Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

E 007	Continued From page 1 equipment needs of clients. Additional interview with the QIDP verified the adaptive equipment needs for clients residing in the group home includes helmets, walkers, and wheelchairs. Further interview with the QIDP verified BSPs and updated client specific information should be contained within the group home EPP manual to aid persons unfamiliar with each client to provide appropriate, safe care. In addition, the QIDP verified the facility's current comprehensive EPP manual dated October 2017 needed to be updated as all information in the manual was not current.	E 007			
W 130	<p><b>PROTECTION OF CLIENTS RIGHTS</b> CFR(s): 483.420(a)(7)</p> <p>The facility must ensure the rights of all clients. Therefore, the facility must ensure privacy during treatment and care of personal needs.</p> <p>This STANDARD is not met as evidenced by: Based on observations and interviews the facility failed to provide privacy for 1 non-sampled client (#2). The finding is:</p> <p>Morning observations in the group home on 6/11/19 at 7:32 AM in the kitchen/breakfast area revealed staff H to assist client #2 with putting on a belt with his pants. Continued observations revealed client #2 to also lift up his shirt as staff H assisted him with his belt. Consequently, this exposed client #2's torso and gray underwear brief to other clients also located in the kitchen/breakfast area.</p> <p>Interview on 6/11/19 with staff H at 7:35 AM revealed he helps at the group home when</p>	W 130	<p>W130</p> <p>The Qualified Professional will inservice staff on ensuring the privacy of client #2 when assisting with grooming. The clinical team will monitor 2 x a week for 1 month then on a routine basis through Interaction Assessments to ensure privacy of client #2 and all people supported. In the future, the Qualified Professional will ensure staff are trained and encouraging all people supported to exercise their right to privacy.</p> <p>By: 08/11/19</p>

W 130	Continued From page 2 needed and client #2's belt is locked in the group home's office. In addition, staff H revealed 3rd shift usually assists client #2 with putting on his belt. Interview on 6/11/19 with the home manager (A) and the qualified intellectual disabilities professional (QIDP) confirmed client #2's belt is stored in the group home's office, located near the kitchen/breakfast area. Continued interview with the QIDP revealed all staff have been trained to respect clients' privacy. Subsequent interview with the QIDP confirmed staff should ensure client privacy during the treatment and care of personal needs, such as dressing.	W 130	W227  The team will meet to determine the need for additional training objectives with relevant activities for client #2 based on the Adaptive Behavior Inventory. The Habilitation Specialist will ensure the recommendations are addressed in the form of a formal program as needed and in service all staff to ensure the programs are implemented per the team meeting. The Qualified Professional will revise the Person Centered Plan to include the results of the team meetings. The clinical  <i>continued</i>		
W 227	INDIVIDUAL PROGRAM PLAN CFR(s): 483.440(c)(4)  The individual program plan states the specific objectives necessary to meet the client's needs, as identified by the comprehensive assessment required by paragraph (c)(3) of this section.  This STANDARD is not met as evidenced by: Based on observation, record review and interview, the facility failed to ensure the person centered plan (PCP) for 1 non-sampled client (#2), included sufficient training objectives and activities relative to self-help skills. The finding is:  Observations on 6/10/19 in the group home from 3:30 PM to 4:25 PM revealed client #2 to sit outside underneath the covered carport area gazing. Continued observations revealed from 4:30 PM to 5:45 PM client #2 came into the group home to take his medications, returned briefly outside, returned inside to his bedroom and the bathroom. Further observations at 5:50 PM	W 227

W 227	Continued From page 3 revealed client #2 to sit at the dining table consuming his dinner meal.  Observations on 6/11/19 at the group home from 7:00 AM to 7:30 AM revealed client #2 to sit in the TV room, gazing out the window. Continued observations at 7:32 AM revealed client #2 to put on his belt with staff assistance, and afterwards to walk around the kitchen/dining area and to sit at his place setting at the dining table. Further observations at 8:00 AM revealed client #2 to eat his breakfast meal.  Review on 6/11/19 of client #2's PCP dated 10/24/18 revealed programs for shoe care, dusting furniture, meal preparation and a behavior support plan (BSP). Continued review revealed an adaptive behavior inventory (ABI) dated 10/24/18. Further review revealed needs for client #2 to include additional meal preparation skills, community living skills, and danger/safety awareness.  Interview on 6/11/19 at 7:20 AM with staff H revealed client #2 recently graduated from high school. Continued interview revealed client #2 has no morning programs. Interview on 6/11/19 with the qualified intellectual disabilities professional (QIDP) verified client #2 recently graduated from high school and needs additional programming. The QIDP verified client #2 needs additional training objectives with relevant activities formulated for each goal to promote the accomplishment of client #2's assessed self-help skills.	W 227	team will monitor 2x a week for 1 month then on a routine basis through Interaction Assessments to ensure participation and independence is encouraged for client #2 and all people supported to participate in activities to their maximum potential. In the future, the Qualified Professional will ensure all Person Centered Plans include objective training to address identified needs.  By: 08/11/19
