F 867	Continued From page 50 staff interviews the facility failed to ensure the Minimum Data Set (MDS) was accurate for 1 of 1 resident (Resident #51) reviewed for dental care. During the recertification and complaint survey of 2/25/21, the facility failed to accurately code the Minimum Data Set (MDS) assessment in the area of skin conditions for 1 of 1 resident. During the recertification and complaint survey of 1/17/20, the facility failed to accurately code the Minimum Data Set (MDS) assessment in the area of medications for 2 of 5 residents. An interview with the Administrator on 08/17/22 at 6:10 PM revealed the Quality Assessment and Assurance (QAA) committee met at least quarterly but usually monthly. Some of the issues		F 867	processes on 8/25/2022. The facilities established QAPI policies will continue to be followed monthly, in addition all identified areas of concern will be followed until a complete resolution is established then identified areas of concern will continue to be reviewed quarterly or more frequently if needed to ensure that the QAPI process is maintained. The Regional Director of Operations or their designee will monitor the QAPI process monthly for three months then quarter for two quarters, to ensure continued compliance.			
	identified through roun and quality measures An interview was com Administrator on 9/2/2 revealed: The inaccur Administrator being a he stated he would ne before speaking on w had been. Regarding the dental/oral assess annual MDS, He state	2022 at 11:00 a.m. and he racies occurred prior to the ssigned to this facility and eed to review the citations hat the previous concerns the MDS inaccuracy with sment on the 4/6/2022 ed the nursing staff and be reeducated on how to
