IN RE: REQUEST FOR DECLARATORY RULING BY RHA HEALTH SERVICES, INC. PROJECT I.D. NO. Q-8251-08

I, Drexdal Pratt, as Director of the Division of Health Service Regulation, North Carolina Department of Health and Human Services (“Department” or “Agency”), do hereby issue this Declaratory Ruling pursuant to North Carolina General Statute § 150B-4 and 10A NCAC 14A 0103 under the authority granted me by the Secretary of the Department of Health and Human Services.

RHA Health Services (“RHA”) has requested a declaratory ruling for Project I.D. No. Q-8251-08 (“Project”) allowing for a change in the site for a six-bed intermediate care facility for the mentally retarded. This ruling will be binding upon the Department and the entity requesting it, as long as the material facts stated herein are accurate. This ruling pertains only to the matters referenced herein. Except as provided by N.C.G.S. § 150B-4, the Department expressly reserves the right to make a prospective change in the interpretation of the statutes and regulations at issue in this Declaratory Ruling. Scott Little, Vice President of Housing and Asset Management for RHA, has requested this ruling on behalf of RHA and has provided the material facts upon which this ruling is based.

STATEMENT OF THE FACTS

Effective January 15, 2010, the CON Section issued a Certificate of Need for Project I.D. No. Q-8251-08 authorizing RHA Howell Care Centers d/b/a/ RHA Howell Overlook to develop a six-bed intermediate care facility for the mentally retarded designated for individuals moving
from state operated facilities per the 2008 State Medical Facilities plan. Since issuance of the Certificate of Need, the original property where the facility was to be located is no longer available.

RHA has identified a site for the group home at Pitt County Parcel # 06427 on Briley Road, Greenville, NC 27834. The new site is approximately 23 acres, has been granted appropriate zoning through a letter from the Chief Zoning Officer of Pitt County and has had a phase 1 environmental assessment. The site is appropriate for a septic system, and RHA plans to drill a well. The site is seven miles from the original site and is easily accessible to Highway 33, which leads into the city of Greenville. The proposed location is 10 miles from Pitt Memorial Hospital, 7 miles from a day program, 3.5 miles from the Fire Department, 10 miles from ambulance service, 10 miles from a shopping center, 10 miles from physician offices, 7 miles from a pharmacy and 10 miles from parks and recreation. The cost of the original site was $30,000, while the proposed site will be purchased for $59,900. The applicant included $30,000 for contingencies in its proposed capital cost. There will be no changes in the scope of services offered by RHA Howell Care Centers d/b/a RHA Howell Overlook as a result of the change in site.

ANALYSIS

The CON law would require a full review of RHA’s proposed change of site if that change were to represent a material change in the physical location or scope of the project. N.C.G.S. § 131E-181(a). The proposed change of the site for RHA’s project does not constitute a material change in the physical location or the scope of the proposed project. The site has zoning approval, is large enough to accommodate the project and can be served by a septic system and well. While the cost of the new site exceeds the cost of the original site by
approximately $30,000, RHA included $30,000 for contingencies in its proposed capital cost. The site is located 7 miles from the original site, 10 miles from Pitt Memorial Hospital and 10 miles or less from various support services. There will be no change in the scope of services as a result of the site change.

N.C.G.S. § 131E-189(b) allows the Agency to withdraw RHA’s Certificate of Need if RHA fails to develop the project in a manner consistent with the representations made in the application or with any conditions that were placed on the Certificate of Need. RHA will not be developing its project in a manner that is materially different from the representations made in its application, nor will it be developing its project in a manner that is inconsistent with any of the conditions that were placed on its Certificate of Need.

CONCLUSION

For the foregoing reasons, assuming the statements of fact in the request to be true, I conclude that the substitution of Pitt County Parcel # 06427 on Briley Road, Greenville, NC 27834 as a site for RHA’s group home, Project I.D. No. Q-8251-08, will not constitute a material change in the physical location or scope of the project, will not violate N.C.G.S. § 131E-181, and will not constitute a failure to satisfy a condition of the Certificate of Need in violation of N.C.G.S. § 131E-189(b).

This the ______ day of October, 2010.
