# **Non-Surgical Cases and Procedures NOTE:** If this License includes more than one campus, please copy pages 10 - 18 (through Section 10e) for each site. Submit the Cumulative Totals and submit a duplicate of pages 10 - 18 for each campus. (Campus – If multiple sites: \_\_\_

8. Surgical Operating Rooms, Procedure Rooms, Gastrointestinal Endoscopy Rooms, Surgical and

#### a) Surgical Operating Rooms

Report Surgical Operating Rooms built to meet the specifications and standards for operating rooms required by the Construction Section of the Division of Health Services Regulation, and which are fully equipped to perform surgical procedures. These surgical operating rooms include rooms located in Obstetrics and surgical suites.

> **Type of Room** Number of Rooms Dedicated Open Heart Surgery **Dedicated C-Section** Other Dedicated Inpatient Surgery Dedicated Ambulatory Surgery Shared - Inpatient / Ambulatory Surgery **Total of Surgical Operating Rooms**

	Number of Additional CON approved surgical operating rooms pending development: CON Project ID Number(s)			
b)	<b>Procedure Rooms</b> (Excluding Operating Rooms and Gastrointestinal Endoscopy Rooms)  Report rooms, which are not equipped for or do not meet all the specifications for an operating room, that are used for performance of surgical procedures other than Gastrointestinal Endoscopy procedures.			
	Total Number of Procedure Rooms:			
c)	Gastrointestinal Endoscopy Rooms, Cases and Procedures:  Report the number of Gastrointestinal Endoscopy rooms and the Endoscopy cases and surgical procedures performed only in these rooms during the reporting period.			
	Total Number of existing Gastrointestinal Endoscopy Rooms:			
	Number of additional CON approved GI Endoscopy Rooms pending development:			
	CON Project ID Number(s)			

	Number of Cases Performed In GI Endoscopy Rooms		Number of Procedures* Performed in GI Endoscopy Rooms	
	Inpatient	Outpatient	Inpatient	Outpatient
GI Endoscopy				
Non-GI Endoscopy				
Totals				

Count each patient as one case regardless of the number of procedures performed while the patient was in the GI endoscopy room.

\*As defined in 10A NCAC 14C .3901 "Gastrointestinal (GI) endoscopy procedure" means a single procedure, identified by CPT code or ICD-9-CM procedure code, performed on a patient during a single visit to the facility for diagnostic or therapeutic purposes.

All responses should pertain to October 1, 2014 through September 30, 2015.

#### d) Surgical Cases by Specialty Area Table

Enter the number of surgical cases performed only in licensed operating rooms by surgical specialty area in the table below. Count each patient undergoing surgery as one case regardless of the number of surgical procedures performed while the patient was having surgery. Categorize each case into one specialty area – the total number of surgical cases is an unduplicated count of surgical cases. Count all surgical cases performed only in licensed operating rooms. The total number of surgical cases should match the total number of patients listed in the Patient Origin Tables on pages 26 and 27.

Surgical Specialty Area	Inpatient Cases	Ambulatory Cases
Cardiothoracic (excluding Open Heart Surgery)	_	
Open Heart Surgery (from 7.(b) 4.)		
General Surgery		
Neurosurgery		
Obstetrics and GYN (excluding C-Sections)		
Ophthalmology		
Oral Surgery		
Orthopedics		
Otolaryngology		
Plastic Surgery		
Urology		
Vascular		
Other Surgeries (specify)		
Other Surgeries (specify)		
Number of C-Section's Performed in Dedicated C-Section ORs		
Number of C-Section's Performed in Other ORs		
Total Surgical Cases Performed Only in Licensed ORs		

## e) Non-Surgical Cases by Category Table

Enter the number of non-surgical cases by category in the table below. Count each patient undergoing a procedure or procedures as one case regardless of the number of non-surgical procedures performed. Categorize each case into one non-surgical category – the total number of non-surgical cases is an unduplicated count of non-surgical cases. Count all non-surgical cases, including cases receiving services in operating rooms or in any other location, *except* do not count cases having endoscopies in GI Endoscopy rooms. Report cases having endoscopies in GI Endoscopy Rooms on page 10.

Non-Surgical Category	Inpatient Cases	Ambulatory Cases
Pain Management		
Cystoscopy		
Non-GI Endoscopies (not reported in 8. c)		
GI Endoscopies (not reported in 8. c)		
YAG Laser		
Other (specify)		

All responses should pertain to October 1, 2014 through September 30, 2015.

## 9. Average Operating Room Availability and Average Case Times:

The Operating Room Methodology assumes that the average operating room is staffed 9 hours a day, for 260 days per year, and utilized at least 80% of the available time. This results in 1,872 hours per operating room per year.

The Operating Room Methodology also assumes an average of 3 hours for each Inpatient Surgery and an average of 1.5 hours for each Outpatient Surgery.

Based on your hospital's experience, please complete the table below by showing the assumptions for the average operating room in your hospital.

Average Number of	Average	Average
Days per Year	"Case Time" **	"Case Time" **
Routinely Scheduled	in Minutes for	in <b>Minutes</b> for
for Use	Inpatient Cases	Ambulatory Cases
	Days per Year <b>Routinely</b> Scheduled	Days per Year "Case Time" **  Routinely Scheduled in Minutes for

\* Use only Hours per Day **routinely** scheduled when determining the answer.

Example for determining average hours per day routinely scheduled for use:

A hospital has two operating rooms routinely scheduled for use for 8 hours per day, and two other operating rooms routinely scheduled for use for 10 hours per day.

2 rooms X 8 hours = 16 hours per day

plus

2 rooms X 10 hours = 20 hours per day

equals 36 hours per day total

The average hours per day for the four operating rooms is calculated by dividing the total hours per day for all operating rooms by the total number of operating rooms. In this example, 36 hours divided by four operating rooms is 9 average hours per day for an operating room.

\*\* "Case Time" = Time from Room Set-up Start to Room Clean-up Finish. Definition 2.4 from the "Procedural Times Glossary" of the AACD, as approved by ASA, ACS, and AORN. <u>NOTE</u>: This definition includes all of the time for which a given procedure requires an OR/PR. It allows for the
