V 108	Continued From page 1 reporting, investigating and controlling infectious and communicable diseases of personnel and clients. This Rule is not met as evidenced by: Based on record review and interview the facility failed to ensure at least one staff in the facility was trained in basic first aid and cardiopulmonary resuscitation for 1 of 3 sampled staff (#2). The findings are: Review on 10/16/18 of the record for Staff #2 revealed: -Hire date of 10/8/18. -No documentation of first aid or cardiopulmonary resuscitation training (CPR). Interview on 10/16/18 with Staff #2 revealed: -She indicated that her first aid and CPR training was scheduled for the current week. -She stated that she had been told by the Owner that she had 30 days upon hire to complete. Interview on 10/25/18 with the Owner revealed: -Staff #2 had prior training in first aid and cardiopulmonary resuscitation. She had been hired with the understanding that she had already completed this training. They thought she had 30 days to complete the training. -The training was expired and she was scheduled for the training on 10/17/18. -Staff #1 worked in the facility on shift alone.	V 108	North Carolina Outreach Group Homes, LLC has implemented a process through which we require newly hired employees to submit to the following at the time of application, rather than upon being hired: Back ground check, Health-Care Registry check, CPR/First Aid.

V 118	Continued From page 6 clients or medications not being delivered on time. -There was a system in place for daily MAR review, however, the errors had not be identified. This deficiency constitutes a re-cited deficiency and must be corrected within 30 days.	V 118	In order to mitigate concerns of medication errors in the case that the medication has not yet been delivered by the pharmacy. North Carolina Outreach Group Homes, LLC has ensured proper delegation of medication ordering and confirmation to our full-time registered nurse. As needed, when prescriptions are required, the RN notes it on the "Medication Reorders" form provided to the facility by the pharmacy. This document is transmitted either by fax or in person to the pharmacy. On any day a form is sent, the RN either personally picks up the medicines or the pharmacy delivers them. The RN also completes weekly medication cart audits to ensure that medication administration is handled properly. In the case that the RN is not available, this task falls to the Administrator.	
V 120	27G .0209 (E) Medication Requirements 10A NCAC 27G .0209 MEDICATION REQUIREMENTS (e) Medication Storage: (1) All medication shall be stored: (A) in a securely locked cabinet in a clean, well-lighted, ventilated room between 59 degrees and 86 degrees Fahrenheit; (B) in a refrigerator, if required, between 36 degrees and 46 degrees Fahrenheit. If the refrigerator is used for food items, medications shall be kept in a separate, locked compartment or container; (C) separately for each client; (D) separately for external and internal use; (E) in a secure manner if approved by a physician for a client to self-medicate. (2) Each facility that maintains stocks of controlled substances shall be currently registered under the North Carolina Controlled Substances Act, G.S. 90, Article 5, including any subsequent amendments. This Rule is not met as evidenced by: Based on observation and interview the facility failed to store medications separately for 2 of 3 sampled clients (#1, #3). The findings are:	V 120

DEC 03 2018

Lic. & Cert. Section

Dear Ms. Burleson:

Thank you for the cooperation and courtesy extended during the annual, complaint and follow up survey completed October 25, 2018. The complaint was unsubstantiated.

As a result of the follow up survey, it was determined that some of the deficiencies are now in compliance, which is reflected on the enclosed Revisit Report. Additional deficiencies were cited during the survey.

Enclosed you will find all deficiencies cited listed on the Statement of Deficiencies Form. The purpose of the Statement of Deficiencies is to provide you with specific details of the practice that does not comply with state regulations. You must develop one Plan of Correction that addresses each deficiency listed on the State Form, and return it to our office within ten days of receipt of this letter. Below you will find details of the type of deficiencies found, the time frames for compliance plus what to include in the Plan of Correction.

Type of Deficiencies Found

- Re-cited standard level deficiencies.
- All other tags cited are standard level deficiencies.

Time Frames for Compliance

- Re-cited standard level deficiencies must be **corrected** within 30 days from the exit of the survey, which is November 24, 2018.
- Standard level deficiencies must be **corrected** within 60 days from the exit of the survey, which is December 24, 2018.

What to include in the Plan of Correction

- Indicate what measures will be put in place to **correct** the deficient area of practice (i.e. changes in policy and procedure, staff training, changes in staffing patterns, etc.).
- Indicate what measures will be put in place to **prevent** the problem from occurring again.
- Indicate **who will monitor** the situation to ensure it will not occur again.
- Indicate **how often** the monitoring will take place.
- Sign and date the bottom of the first page of the State Form.

This report is completed by a State surveyor to show those deficiencies previously reported that have been corrected and the date such corrective action was accomplished. Each deficiency should be fully identified using either the regulation or LSC provision number and the identification prefix code previously shown on the State Survey Report (prefix codes shown to the left of each requirement on the survey report form).
