Statement of Deficiencies and Plan of Correction

Name of Provider or Supplier: Charlotte Health & Rehabilitation Center

Address: 1735 Toddville Road, Charlotte, NC 28214

Deficiency Statement:

F 201 483.12(a)(2) REASONS FOR TRANSFER/DISCHARGE OF RESIDENT

The facility must permit each resident to remain in the facility, and not transfer or discharge the resident from the facility unless the transfer or discharge is necessary for the resident's welfare and the resident's needs cannot be met in the facility;

The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;

The safety of individuals in the facility is endangered;

The health of individuals in the facility would otherwise be endangered;

The resident has failed, after reasonable and appropriate notice, to pay for (or to have paid under Medicare or Medicaid) a stay at the facility. For a resident who becomes eligible for Medicaid after admission to a nursing facility, the nursing facility may charge a resident only allowable charges under Medicaid; or

The facility ceases to operate.

This REQUIREMENT is not met as evidenced by:

The facility failed to determine the cause and attempt interventions for a behavior which caused issuance of a 30 day discharge notice for 1 of 1 sampled residents who received a 30 day discharge notice (Resident #112).

The statements included are not an admission and do not constitute agreement with the alleged deficiencies herein. The plan of correction is completed in the compliance of state and federal regulations as outlined. To remain...

Laboratory Director's or Provider/Supplier Representative's Signature: Electronically Signed

Date: 11/16/2015

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

**Provider's Plan of Correction**

(Each Corrective Action Should Be Cross-referenced to the Appropriate Deficiency)

- **F 201 Reasons for transfer/discharge of resident**
  1. Resident #112 was transferred to a skilled nursing facility and he is stable at this time.
  2. All other residents with behaviors have the potential to be affected by this same deficient practice. An audit of residents with a history of behaviors will be completed by the Discharge Planner (Social Worker) as of 11/18/15. Residents behaviors will be reported to the attending physician as indicated.
  3. All Nursing staff will be re-educated by the Staff Development Coordinator regarding the importance of reporting behaviors and documentation regarding behaviors as of 11/18/15. All Nursing staff will be re-educated by the SDC regarding the importance of notification of resident's physician regarding behaviors as of 11/18/15. Newly hired nursing staff will be oriented on the importance of reporting behaviors and notification of physician related to behaviors at the time of hire.
  4. The Unit Managers will audit 24 hour reports for behaviors daily to ensure that the physician has been notified of new or
Telephone interview on 10/22/15 at 10:24 AM with Resident #112’s guardian revealed she did not receive the discharge notice until after Resident #112's 10/13/15's discharge to another facility because she was out of town. Resident #112’s guardian reported the facility’s administrator informed her the reason for discharge was public urination.

Interview on 10/22/15 at 11:19 AM with Nurse Aide #1 revealed Resident #112 did not exhibit behavior problems on the nursing unit.

Interview on 10/22/15 at 11:23 AM with Nurse #2 revealed Resident #112 did not exhibit behavior problems on the nursing unit.

Interview on 10/23/15 at 11:30 AM with Nurse #3 revealed Resident #112 did not exhibit behavior problems on the nursing unit.

Interview with the facility's social worker on 10/22/15 at 3:30 PM revealed Resident #112 received a discharge notice due to public urination. The social worker explained she met with Resident #112 to explain his behavior was inappropriate and a discharge notice would be given if he continued to urinate in the lobby and outside. The social worker reported she informed Resident #112 a bed was available at another facility. The social worker reported Resident #112 agreed to be discharged. The social worker reported she was not aware of any interdisciplinary team discussion regarding Resident #112’s behavior to prevent a discharge notice.

worsening behaviors as indicated and report to the Interdisciplinary team daily during morning meeting. The Weekend Supervisor will audit 24 hour reports for behaviors and ensure that the physician has been notified of new or worsening behaviors. The weekend supervisor will report to the DON the results of her findings weekly. The DON will report results of audits to the QA&A committee monthly x one year effective 12/16/15. The QA&A committee will evaluate the results of these audits to determine the effectiveness of the plan and make changes as needed.
Interview on 10/22/15 at 3:50 PM with the Administrator revealed Resident #112’s urination in the lobby and outside of the facility caused the discharge notice. The administrator reported an attempt was made to notify Resident #112’s guardian by phone. The discharge notice was mailed to Resident #112’s guardian.

Interview with the Director of Nursing (DON) on 10/22/15 at 4:10 PM revealed Resident #112 received a discharge notice due to the public urination. The DON reported she was not aware of any interventions to alter the behavior.

Interview with Nurse #1 on 10/22/15 at 4:39 PM revealed she spoke with Resident #112 on 10/04/15 when urination occurred in the facility’s lobby. Nurse #1 explained she was not aware of any interventions to prevent the behavior other than to redirect Resident #112 to a bathroom.

Telephone interview with Resident #112’s MHNP on 10/22/15 at 5:05 PM revealed he was not aware of Resident #112’s public urination, receipt of a discharge notice and discharge. The MHNP explained he would have addressed and met with staff regarding Resident #112’s behavior on 10/05/15.

The facility must provide medically-related social services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident.

(F 272 Continued From page 8) Medications, contributing factors and risk factors related to psychotropic drug use. There was no documentation of an analysis of the findings supporting the decision to proceed or not to proceed to the care plan.

Interview with MDS Coordinator #1 on 10/23/15 at 12:31 PM revealed Resident #10’s fall and psychotropic drug use CAAs did not contain documentation of an analysis of findings.

2. Resident #73 was admitted to the facility on 06/28/14 with diagnoses which included cerebral vascular disease.

Review of Resident #73’s annual Minimum Data Set (MDS) dated 05/28/15 revealed an assessment of moderately impaired cognition. The MDS indicated Resident #73 required the extensive assistance of one person with dressing and hygiene.

Review of Resident #73’s Activities of Daily Living Functional/Rehabilitation Care Area Assessment (CAA) dated 05/29/15 revealed no documentation of findings with a description of Resident #73’s physical limitations, impact of mood, input from Resident #73, causes, contributing factors and risk factors related to. There was no documentation of an analysis of the findings supporting the decision to proceed or not to proceed to the care plan.

Interview with MDS Coordinator #1 on 10/23/15 at 12:31 PM revealed Resident #73’s Activities of Daily Living Functional/Rehabilitation CAA did not contain documentation of an analysis of findings.

Fall history, causes, and contributing factors and risk factors as well as an analysis of the reason to proceed or not proceed to care plan is documented.

As of 11/18/15 all comprehensive MDS with an ARD of 10/24/15 or after were audited by the MDSCs and the MDS Consultant to determine if the Psychotropic Drug Use CAAs include the medication and the dosage, the contributing factors and risk factors related to psychotropic drug use and an analysis was documented of the reason to proceed to care plan.

As of 11/18/15 all comprehensive MDS with an ARD of 10/24/15 or after were audited by the MDSCs and the MDS Consultant to determine if the ADL/Rehabilitation CAA includes a description of the physical limitations, the impact of mood as applicable, causes and contributing factors related to ADLs and risk factors as well as an analysis of the reason to proceed to care plan.

MDSC Consultant provided education to the MDSC on 11/16/15 to include documentation of findings with a description of the problem, causes, contributing factors and risk factors related to Fall CAAs, Psychotropic Drug Use CAAs and ADL Function/Rehabilitation CAAs as well as the need to analyze the decision to proceed to care plan.

The MDS Consultant will audit 5 residents comprehensive MDS per week for one month, then twice monthly for one month and then monthly x 10 months to ensure the Fall CAA, Psychotropic Drug Use CAA

and ADL Function/Rehabilitation CAAs as applicable include documentation of findings with a description of the problem, causes, and contributing factors and risk factors related to the risk associated with the problem as well as an analysis of the need to proceed to care plan. MDS Consultant will also audit those CAAs to ensure that an interview is documented as indicated.

The MDSC will report findings of audits to the QA&A committee monthly x one year. The QA&A committee will evaluate the findings from those audits to determine the effectiveness of the plan and make changes as necessary.

F 333

RESIDENTS FREE OF SIGNIFICANT MED ERRORS

The facility must ensure that residents are free of any significant medication errors.

This REQUIREMENT is not met as evidenced by:

Based on observations, record review and staff interviews the facility failed to administer seizure medication to 1 of 6 sampled residents (Resident #185) on 6 days for a total of 8 missed doses of medications.

Findings included:

Resident #185 had diagnoses that included unspecified convulsions.

A review of the resident’s record indicated that the medication order 6/10/2015 was for Lacosamide 200 mg twice a day by mouth for seizures and was scheduled for 9:00 AM and 5:00 PM. As a controlled substance, the Lacosamide had to be

F 333 Residents Free of Significant Med Errors

1 Resident # 185’s physician was notified on 10/24/15 with no new orders given. Resident # 185 has received his medication per physician’s order.

2 All other residents have the potential to be affected by this same deficient practice.

An audit of Medication Administration Records (MARs) will be completed as of 11/18/15 to ensure that medications are given per physicians orders.
## Statement of Deficiencies and Plan of Correction

### Provider/Supplier/CLIA Identification Number:

345405

### Date Survey Completed:

signed out on a controlled substance logbook each time it was given.

Review of the controlled substance logbook regarding Resident #185's Lacosamide 200 mg revealed there were eight occasions (9/26, 10/5, 10/11, 10/12, 10/16, and 10/18/2015) when the medication had not been signed out and given. The eight occasions involved three nurses who should have signed out and given the Lacosamide 200 mg to Resident #185.

An interview with the unit manager (UM) occurred at 9:30 AM on 10/22/2015. She verified that based on the documentation in the controlled substance logbook, the medication was not given and she would follow up with the nurse.

At 10:39 AM on 10/23/2015 the nurse practitioner (NP) stated her expectation was that all medications were to be given and the NP added, "Especially seizure medications." She stated she was called last night about this. The NP was going to see Resident #185 and had not been informed of any seizure activity.

At 2:29 PM on 10/24/2015 the Director of Nursing (DON) was interviewed about Resident #185. The DON identified the nurses who had not signed for the medication which included Nurse #4, Nurse #6, and Nurse #8.

During an interview at 2:37 PM on 10/24/2015 nurse #4 stated Resident #185 was up and "likes to go so I pulled meds fast and gave them." Nurse #4 indicated Resident #185 had been impatient on 10/16/15 so she had worked quickly to get his medication ready. Nurse #4 indicated she must have forgotten to give the Lacosamide.

| F 333  | She had not signed on the control substance logbook as having given it to Resident #185. | F 333 | |}

Nurse #8 was not available for interview during the survey.

At 3:23 PM on 10/23/2015 the DON stated she expected the nurses to administer medications as ordered by the physician. If a medication is omitted the DON's expectation was that it would be reported to the unit manager or DON.

During an interview at 3:40 PM on 10/23/2015 nurse #6 stated she was not aware that the 10/12/2015 9:00 AM dose of Lacosamide was not signed off. After reviewing the log for the controlled substance, Nurse #6 concluded that she must not have given Resident #185 the morning dose of Lacosamide 200 mg on 10/12/15.

F 371 11/18/15

Based on observations and staff interviews the facility failed to maintain sanitary conditions for 2

F371 Food
Procure/Store/Prepare/Serve-Sanitary
F 371  Continued From page 12

of 2 nourishment rooms on the 100 and 200 hallway.

The findings included:

1. An observation was made of the refrigerator in the nourishment room on the 100 hallway on 10/20/15 at 9:20 AM. The observation revealed inside the refrigerator on the top and bottom shelf there was dark brown and red sticky substance on the shelves.

   Interview with housekeeper #1 on 10/20/15 at 9:38 AM stated she was responsible for cleaning the nourishment room on 100 hallway. She stated the refrigerators was to be cleaned in the mornings and the evenings. During the interview, she acknowledge the refrigerator had a lot of dark brown and red sticky substance on the top and bottom shelf.

2. An observation was made of the refrigerator in the nourishment room on the 200 hall on 10/20/15 at 9:25 AM revealed on the top and bottom shelf there was dark brown and red sticky substance.

   Interview with housekeeper #2 on 10/20/15 at 9:35 AM accompanied to the nourishment room revealed she was responsible for cleaning common areas and the nourishment room on the 200 hallway. During the interview, she acknowledge the nourishment room had not been cleaned and had a lot of dark brown and red sticky substance on the top and bottom shelf.

   Interview conducted with the Director of Housekeeping on 10/20/15 at 9:42 AM stated staff is trained to clean nourishment rooms. The Director of housekeeping was accompanied to the nourishment room and revealed it had a lot of dark brown and red sticky substance on the top and bottom shelf. During the interview, he stated

Nourishment room refrigerators were cleaned as of 10/19/15.

An audit of all nourishment room refrigerators was completed as of 10/19/15

All staff were reeducated by the SDC regarding the importance of keeping refrigerators clean as of 11/18/15.

All newly hired staff will be educated during orientation regarding the importance of maintaining cleanliness of refrigerators.

The Director of Environmental Services will audit the cleanliness of refrigerators daily Monday through Friday x one month then 3 x weekly x 2 month, then monthly x 9 months with report to the NHA.

The Director of Environmental Services will report the results of audits to the QA&A committee monthly x one year beginning on 12/16/15.

The QA&A committee will evaluate the results of the findings and make changes to the plan as needed.

Continued From page 14

record review, the facility’s Quality Assessment and Assurance Committee failed to maintain implemented procedures and monitor these interventions the committee put into place in December 2104. This was for a recited deficiency which was originally cited in December of 2014 on a recertification survey and on the current recertification survey. The deficiency was in the area of food sanitation. The continued failure of the facility during two federal survey of record show a pattern of the facility's inability to sustain an effective Quality Assurance Program. Findings included:

This tag is cross referred to:

F371: Based on observations and staff interviews, the facility failed to maintain sanitary conditions for 2 of 2 nourishment rooms. The facility was recited for F371 regarding the cleanliness of 2 of 2 nourishment kitchen refrigerators. F371 was originally cited in December 2014 for failure to utilize beard restraints during food preparation.

Interview with the Administrator on 10/23/15 at 3:40 PM revealed she began employment at the facility in September 2015 and did not know if the nourishment rooms were included in the dietary monitoring after the 2014 survey. The Administrator explained housekeeping staff cleaned the refrigerators. A second interview with the Administrator on 10/23/15 at 4:28 PM revealed the facility’s monitoring did not include cleanliness of the nourishment kitchen refrigerators.

QAA Committee-Members/Meet Quarterly/Plans
See F371 for corrective action for the associated deficiency.

Reeducation was given to all Department managers by the NHA on 11/13/15 regarding the policy and intent of QA&A program.

All newly hired Department Managers will be educated at the time of hire regarding QA&A processes. Administrator will ensure completion of audits for F371 monthly x one year. The Dietary Manager will report on the findings of these audits monthly to the QA&A committee x one year. The QA&A committee will evaluate the findings from these audits in order to ensure that the plan is effective and make changes as necessary.
