Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

The [RNHCI and OPO] must conduct exercises to test the emergency plan. The [RNHCI and OPO] must do the followina: (i) Conduct a paper-based, tabletop exercise at least annually. A tabletop exercise is a group discussion led by a facilitator, using a narrated, clinically relevant emergency scenario, and a set of problem statements, directed messages, or prepared questions designed to challenge an emergency plan. (ii) Analyze the [RNHCI's and OPO's] response to and maintain documentation of all tabletop exercises, and emergency events, and revise the [RNHCI's and OPO's] emergency plan, as needed. This STANDARD is not met as evidenced by: Based on record review and interview, the facility failed to assure exercises were conducted annually to test the facility's emergency plan (EP) as required. The finding is: Review of the facility's EP, conducted on 7/8/19, revealed staff were provided with instruction related to the facility's EP during a staff meeting on 12/5/18, however, no documentation was available indicating any testing or table-top exercises were conducted during the past year. Interview with the facility gualified intellectual disabilities professional revealed no system was in place to assure testing of the facility's EP, and further verified no drill had been conducted during the past year to test the facility's emergency plan as required.
