Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

E 015	Continued From page 2 supply needs found in the home's EPP manual titled "RHA Health Services Guilford 1 Emergency Operations Plan" dated October 2017. Continued interview with the QIDP confirmed the group home does not currently have sufficient subsistence EPP supplies such as food for clients and staff, to meet current EPP regulations regardless of whether they evacuate or remain in place at the group home. In addition, the QIDP confirmed the facility's current, comprehensive EPP needs to be updated.	E 015	W130 A team meeting will be held to discuss needs in privacy training for client #2. The Habilitation Specialist will in-service staff on the results of the team meeting. The clinical team will monitor 2 x a week for 1 month then on a routine basis through Interaction Assessments to ensure staff are addressing needs in privacy for client #2 and all people supported. In the future, the Qualified Professional will ensure staff are training persons supported and monitoring to ensure privacy during treatment and care of personal needs.	
W 130	PROTECTION OF CLIENTS RIGHTS CFR(s): 483.420(a)(7) The facility must ensure the rights of all clients. Therefore, the facility must ensure privacy during treatment and care of personal needs. This STANDARD is not met as evidenced by: Based on observations, record review, and interviews the facility failed to provide privacy for 1 of 3 sampled clients (#2). The finding is: Observations on 8/5/19 at 5:21 PM during the dinner meal revealed client #2 to stand up from his seated position at the dining table and state, "my pants fell down" as he concurrently lifted up his shirt. Continued observations revealed client #2 to inadvertently expose his torso to clients and staff located at the dining table. Further observations revealed client #2 to state, "I'll pull my pants up," to which the client pulled up his pants and subsequently lowered his shirt to cover his torso. Subsequent observation revealed client #2 immediately returned to his seated position at the dining table. Consequently, at no time did staff offer client #2 assistance with his	W 130

Further observations revealed staff A, D, and E did not move client #2 to a private area to assist with adjusting his pants.</p> <p>Observations on 8/6/19 at 6:55 AM revealed client #2 to stand in the hallway in front of his bedroom fully unclothed and ask for staff assistance. Further observations at 6:58 AM revealed client #2 to stand in the laundry room located a few feet from his bedroom still fully unclothed. Continued observations revealed the window in the laundry room had a film covering affixed to the bottom portion of the window and the top window portion had no covering of any kind. Ongoing observations revealed client #2 remained fully unclothed and viewable to nearby community neighbors as he continued to stand in the laundry room. Subsequent observations at 7:03AM revealed client #2 was fully clothed as he walked out of his bedroom.</p> <p>Review of the records for client #2 on 8/6/19 revealed a person centered plan (PCP) dated 3/8/19. Review of the behavior support plan (BSP) dated 9/7/18 revealed target behaviors of refusal, hiding soiled clothes, physical aggression, and property damage. Further review of the record for client #2 revealed an Adaptive Behavior Inventory (ABI) dated 1/24/19 that reflected client #2 needs staff assistance with pullover and buttoned up shirts, belt buckles, and zipping his pants. Continued review of the client record revealed a rights assessment dated 2/27/19 that reflected client #2 needs full support regarding privacy, personal care, and privacy in the bedroom.</p>	W 130

W 130	Continued From page 4 Interview with staff G on 8/6/19 revealed client #2 has had past episodes where he exposed himself during morning ADLs. Further interview with staff G revealed when client #2 exposes himself, staff will obtain a towel to cover him and assist him back to his bedroom. Continued interview with staff G revealed she has not received training on how to assist or redirect client #2 with exposing himself. Interview with staff B on 8/6/19 revealed client #2 should not have been fully unclothed and exposed where others and nearby community neighbors could see him. Interview with the qualified intellectual disabilities professional (QIDP) on 8/6/19 confirmed client #2 does not have any program objectives relative to exposing himself. Continued interview with the QIDP confirmed staff should have immediately addressed the client's exposure behavior and assisted client #2 to a private area to assist him with adjusting his clothes. In addition, the QIDP confirmed client #2 should not have been unclothed where others and nearby community neighbors could see him.	W 130			
W 137	PROTECTION OF CLIENTS RIGHTS CFR(s): 483.420(a)(12) The facility must ensure the rights of all clients. Therefore, the facility must ensure that clients have the right to retain and use appropriate personal possessions and clothing. W 137	Continued From page 5 clothing in good repair as evidenced by observation and interview. The finding is: Observations on 8/5/19 in the group home at 12:15 PM revealed client #4 to wear ill-fitting, lengthy, black denim pants which required adjustment assistance. Continued observations revealed client #4's pants were noticeably ripped in areas and swept the floor surface as he walked. Subsequent observation at 4:00 PM revealed client #4 to wear loose, ill-fitting, lengthy jersey shorts which exposed his backside. Observations in the group home on 8/6/19 of client #4's clothing in his bedroom, along with staff A, revealed an array of tops. Continued observations, along with staff A, revealed client #4 to have 5 large sized pants consisting of athletic/sweat pant material with elastic ribbed hems, sewn hems and cut offs, 1 large sized brown pair of khaki pants, 1 size 34-36 cutoff jean pants, and 1 size 34 pair of jean pants. Subsequent observations revealed client #4 to have 1 medium sized pair of red cut off sweat pants. Interview on 8/6/19 with staff A revealed client #4 wears size 34 pants and the facility has to hem pants for the client. Interview conducted on 8/6/19 with the qualified intellectual disabilities professional (QIDP) confirmed pants of client #4 should be hemmed and he is in need of new, better fitting clothing.	W 137	W137 The Home Manager will complete a Personal Belonging Inventory data sheet to determine the clothing needs for client #4. The Qualified Professional will in-service staff on ensuring all clothing needs are reported in a timely manner to ensure all clothing is an appropriate fit and in good repair for client #4 and all people supported. The Clinical team will monitor 2x a week for a period of four weeks through Interaction Assessments to ensure clothing is an appropriate fit and in good repair for client #4 and all people supported. In the future, the Qualified Professional will ensure staff are trained to promptly report all clothing needs to ensure all clothing is an appropriate fit and in good repair.
