No Review Request – Add PD Modality to Existing In-Center Facility

Facility: Huntersville Dialysis
County: Mecklenburg
FID#: 130490

Dear Ms. Faenza:

We are requesting a No Review Determination which will allow Huntersville Dialysis to add the Peritoneal Dialysis (PD) modality to the facility. Huntersville Dialysis has identified two ESRD patients who want to change from their current modality to PD. Based on conversations with the nephrologists who admit patients to Huntersville Dialysis, additional PD patients choosing PD are anticipated.

We are not seeking to add any additional dialysis stations to Huntersville Dialysis with this request. Huntersville Dialysis has a Registered Nurse who has been trained in the PD modality. We have adequate space in the facility to add the PD modality.

The facility will continue to offer in-center dialysis. This change will not adversely impact the patient population of the facility.

The facility would like to be offer these services as soon as possible, so we appreciate your prompt review of this request. You can contact me at 704-323-8384 if you have any questions or need more information.

Sincerely,

Esther N. Fleming
