Re: No Review Request for Sentara Albemarle Medical Center to Temporarily Use an Out-of-State Mobile CT scanner During Emergency Hardware Repairs

Dear Martha,

The purpose of this letter is to request Sentara Albemarle Medical Center ("SAMC") be permitted to utilize an out-of-state, but Sentara Healthcare operated CT Scanner for approximately 1 day for required work by our medical physicist.

SAMC operates a single CT scanner to support a community hospital that services multiple jurisdictions and requests use of the temporary unit to continue effective patient care. The unit will be removed from the state when the physicists work is complete.

This letter serves as written notice of the equipment replacement in accordance with NCGS 131 E-184. As the temporary unit is owned and operated by Sentara Healthcare this does not create any payment or lease issues.

Based on the information provided, SAMC requests that the Agency provide a written response confirming that SAMC may operate the temporary mobile scanner without CON review. If the agency needs additional information, please let us know as soon as possible.

Sincerely,

Heidi Ambrose
