse engineer or decompile any Software, or copy thereof, in whole or in part (except only to the extent permitted by applicable law notwithstanding this limitation), (iv) sell, transfer or otherwise make available to others the Software or Documentation, or any copy thereof, except as expressly permitted by this Schedule, or (v) apply any techniques to derive any trade secrets embodied in the Software or Documentation. Licensee shall take all appropriate actions to ensure that: (i) the Software does not leave the Designated Unit's equipment location as set forth above, (ii) the Software is not copied by Licensee or any third parties, and (iii) the Software is not used in any equipment other than the Designated Unit. Licensee shall secure and protect the Software and Documentation and copies thereof from disclosure and unauthorized access by any person, employee or other person who is or has been authorized to access the Software or Documentation. Licensee shall ensure that all copies of Software and Documentation have been erased therefrom or otherwise destroyed. In the event that the Software becomes aware that any Software or Documentation or copies are being used in a manner not permitted by the license, Licensee shall immediately notify Licensor in writing of such fact and if the person or persons so using the Software or Documentation are employed or otherwise subject to Licensee's direction and control, Licensee shall use reasonable efforts to terminate such impermissible use. Licensee will fully cooperate with Licensor so as to enable Licensor to enforce its proprietary and property rights in the Software. Licensee agrees that, subject to Licensee's reasonable security procedures, Licensee shall have immediate access to the Software at all times and that Licensee may take immediate possession thereof upon termination or expiration of the associated license or this Schedule. Licensee's obligations under this paragraph shall survive any termination of a license, the Schedule or the Agreement.

5. UPDATES AND REVIEWS: During the warranty period or under a separate service contract or software update subscription, revised or updated versions of the Software licensed under this Schedule may be made available at Licensee's option, to Licensee to use or to test while Licensee continues use of a previous version. Licensee has the right to decide whether to install any such revised or updated versions or to continue use of the previous version without giving due regard to the United States Food and Drug Administration rules and regulations. However, Licensee shall pay Licensor for any services necessitated by any modifications of the Software by Licensor or by Licensee's failure to utilize the current non-investigational version of the Software provided by Licensor. Software updates that provide new features or capabilities or that require hardware changes will be offered to Licensee at purchase prices established by Licensor. Licensee retains the sole right to determine whether an update represents an enhancement of a previously purchased capability or a new capability for which the Licensee will be charged. In addition, some updates may require Applications Training performed by Licensor's personnel that will be offered at Licensor's prevailing rates. Licensee retains the sole right to determine whether an update requires such training.

PRO 1-4GX5ST
Siemens Medical Solutions USA, Inc. Confidential
Page 10 of 15
11. ADDITIONAL PROVISIONS RELATING TO THIRD-PARTY SOFTWARE: If the Software includes software licensed by Licensor from third parties, the following additional provisions shall apply:

(a) If Software is provided by Licensor on separate media and labeled "Recovery Media," Licensor may use the Recovery Media solely to restore or reinstall the Software and/or Documentation originally installed on the Designated Unit.

(b) Licensor is licensed to use the Software to provide only the limited functionality (specific tasks or processes) for which the Designated Unit has been designed and marketed by Licensor. This license specifically prohibits any other use of the software programs or functions, or inclusion of additional software programs or functions that do not directly support the limited functionality, on the Designated Unit. If Licensor uses the Designated Unit to access or utilize the services or functionality of Microsoft Windows Server products (such as Microsoft Windows NT Server 4.0 (all editions) or Microsoft Windows 2000 Server (all editions)), or uses the Designated Unit to permit workers or computer users to access or utilize the services or functionality of Microsoft Windows Server products, Licensor may be required to obtain a Client Access License for the Designated Unit for each additional computer connected to the Designated Unit. Licensor should refer to the end user license agreement for its Microsoft Windows Server product for additional information.

(c) The Software may contain support for programs written in Java. Java technology is not fault tolerant and is not designed, manufactured, or intended for use or resale as online control equipment in hazardous environments requiring fail-safe performance such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems, in which the failure of Java technology could lead directly to death, personal injury, or severe physical or environmental damage. Sun Microsystems, Inc. has no other warranty except as expressly set forth in the Supplemental Component(s)."
THE FOLLOWING APPLIES ONLY TO THE EXTENT THAT THE QUOTATION INCLUDES AN EQUIPMENT TRADE-IN. THESE REQUIREMENTS ARE IN ADDITION TO ANY OTHER REFERENCED TERMS AND CONDITIONS ON THE QUOTATION AND SHALL REMAIN IN EFFECT REGARDLESS OF ANY CONTRARY LANGUAGE IN THE QUOTATION.

This Quotation includes the trade-in equipment described herein and referenced by either the Project Number identified in the Quotation hereof (non-Ultrasound) or the Trade Allowance Part Number (Ultrasound) as further described in the associated Trade Sheet which is incorporated herein by reference. Purchaser certifies that the description of the trade-in equipment as set forth on the Trade Sheet is a true and accurate representation of the equipment, and that the equipment is in good working condition unless otherwise noted on the Trade Sheet.

The trade-in equipment must be made available for removal no later than turnover of the new equipment. Purchaser must vacate the room of all items not listed on the Trade Sheet, or otherwise clearly identify all items listed on the Trade Sheet, prior to the start of the de-installation. If this is not done, Seller will have no liability for items which are subsequently removed or scrapped. If the de-installation or return of the trade-in equipment is delayed by Purchaser for reasons other than a force majeure event, or if upon inspection by Seller it is determined that the equipment does not meet the manufacturer’s operating specifications, or if any items listed as included on the Trade Sheet are not made available at the time de-installation, then trade-in value will be re-evaluated and any loss in value or additional costs incurred by Seller shall be deducted from the established trade-in value and the pricing set forth on this Quotation will be adjusted by change order. In the event that access to the trade-in equipment is denied past 14 days post turnover, then Purchaser shall pay to Seller a rental fee in the amount 10% of the total trade-in value plus any additional value provided by an Elevate/Promotional program included in this Quotation (no less than $1000) for each month, or part thereof, that access is denied. In addition, if the purchase and installation of the new equipment covered by this Quotation is not completed, then Seller shall invoice Purchaser for all costs and expenses incurred by Seller in connection with the de-installation and removal of the trade-in equipment, including but not limited to labor, materials, rigging out, and transportation, which costs shall be paid by Purchaser within thirty (30) days of the invoice date.

Purchaser further acknowledges and agrees that (i) the trade-in equipment will be free and clear of all liens and encumbrances including, but not limited to, unpaid leases and loans, and that upon request, it will execute a bill of sale or other documents reasonably satisfactory to Siemens to transfer title and ownership of the equipment to Seller, (ii) it is Purchaser’s sole responsibility to delete all protected health information and any other confidential information from the equipment prior to de-installation, without damaging or cannibalizing the equipment or otherwise affecting the operation of the equipment in accordance with its specifications, (iii) the equipment, including all updates, upgrades, modifications, enhancements, revisions, software, SW disks and manuals, shall be returned to Siemens in good operating condition, reasonable wear and tear excepted, and (iv) to the extent not prohibited by applicable law, Purchaser shall indemnify and hold Seller harmless from and against any and all claims, demands, causes of action, damages, liability, costs and expenses (including reasonable attorney’s fees) resulting or arising from Purchaser’s failure to comply with item (i) above.

FOR MR SYSTEMS: oxygen levels must be least 75% upon time of de-installation. FOR MOBILE SYSTEMS: system must be road worthy and a state issued title transferring ownership to Seller must be received by Seller prior to the removal of the mobile system. FOR MODALITY TRADE SYSTEMS (non-Ultrasound): The trade-in equipment must be available for inspection within two weeks of the scheduled de-installation date. In addition, Purchaser must provide a clear path for the removal of the trade-in equipment. Any additional costs due to the need to use a larger rig (other than a standard 80 ton rig), as well as any construction activities, street closings, permits, etc., required to de-install/remove the equipment are out-of-scope costs and will be the responsibility of Purchaser.
