483.25(a)(3) ADL CARE PROVIDED FOR DEPENDENT RESIDENTS

A resident who is unable to carry out activities of daily living receives the necessary services to maintain good nutrition, grooming, and personal and oral hygiene.

This REQUIREMENT is not met as evidenced by:

Based on record review, observation and resident, family and staff interviews, the facility failed to provide showers as scheduled for 4 (Residents #1, #3, #4 & #5) of 4 sampled residents who needed extensive assistance or totally dependent with bathing. Findings included:

1. Resident #1 was admitted to the facility on 9/1/16 with multiple diagnoses including Alzheimer's disease. The admission Minimum Data Set (MDS) assessment dated 9/8/16 indicated that Resident #1 had severe cognitive impairment, totally dependent with bathing and had no behavior. Resident #1 was not due for a comprehensive care plan as of 9/13/16 but he was scheduled to receive a shower twice per week on Wednesdays and Saturdays on the 3-11 shift.

On 9/13/16 at 10:30 AM, the family member of Resident #1 was interviewed. The family member stated that she came to visit every day. She indicated that the resident was admitted 2 weeks ago and her concern was the facility was short of staff. The family member stated that she had been asking the nurse aide (NA) to give the resident a shower. The family member indicated that the resident was scheduled to have a shower every Wednesday and Saturday on 3-11 shift but

resident #1 was provided a shower 9/17/16 resident #3 was provided a shower 9/21/16
#4 was provided shower(full BB per preference) on 9/21/16 resident #5 was provided a shower on 9/21/16.

A 100% audit was completed on 9/20/16 of all residents to determine bathing preference by the facility consultant. 100% of all residents were offered and provided a shower on date by title. A new shower schedule was designed by DON and initiated on 9/21/16. 100% in-service was initiated on 9/21/16 by DON for all nursing staff regarding bathing, and showers. After date no nursing staff will be allowed to work until in-service completed. All newly hired nursing staff will be trained on during orientation.

On 9/22/16 the DON, SDC, or RN supervisor will audit 100% of all residents weekly x 4 weeks, then biweekly x 8 weeks to ensure 2 showers were given. If shower was not given, then reason is documented in the resident chart. The audits will be documented on the Shower

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
There was only one nurse aide assigned on the hall. When asked for a shower, the nurse aide responded that they were short of staff and they would give him a shower if they have time. The family member stated that the resident had one shower (9/10/16) since he was admitted to the facility after repeatedly asking for a shower. On 9/13/16 at 10:45 AM, Resident #1 was observed in bed. The resident's hair was uncombed.

The form where the nurse aide had documented what type of bath was given to the resident was reviewed from September 1 - September 13, 2016. The form indicated that Resident #1 was not provided a shower since admission.

On 9/13/16 at 12:00 noon, NA #1 was interviewed. NA #1 stated that she worked 7-3 shift on the hall where Resident #1 resided. She indicated that the staffing for NAs was very short, 2 NAs with 28 residents on the hall plus the assisted living residents. NA #1 further stated that she had to do her best but there was no time to do showers. NA #1 further stated that residents scheduled to have a shower were provided a partial bed bath.

On 9/13/16 at 2:30 PM, the actual staffing for NAs working on the floor for 7-3 shift was observed. There were 2 NAs observed on 100 (28 residents) hall, 200 (27 residents) hall, 300 (22 residents) hall and 400 (24 residents) hall. At 5:00 PM, the actual staffing for the NAs working on the floor for 3-11 shift was observed. There was 1 nurse aide on the hall.

Audit tool. The results of the completed audit tool will be reviewed weekly by the Administrator and/or the Director of Nursing. The QI Committee will review the audits monthly x 6 to determine the continued need for and frequency of monitoring. Any recommended changes will be discussed and carried out as agreed upon at that time.
