W 125	PROTECTION OF CLIENTS RIGHTS CFR(s): 483.420(a)(3) The facility must ensure the rights of all clients. Therefore, the facility must allow and encourage individual clients to exercise their rights as clients of the facility, and as citizens of the United States, including the right to file complaints, and the right to due process. This STANDARD is not met as evidenced by: Based on record review and interview, the facility failed to ensure a client (#6) was afforded dignity regarding the use of disposable incontinence pads and clients (#1, #2, #3, #5, #6) had consents obtained by their legal guardians. This affected 5 of 6 audit clients. The findings are: 1. Client #6's dignity was not considered regarding the use of disposable incontinence pad placed underneath him as he sat. During morning observations in the home on 8/4/19 at 5:46am, a washable incontinence pad was observed placed on the chair, in which client #6 was sitting. Further observations revealed the disposable incontinence pad was visible to everyone in the home. During an interview on 8/4/19, Staff A revealed the disposable incontinence pad was placed on the chair because client #6 will have accidents. Further, Staff A commented client #6 is on a toileting schedule and he wears disposable briefs. Review on 8/4/19 of client #6's community/home life assessment dated 9/25/16 revealed he is dependent upon staff for all of his toileting needs. During an interview on 9/4/19, the qualified intellectual disabilities professional (QIDP)	W 125

W 125	Continued From page 1 confirmed client #6 should not have been sitting on the disposable incontinence pad. 2. Consents were not signed by the legal guardians for clients #1, #2, #3, #5 and #6. During morning observations in the home on 9/4/19 at approximately 6:41am, Staff B unlocked a closet door. Further observations revealed the closet held a variety of food items. During an interview on 9/4/19, Staff B revealed the closet door is kept locked because client #2 will "eat all of the food, if he could." a. Review on 9/4/19 of client #1's record revealed a behavior support plan (BSP). Further review revealed client #1's behavior medications are: Divalproex, Haloperidol, Benztropine, Klonopin and Latuda. Additional review of client #1's record revealed the behavior medication consent was signed on 2/7/18. Further review revealed the consent for locked pantry was signed on 12/5/17, consent of usage of door alarm was signed on 2/7/18 and no consent could be located for locked freezer. b. Review on 9/4/19 of client #2's record revealed a BSP dated 6/28/19. Further review revealed client #2's behavior medications are: Depakote, Aripiprazole, Fluvoxamine, Clonazepam, Risperedone and Benztropine. Additional review of client #2's record revealed the behavior medication consent did not have a signature or a date. Further review revealed the consent for locked pantry and locked freezer did not have a signature or a date. Additional review revealed the consent of door alarm could not be located. Review of client #2's BSP did not include	W 125

W 125	Continued From page 2 the usage of locking the pantry or freezer. c. Review on 9/4/19 of client #3's record revealed a BSP. Further review revealed client #3's behavior medications are: Tegretol, Neurontin and Risperdal. Additional review of client #3's record revealed the behavior medication consent was signed on 2/6/18. Further review revealed the consent for locked pantry was signed on 2/6/18, consent of usage of door alarm was signed on 2/6/18 and no consent could be located for locked freezer. d. Review on 9/4/19 of client #5's record revealed a BSP dated 6/27/19. Further review revealed client #5's behavior medications are: Escitalopram, Clonidine, Lamotrigine, Lorazepam, Quetiapine Fumarate and Melatonin. Additional review of client #5's record revealed the behavior medication consent, locked freezer consent, locked pantry consent and usage of door alarm had a signature, but were not dated. Review of client #5's BSP stated, "alarms have been placed on [Client #5'] bedroom windows and doors and are utilized with the intention of assisting staff in monitoring [Client #5] while in the home." e. Review on 9/4/19 of client #6's record revealed a BSP. Further review revealed client #6's behavior medications are: Clonidine, Risperdal and Depakene. Additional review of client #6's record revealed the behavior medication consent was not signed. Further review revealed the consents for locked pantry, locked freezer and door alarm were not signed. During an interview on 9/4/19, the facility's psychologist confirmed client #2's BSP did not	W 125

W 125	Continued From page 3 include the usage of locking the pantry and the freezer. During an interview on 9/14/19, the QIDP confirmed the consents for clients #1, #2, #3, #5 and #5 have not been signed or dated. The QIDP revealed all consents expire after 1 year. Further interview revealed the QIDP was unaware of the consents for the locked freezer. Additional interview revealed the QIDP is the person who is responsible to ensure all consents are current and up to date.	W 125		
W 189	STAFF TRAINING PROGRAM CFR(s): 483.430(e)(1) The facility must provide each employee with initial and continuing training that enables the employee to perform his or her duties effectively, efficiently, and competently. This STANDARD is not met as evidenced by: Based on observations, record review and interviews, the facility failed to ensure staff were sufficiently trained to document target behaviors, this affected 1 of 6 audit clients (#1). The finding is: Staff were not effectively trained regarding documenting target behaviors. During morning observations in the home on 9/4/19 at 8:58am, client #1 banged the back of his head three times against the wall in the dining room. Further observations revealed Staff D telling client #1, "Don't do that, it will give you a headache" and "Let me look, it looks fine."	W 189

W 189	Continued From page 4 During an interview on 9/4/19, Staff D revealed they did not fill out an incident/accident report nor did they call the nurse. During an interview on 9/4/19, the facility's nurse confirmed staff should have filled out an incident/accident report and she should have been called in regards to client #1 banging his head against the wall.	W 189		
W 249	PROGRAM IMPLEMENTATION CFR(s): 483.440(d)(1) As soon as the interdisciplinary team has formulated a client's individual program plan, each client must receive a continuous active treatment program consisting of needed interventions and services in sufficient number and frequency to support the achievement of the objectives identified in the individual program plan. This STANDARD is not met as evidenced by: Based on observations, interviews and record reviews, the facility failed to ensure each client received a continuous active treatment plan consisting of needed interventions and services identified in the individual program plan (IPP) in the areas of clothing, using a footstool during mealtimes and behavior management. This affected 3 of 6 audit clients (#1, #4, #5). The findings are: 1. A recommendation for the Home Manager (HM) to purchase more clothing for client #1 was not completed.	W 249

W 249	Continued From page 5 During observations in the home on 9/4/19, the surveyor along with the HM looked though client #1's clothing. Further observations revealed client #1 had 9 - 10 pair of socks and there was 1 pair with holes and quite a few mixed matched socks. During an immediate interview on 9/4/19 the HM confirmed client #1 needs more socks and underwear. Review on 9/3/19 of client #1's IPP dated 5/20/19 stated, "House Manager will purchase more clothes for [Client #1]." During an interview on 9/3/19, the qualified intellectual disabilities professional (QIDP) revealed the recommendation for the purchasing of more clothing for client #1 by the HM did not occur. 2. Client #4 did not use his foot stool during meals. During meal time observations in the home on 9/3/19 and 9/4/19, client #4 did not use a foot stool during meal time. During an interview on 9/4/19, Staff B revealed using the foot stool for client #1 during meals had been discontinued. Review on 9/4/19 of client #1's IPP dated 5/3/19 stated, "OT Recommendations...foot stool to support feet during meal times...." Review on 9/4/19 of client #1's nutritional evaluation dated 7/3/19 revealed, "...foot stool at meal time."	W 249

W 249	Continued From page 6 During an interview on 9/4/19, the QIDP "believed" the foot stool for client #1 had been discontinued. Further interview revealed there was no documentation in client #1's chart indicating if the foot stool had been discontinued. 3. Client #5's behavior support plan (BSP) was not followed as written. During evening observations in the home on 9/3/19 client #5 had eloped with the HM following him. Further observations revealed from 6:20pm until 6:40pm, client #5 had not returned home. At 6:25pm, Staff C stated she was going to get in the van to see if she could locate client #5 and the HM. Staff C called the group home and spoke with the surveyor to inform them, client #5 and the HM were both at a local park and were currently walking back to the home. Staff on duty at the facility did not contact 911. During an interview on 9/3/19, Staff C confirmed 911 was not called, as it is written in client #5's BSP. Staff C stated she thought by calling 911 would make the situation "worse" for client #1. During an interview on 9/3/19, the HM explained there is no "manager on duty" during the week, only on the weekend and she is the manager on duty during the week. Review on 9/3/19 of client #1's BSP dated 6/27/19 stated, "One staff at home/work should contact the Manager On Call. If [Client #5] and the accompanying staff do not return in 10 minutes, the staff in the home/work will call 911."	W 249

W 252	PROGRAM DOCUMENTATION CFR(s): 483.440(e)(1) Data relative to accomplishment of the criteria specified in client individual program plan objectives must be documented in measurable terms. This STANDARD is not met as evidenced by: Based on documentation review and interviews, the facility failed to ensure data was documented correctly. This affected 2 of 6 audit clients (#4, #5). The findings are: 1. Client #4's water intake log was not collected on a consistent basis. During an interview on 9/4/19, Staff B revealed client #4's water intake log should be done daily. Review on 9/4/19 of client #4's water intake log revealed for the entire month of August 2019 data was missing. Additional review revealed for the first three days in September data was missing. Review on 9/4/19 of client #4's feeding protocol (no date) revealed, "2. [Client #4] will have 3 liters of liquid daily...." Review on 9/4/19 of client #4's nutritional evaluation dated 7/3/19 revealed, "...3 lt/day fluid goal...."	W 252
