

**NORTH CAROLINA DEPARTMENT OF HEALTH AND HUMAN SERVICES  
DIVISION OF HEALTH SERVICE REGULATION  
RALEIGH, NORTH CAROLINA**

**IN RE: REQUEST FOR DECLARATORY )  
RULING BY FOUNDATION HEALTH MOBILE ) DECLARATORY RULING  
IMAGING, LLC, and NOVANT HEALTH, INC. )  
Project I.D. No. J-7008-04 )**

I, Drexdal Pratt, as Director of the Division of Health Service Regulation, North Carolina Department of Health and Human Services (“Department” or “Agency”), do hereby issue this Declaratory Ruling pursuant to North Carolina General Statutes § 150B-4 and 10A NCAC 14A .0103, under the authority granted me by the Secretary of the Department of Health and Human Services.

Foundation Health Mobile Imaging, LLC (“Foundation”), and Novant Health, Inc. (“Novant”) (hereinafter collectively, “Foundation”), have requested a declaratory ruling allowing for the addition of three (3) host sites for a mobile MRI scanner for Project I.D. No. J-7008-04 (“Project”) on the grounds that the change does not constitute a material change in scope or a failure to materially comply with the representations made in the Certificate of Need (“CON”) application for this Project. N.C.G.S. §§ 131E-181(a) and (b). This ruling will be binding upon the Department and the entity requesting it, as long as the material facts stated herein are accurate. This ruling pertains only to the matters referenced herein. Except as provided by N.C.G.S. § 150B-4, the Department expressly reserves the right to make a prospective change in the interpretation of the statutes and regulations at issue in this Declaratory Ruling. Denise M. Gunter, of Nelson Mullins Riley & Scarborough, LLP, has requested this ruling on behalf of Foundation and has provided the material facts upon which this ruling is based.

## **STATEMENT OF THE FACTS**

On March 8, 2005, the Certificate of Need Section issued a CON to Insight Health Corporation (“Insight”) allowing Insight to acquire a mobile MRI scanner to serve Health Service Areas (“HSA”) IV, V, and VI. On June 29, 2010, the Certificate of Need Section issued a notice of exemption to Foundation for the acquisition of certain Insight assets, including the mobile MRI scanner. Through declaratory rulings, the Department has permitted Foundation to add various host sites and the mobile MRI scanner currently serves host sites in Cumberland, Montgomery, Moore, and Wake counties. Foundation now proposes to add FirstHealth Hoke Community Hospital (“FirstHealth Hoke”), located at 6408 Fayetteville Road, Raeford, Hoke County, North Carolina; Moore Orthopaedics and Sports Medicine, PA (“Moore Orthopaedics”), located at 4251 Arendell Street, Morehead City, Carteret County, North Carolina; and Carolinas Center for Surgery, located at 3714 Guardian Avenue, Suite E, Morehead City, Carteret County, North Carolina, as host sites for the mobile MRI scanner. Collectively, Moore Orthopaedics and Carolinas Center for Surgery will be referred to as the “Morehead City sites.” Hoke County is located in HSA V and Carteret County is located in HSA VI.

## **ANALYSIS**

The CON law would require a full review of Foundation’s addition of the host sites if the addition were to represent a material change in the scope of the Project. N.C.G.S. § 131E-181(a). The addition of the host sites does not constitute a material change in the scope of the Project because it will not affect the scope of the services offered. In addition, because FirstHealth Hoke and the Morehead City sites already have the required mobile MRI pad and utility connections, Foundation states that there will be no capital costs associated with adding FirstHealth Hoke and

the Morehead City sites as host sites. Further, the addition of the three (3) sites will not result in an increase in patient charges for the provision of mobile MRI services.

N.C.G.S. § 131E-189(b) allows the Agency to withdraw Foundation's CON if Foundation fails to develop the service in a manner consistent with the representations made in the application or with any conditions that were placed on the CON. Foundation states that it will not operate the Project in a manner that is materially different from the representations made in the application or in a manner that is inconsistent with any of the conditions that were placed on the CON.

### **CONCLUSION**

For the foregoing reasons, assuming the statements of fact in the request to be true, I conclude that Foundation's addition of FirstHealth Hoke Community Hospital, located at 6408 Fayetteville Road, Raeford, Hoke County, North Carolina; Moore Orthopaedics and Sports Medicine, PA, located at 4251 Arendell Street, Morehead City, Carteret County, North Carolina; and Carolinas Center for Surgery, located at 3714 Guardian Avenue, Suite E, Morehead City, Carteret County, North Carolina, as host sites for the mobile MRI scanner will not constitute a material change in the scope of the project, will not violate N.C.G.S. § 131E-181, and will not constitute a failure to satisfy a condition of the CON in violation of N.C.G.S. § 131E-189(b).

This the \_\_\_\_\_ day of May, 2015.

---

Drexdal Pratt, Director  
Division of Health Service Regulation  
N.C. Department of Health and Human Services

**CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that I have this day served the foregoing Declaratory Ruling upon the PETITIONER by certified mail, return receipt requested, by causing a copy of same to be placed in the United States Mail, first-class, postage pre-paid envelope addressed as follows:
