Dear Ms. Eby:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency) received your correspondence regarding the project described above. Based on the representation in your request and the CON law **in effect on the date of this response to your request**, the project as described is not governed by, and therefore, does not currently require a certificate of need. If the CON law is subsequently amended such that the above referenced proposal would require a certificate of need, this determination does not authorize you to proceed to develop the above referenced proposal when the new law becomes effective.

This determination is binding only for the facts represented in your correspondence. If changes are made in the project or in the facts provided in the correspondence referenced above, a new determination as to whether a certificate of need is required would need to be made by this office. **As a reminder, it is unlawful to offer or develop a new institutional health service without first obtaining a certificate of need. The Department reserves the right to impose sanctions, including civil penalties and the revocation of a license, upon any entity that offers or develops a new institutional health service without first obtaining a certificate of need.**

Please do not hesitate to contact this office if you have any questions.

Sincerely,

Yolanda Jackson

RE: Expanded Geographic Service Area for Hospice of the Carolina Foothills (HOS0400)

To whom it concerns,

This letter serves to **request to expand the geographic service area to include Duplin County.** This request is to serve a pediatric patient that we currently have a referral for. This request is to add Duplin County to the approved service areas for the license and is not a temporary request.

Unfortunately, few hospice agencies accept pediatric hospice patients. Given the current situation, there is a big need for additional support and resources for these precious patients and their families. Because of this, it is important for us to consider extending our services to those pediatric hospice patients outside of our current service area. We will always evaluate each pediatric hospice referral on an individual basis to assess the patient's needs and determine if we are able to provide the necessary care and support without the risk of any service failures before asking for permission to serve a patient in the requested county.

We do have patients who are in a neighboring county, Onslow. We have a full care team who can provide care to patients in this county.

I understand that this is a difficult decision, and we are open to discussing any concerns or questions you may have. I am confident that we can find a solution that works for everyone involved.

Thank you for your time and consideration. Any questions related to care team locations may be directed to Denise Marsh, Director of Pediatric Operations. Her phone number is 803-760-4168 and email is denise.marsh@handsofhopese.com.

Please let me know if there is anything else needed.

Thank you,

Hayley Eby
