Nurse Aide I
High Schools

North Carolina high schools, through Health Occupations Education programs, can offer state-approved Nurse Aide I training.

A memorandum of understanding (MOU) exists between the North Carolina Division of Health Service Regulation (NC DHSR) and the North Carolina Department of Public Instruction (NC DPI). The MOU gives management responsibility for Nurse Aide I state-approved training in high school programs to the Health Occupations Education Nurse Aide Office at the NC DPI.

State-approved high school Nurse Aide I training programs must meet the same requirements as other state-approved Nurse Aide I training programs in North Carolina.

For more information regarding high school programs, please contact NC DPI at 919-807-3907.
