W 127	<p>Continued From page 1</p> <p>Clients #1, #2, #3, #4, #5, and #6 were subject to physical, verbal or psychological abuse and/or punishment.</p> <p>1. During an interview on 4/12/18, staff who works second shift (#9) reported there are times when client #3 would have to be "jacked jump" by staff (#10, #6 and #7) when he is having a behavior. Further interview revealed "jack jump" meant when a staff person would grab client #3 by the collar of his shirt, hold him against a wall and tell him to "calm down." The staff (#9) revealed when client #3 was once having a behavior, they grabbed his arms, put them behind his back and made him sit on the floor; until he was calm. Additional interviews with staff (#9, #10, #5, and #7) revealed the technique of "You're Safe and I'm Safe" "doesn't work on [Client #3]." Staff (#9) revealed if any staff "get rough or out of hand" with any of the clients, it should be reported to the home manager (HM); even though she did not report it.</p> <p>Review on 4/12/18 of client #3's behavior support plan (BSP) dated 6/1/17 revealed, "Target Behaviors: 1) Physical Aggression: any action/attempted action that is directed at others with the possible effect of doing physical harm. This includes, but is not limited to hitting, slapping, hair pulling, pinching, scratching, pushing, throwing objects, ripping items, etc.....Response to Inappropriate Behaviors: If [Client #3] engages in Physical Aggression, staff will: 1) Use a FIRM, but non-confrontational tone of voice (ex. "No, [Client #3], that is not polite to...)If attempts persist, ask him if he would like to go to a quiet area to calm down. If he refuses, assist him in relocation with the lease</p>	W 127	<p>This deficiency will be corrected by the following actions:</p> <ol style="list-style-type: none"> All people served will be free from physical, verbal and psychological abuse or punishment. All BSP will be reviewed and assessed by psychologist. All target behavior to include Inappropriate Behaviors and Physical Aggression, will be addressed and added to BSP All restrictive intervention will be address via HRC. Person served has the right to constant access to his or her personal possessions Staff will not withhold access to items identified by the person served as being important. The home will be trained on YSIS-Protective intervention. Everyone has the right to receive appropriate treatment. Staff will be trained on voice tone and firmness. Staff will be trained on ensuring that the person served has their right to constant access to his or her personal possessions unless contraindicated by treatment needs—or indicated in plan. Staff will not use any techniques that were not trained and sanctioned by YSIS curriculum 	06.15.2018

W 159	Continued From page 9 revealed when she first started working in May 2017, she noticed how client #3 was banging his head and also headbutting the walls of the home. The QIDP was concerned client #3 was causing damage whenever he headbutted, so she spoke with the physical therapist (PT) who had a helmet constructed for client #3. Further interview revealed client #3's guardian did not give written; informed consent for the usage of the helmet. The QIDP revealed the psychologist was previously unaware of the helmet; but became aware once the survey team came to conduct a complaint investigation. When asked if the helmet was actually protecting client #3 from injury on a consistent basis, the QIDP replied, "No". The QIDP was unable to locate an order from client #3's doctor for the helmet. The QIDP stated, "I'm thinking he wears it all the time, because of this head banging".	W 159

	The facility must document significant events that are related to the client's individual program plan and assessments.		a. Significant events regarding the people we serve will be documented		
	This STANDARD is not met as evidenced by: Based on record review and staff interview, the facility failed to document significant events, affecting 1 of 6 audit clients (#3). The finding is:		b. All incident/accident forms will be completed following any ER visits		
	Significant events for client #3 were not documented.		c. Supporting documentarian will be obtain from visit.		
	Review on 4/12/18 of incident/accident forms for client #3 revealed the following incidents where he was transported to Duke emergency room (ER): 1/11/18; 1/30/18; 4/6/18 and 4/12/18. Client #3 was transported to Duke ER due to having behaviors where he was headbutting or banging his head. Further review did not reveal any other incident/accident forms or documentation of any other ER visits.		d. RN will review all discharge paper work		
	During an interview on 4/12/18, the qualified intellectual disabilities professional (QIDP) stated client #3 had a total of 6 Duke ER visits: 1/30/18; 3/13/18; 3/25/18; 3/30/18; 4/6/18 and 4/12/18. Further interview with the QIDP revealed she was unsure why the other ER visits were not documented.		e. Management will monitor all documentation addressing any immediate actions noted on paper work.		
W 254	PROGRAM DOCUMENTATION CFR(s): 483.440(e)(2)	W 254	f. Clinical Manager will review in monthly Core team meetings—unless Special team meeting is warranted.

W 254	Continued From page 14 During an interview on 4/12/18, the QIDP stated, "I'm thinking he wears it all the time; because of his head banging". Further interview revealed the helmet was on the van; which had left to take the 5 other clients to their day programs, while client #3 remained in the home. The van was gone for 1 hour and 45 minutes.	W 254
