On 4/9/18, an altercation occurred between Clients #1, #2 and Staff #1. Staff #1 demonstrated poor judgment by calling the clients names, cursing at clients and leaving them in the facility alone during a crisis. Staff #1 was working alone at that time because the other staff had already left to take Client #3 to her bus stop, and the QP who was supposed to be filling in had not arrived to the facility. Allegations of abuse and neglect were reported to the QP and licensee, but these allegations were not reported in IRIS and there was no internal investigation completed. The lack of minimum staffing requirements, poor decision making by staff #1 and the QP; as well as the facility failing to protect the clients by reporting allegations against staff and conducting an internal investigation subjected the clients to serious neglect. This deficiency constitutes a Type A1 rule violation and must be corrected within 23 days. An administrative penalty of \$2,000 is imposed.
