W 249	W 249 Continued From page 2 #11 should wear the cervical collar for 30 minutes, three times a day. The last sixty days of documentation was reviewed, which illustrated a pattern of incomplete daily application of the cervical collar.  Interview with Staff B on 6/19/19 suggested that client #11 sometimes removed the strap to the cervical collar when applied by staff, but it was not recorded on the data sheet, as treatment refused. Staff B also acknowledged that staff might have forgot to apply the cervical collar on client #11.  Interview with the nurse on 6/19/19 confirmed that staff were supposed to apply the cervical collar on client #11, three times a day.		W 2	49
