Dear Ms. Godwin:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency), determined that based on your letter of February 14, 2018 and additional information provided on February 20, 2018, the above referenced proposal is exempt from certificate of need review in accordance with N.C. Gen. Stat. §131E-184(a)(3). Therefore, you may proceed to offer, develop or establish the above referenced project without a certificate of need.

However, you need to contact the Agency's Construction and Acute and Home Care Licensure and Certification Sections to determine if they have any requirements for development of the proposed project.

It should be noted that this determination is binding only for the facts represented by you. Consequently, if changes are made in the project or in the facts provided in your correspondence referenced above, a new determination as to whether a certificate of need is required would need to be made by the Agency. Changes in a project include, but are not limited to: (1) increases in the capital cost; (2) acquisition of medical equipment not included in the original cost estimate;

Re: Cape Fear Valley Health System
Replacement of CFVHS Enterprise Health Record System Exemption Request

Dear Ms. Frisone:

In accordance with North Carolina G.S. 131E-184(1)(3) Cape Fear Valley Health System (CFVHS) proposes to replace its existing electronic health record (EHR) system. CFVHS currently utilizes an older Cerner system as our main patient EHR which currently must be interfaced with several other systems to achieve a complete medical record. Our goal with the new EHR is to reduce interfaces achieving a seamless system for patients, staff and physicians at all CFVHS locations.

CFVHS requests a determination that replacement of the current EHR with a new EHR system is exempt from CON review in accordance with North Carolina G.S. 131E-184(1)(3).

Please let me know if I can provide fururther informaiton for your review.

Sincerely,
Sandy T. Godwin
