TITLE 12/23/2020

Electronically Signed

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

(C) A need to alter treatment significantly (that is, a need to discontinue an existing form of treatment due to adverse consequences, or to commence a new form of treatment); or

(D) A decision to transfer or discharge the resident from the facility as specified in §483.15(c)(1)(ii).

(ii) When making notification under paragraph (g) (14)(i) of this section, the facility must ensure that all pertinent information specified in §483.15(c)(2) is available and provided upon request to the physician.

(iii) The facility must also promptly notify the resident and the resident representative, if any, when there is-

(A) A change in room or roommate assignment as specified in §483.10(e)(6); or

(B) A change in resident rights under Federal or State law or regulations as specified in paragraph (e)(10) of this section.

(iv) The facility must record and periodically update the address (mailing and email) and phone number of the resident representative(s).

§483.10(g)(15)
Admission to a composite distinct part. A facility that is a composite distinct part (as defined in §483.5) must disclose in its admission agreement its physical configuration, including the various locations that comprise the composite distinct part, and must specify the policies that apply to room changes between its different locations under §483.15(c)(9).

This REQUIREMENT is not met as evidenced by:

Based on record review, staff, family representative interviews, the facility failed to inform the family representative of the resident’s weight on 11/25/20 for resident #1, did
significant weight loss for 1 of 1 resident reviewed for weight loss. Resident #1

Findings included:
Resident #1 was admitted to the facility on 4/24/2020 with the diagnosis of dysphagia (difficulty swallowing), adult failure to thrive, and feeding difficulties.

A quarterly Minimum Data Set (MDS) dated 10/5/2020 showed Resident #1 was moderately cognitive impaired, alert and able to make her needs know. Resident #1 ate meals with setup and supervision, had no weight gain or loss with in the last 6 months, and no rejection of care during the 7 day look back assessment period. Resident #1 weight was recorded at 131 pounds.

Review of the weight record showed Resident #1’s weight was 131 pounds (lbs.) on 11/5/2020, 116 lbs. on 11/25/2020.

An interview with the family representative on 12/8/2020 at 4:00 pm revealed the family representative had spoken with a nurse (unnamed nurse) at the facility during the Thanksgiving holiday and was told Resident #1 was doing fine. He stated the nurse did not inform him Resident #1 was not eating well or had loss any weight. The family representative stated on 11/30/20. Nurse #1 called to inform him Resident #1 had lost a lot of weight and informed him of new Physician’s orders.

The nurse progress note dated 11/30/2020 showed Nurse #1 attempted to notify the family representative of the weight loss on 11/30/2020 at 6:00 pm. There was no answer to the call. The note on 12/1/2020 at 9:28 am showed Nurse #1
F 580 Continued From page 3

spoke with the family representative on 12/1/2020 and informed him of Resident #1's weight loss.

The physician orders dated 11/30/2020 included dietary supplement three times a day, Marinol twice a day, weights every Friday, and dietary consult for weight loss. Labs work ordered: complete blood count, comprehensive metabolic panel, thyroid stimulating hormone test. Orders on 12/1/2020 speech consult for weight loss, 12/3/2020 Regular diet with mechanical soft texture, regular texture.

Nurse #1 on 12/9/2020 at 2:45 pm stated she worked with Resident #1 on 11/25/2020 when the weight was taken. Nurse #1 said she did not call the family representative at that time to report the weight loss. Nurse #1 said she forgot about the weight until the weekend of 11/28/2020 and called the family representative on 11/30/2020 when she came back to work.

During an interview with the Director of Nursing (DON) on 12/9/2020 at 2:57 pm she stated Resident #1's family representative should have been informed of the weight loss. She said the resident's weights were obtained by the restorative aide. The DON said significant changes in resident's weight would be reported to the nurse and weights placed in the computer by the aide. The DON said any nurse could report a change in condition to a family representative.

The interview with the physician on 12/9/2020 at 3:15 pm revealed he believed a nurse notified him of the weight loss on 11/25/2020 or 11/27/2020. The physician stated he gave new orders for marinol and weekly weights on 11/30/2020. He stated Resident #1's weight loss party notification occurred for identified significant weight losses. The results will be reviewed in QAPI for 3 months. The Director of Nursing is responsible for implementing this plan of care by 12/31/20.

<td>The Administrator stated during an interview on 12/9/2020 at 4:00 pm she felt the nurse completed the notification correctly even if it was late. She said Nurse #1 waited until the resident was reweighted on 11/30/2020 before contacting the family representative. The Administrator said there was no staff member in the facility to reweigh Resident #1 until 11/30/2020. She stated weights were monitored and reweights requested by Nurse #1 who did not work during 11/26/2020 to 11/29/2020.</td>
