Exempt from Review – Replacement Equipment

Record #: 4625
Date of Request: September 30, 2024
Facility Name: Cape Fear Valley Medical Center
FID #: 955687
Business Name: Cumberland County Hospital System, Inc.
Business #: 578
Project Description: Replace the CT scanner in the emergency department
County: Cumberland

Dear Ms. Spell:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency), determined that the above referenced project is exempt from certificate of need review in accordance with G.S. 131E-184(a)(7). Therefore, you may proceed to acquire without a certificate of need the Siemens Somatom X.cite Excel CT scanner to replace the existing Philips Ingenuity CT scanner in the emergency department on the main hospital campus. This determination is based on your representations that the existing unit will be sold or otherwise disposed of and will not be used again in the State without first obtaining a certificate of need if one is required.

It should be noted that the Agency's position is based solely on the facts represented by you and that any change in facts as represented would require further consideration by this office and a separate determination. If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

Tanya M. Saporito

Hi Tanya,

Great questions! There are a lot of exemptions, and it is a little confusing! Please see responses below in red.

I hope this helps! Please let me know if you need any additional clarification!

Thank you,

Taylor

Hi Taylor!

I have just a couple more questions about the replacement CT scanners at CFVMC:

1. Two of the CT scanners are proposed to be replaced at "Valley Pavilion" per your letter/email. Does that refer to Cape Fear Valley Medical Center Health Pavilion North? **Valley Pavilion is on the main campus of CFVMC. The section of the hospital the two CTs are located is referred to by us as Valley Pavilion. We are not requesting to replace the CT at Health Pavilion North at this time.**
2. There is one CT scanner proposed to be replaced at the "Cancer Center". Is that part of the main campus of the hospital, and licensed as part of it also? **Yes, the cancer center that is part of the main campus of the hospital and licensed as part of CFVMC.**
3. Please confirm my understanding: One MRI scanner will be replaced at Betsy Johnson Hospital. One CT Scanner will be replaced at CFV-Bladen Hospital. Four CT scanners will be replaced at the "main campus" of CFVMC as follows:

- a. Two at “Valley Pavilion” (CFVMC—Health Pavilion North?) **CFVMC Main Campus Only**
- b. One in the ED at CFVMC **Correct**
- c. One at the Cancer center, which is on the main campus of the hospital? **Correct**

Thank you; I’ve looked at our records and want to be certain the letters from the Agency accurately reflect your proposal!

Tanya,

I just realized that the information for the old equipment we are proposing to replace is listed within the attachments (attachment A). The new equipment we are proposing to replace the old with is not included in the attached exemption requests. The snapshot below shows the old equipment and the new equipment (all Siemens). Does this help?

Thank you,

Taylor

Hello,

Thank goodness it is almost Friday! I have just requested the information and will send it your way as soon as I receive it. For future exemptions, would it be helpful for you all if I include a section within the attachments denoting the existing model/serial number and tesla strength for the equipment proposed to be replaced?

Thank you,

Taylor

Happy Friday eve!

Will you please provide the model and/or serial number, manufacturer and Tesla strength of the existing fixed MRI scanner that is proposed to be replaced?

Additionally, please provide the same information regarding the existing CT scanners that are proposed to be replaced, all pursuant to the exemption requests dated September 30, 2024?

Thank you in advance; I hope you are well!

RE: Replacement of CT Scanners at Cape Fear Valley Medical Center/ Cumberland County

Ms. Saporito:

The purpose of this letter is to give the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section (the "Agency") prior written notice pursuant to NCGS § 131E-184(f) that Cumberland County Hospital System, Inc. d/b/a Cape Fear Valley Medical Center ("CFVMC") plans to replace four CT scanners located on CFVMC's main campus.

NCGS § 131E-184(a)(7) provides an exemption from CON review for the acquisition and installation of "replacement equipment" costing less than \$3,000,000.00, provided that the CON Section receives prior written notice from the party proposing to acquire the equipment which explains why the proposed acquisition and installation qualifies under this exemption.

"Replacement equipment" is defined at N.C. Gen. Stat. § 131E-176(22a) as equipment which costs less than \$3,000,000 and is "purchased for the sole purpose of replacing comparable medical equipment currently in use which will be sold or otherwise disposed of when replaced."

According to 10A NCAC 14C .0303, "Replacement equipment" is "comparable" to the equipment being replaced if:

1. It is capable of providing the same health service as the equipment currently in use; and
2. The equipment to be replaced was acquired more than 12 months prior and was not refurbished or reconditioned when originally acquired.

CAPE FEAR VALLEY
MEDICAL CENTER

CAPE FEAR VALLEY
REHABILITATION CENTER

HEALTH PAVILION NORTH

HIGHSMITH-RAINEY
SPECIALTY HOSPITAL

HOKE HOSPITAL

The replacement of the CT scanners at CFVMC fall within the parameters of this exemption. Specifically:

1. Please see Attachment A for a copy of the replacement equipment comparison table, which demonstrates the proposed CT scanners are comparable to the CT scanners being replaced.
2. The CT scanners being replaced were each acquired more than 12 months ago and were not refurbished or reconditioned when originally acquired.
3. As shown in Attachment B, the estimated project cost for each replacement CT scanner is less than \$3M, which includes equipment and renovations to accommodate the replacement equipment.
4. This letter serves as prior written notice to the Department.
