W 247	<p>INDIVIDUAL PROGRAM PLAN CFR(s): 483.440(c)(6)(vi)</p> <p>The individual program plan must include opportunities for client choice and self-management. This STANDARD is not met as evidenced by: Based on observation, record review and interview, the facility failed to assure 6 of 6 clients residing in the home (#1, #2, #3, #4, #5 and #6) were provided opportunities for choice and self management relative to meal preparation and other household skills. The findings are:</p> <p>Observations in the group home on 12/18/18 from 7:09 AM through 7:22 AM revealed a staff member pouring water into a pot and putting it on the stove, getting items from the refrigerator and pantry, and preparing oatmeal and toast. A staff member was also observed getting cups, bowls, plates and utensils from drawers and cabinets and then setting the dining table for all clients. Client #2 was observed to provide minimal assistance preparing his own oatmeal and toast. Otherwise, no clients were observed assisting with meal preparation or setting the table. It should be noted that all clients except client #2, chose to have cereal instead of oatmeal. Continued observations from 8:20 AM through 8:32 AM revealed staff to prepare lunch items for client's #1 and #4, as well as sweep the dining room floor, clean the kitchen area and wash the dishes.</p> <p>Review of the record for client #1 on 12/18/18 revealed an individual service plan (ISP) dated 12/27/17. The ISP included a current Comprehensive Functional Assessment (CFA) which indicated the client enjoys helping in the kitchen and likes cooking, as well as helping</p>	W 247

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

W 249	PROGRAM IMPLEMENTATION CFR(s): 483.440(d)(1) As soon as the interdisciplinary team has formulated a client's individual program plan, each client must receive a continuous active treatment program consisting of needed interventions and services in sufficient number and frequency to support the achievement of the objectives identified in the individual program plan. This STANDARD is not met as evidenced by: Based on observation, record review and interview, the facility failed to assure 3 of 4 sampled clients (#4, #5 and #6) received a continuous active treatment, and sufficient interventions and services to address topical medication administration needs. The findings are: A. The team failed to assure client's #5 and #6 received continuous active treatment on 12/17/18 during the 12/17-18/18 survey. For example: 1. Observations in the group home on 12/17/18 at 4:05 PM revealed a staff member prompting client #5 to check a chore/activity schedule located in the living area, and the client then began getting ready to take a shower. At 4:35 PM client #5 checked the chore/activity schedule, and then went to his room. Client #5 was not	W 249

At 5:55 PM, client #5 was observed to come out of his room and go to the living area, and a staff member was observed to prompt the client to put shoes on, and again the client returned to his room. At 6:10 PM, client #5 was observed sitting down at the dining table to begin eating dinner. In total, client #5 was noted to spend 95 of 125 observed minutes on 12/17/18, in his room.</p> <p>Review of the record for client #5 on 12/18/18 revealed an individual service plan (ISP) dated 5/21/18. Review of the current program objectives revealed 7 programs including math, toe nail care, exercising for 30 minutes and cleaning eye glasses. Continued review of the ISP revealed documentation that client #5 should not spend longer than 25 minutes in his room and that spending longer than that could make it difficult to engage him in activities. The ISP also indicated client #5 was capable of completing most household chores, and well as well as playing board games and doing crossword puzzles.</p> <p>Interview with the facility residential services director on 12/18/18 confirmed client #5 should not spend excessive amounts of time in his bedroom, and confirmed the client should have received more options for training and leisure on 12/17/18 to assure continuous active treatment.</p> <p>2. Observations in the group home on 12/17/18 at 4:05 PM revealed client #6 going outside with a timer to spend time on the back porch area. The client was observed to be outside until 4:40 PM,</p>	W 249
