This Life Safety Code (LSC) survey was conducted utilizing the 2012 edition of the National Fire Protection Association (NFPA) 101 - Life Safety Code (LSC) and 2012 edition of the NFPA 99 - Health Care Facilities Code (HCFC) and its referenced publications. The facility plan/construction approval occurred prior to July 5, 2016. The facility is utilizing special locking systems. In the exit conference all LSC deficiencies noted were discussed and acknowledged with Administration. See building 0102 there were no life safety deficiencies noted in this building.

Stories: one
Construction Type: III (211)
Constructed: plan approval 1983
Fully Sprinkled
At time of survey the Licensed bed capacity = 150
Total Certified Bed Count =150
Census = 82
