W 130	Continued From page 1 receive her medications in the middle of the hallway directly in front of the facility entry door without the use of a privacy screen or another mode of privacy. Interviews on 10/7/20 with the facility nurse confirmed clients who are not in their bedrooms at the time of medication administration are removed out of the area, away from other clients to receive the medications. Further interview with the facility nurse verified that clients are moved out of the dayroom into the hallway to be as discreet as possible during medication administration. Interview with the director of nursing (DON) verified that some clients are provided medication administration in their rooms. Further interview with the DON verified the facility previously administered medications in the corner directly in front of the exit door leading to the back yard. The DON also confirmed privacy should be provided for all clients during the administering of individuals' medications.	W 130

Plan of Correction (POC) Horizons Residential Care Center- Arches

Survey Completion Date: 10/07/2020

Submitted Date: 11/2/2020

Introduction

Thank you for your recent visit to Horizons Residential Care Center. We appreciated the feedback that you shared with us. We have used your feedback to address areas of need and improvement in our delivery of services to our clients. Please see our specific actions, detailed below, to rectify the deficiencies that were noted. We look forward to your continued input and involvement with our agency.

All the best,

Matthew James

Director of Clinical Operations

Horizons Residential Care Center

Tag and POC

W130. In response to this deficiency- Horizons has identified a medication administration room, which will ensure privacy for medication administration. The room is away from frequent activity and visitors. Secondly, blinds, privacy screens, or the residents bedroom can also we

used to adapt the environment to ensure privacy. The Director of Nursing and the Assistant Director of Nursing will complete periodic (quarterly or more) med pass observations to ensure compliance with the privacy protocols. This is to be completed by Dec. 4th, 2020.

W249A. In response to this deficiency, Horizons will complete re-training for all Arches staff on the correct use of all communication devices, in a client specific manner, by the Speech Language Pathologist. All communication devices will be checked for accessibility and working order by staff on each shift using a shift report form. This will be completed by Dec. 4th, 2020.

W249B. In response to this deficiency, Horizons will revise mealtime guidelines to include communication devices as part of the required mealtime equipment; and will train staff on revised guidelines that reflect the appropriate integration of communication devices during mealtime for each resident. All communication devices will be checked for accessibility and working order by staff on each shift using a shift report form. This will be completed by Dec. 4th, 2020.

Conclusion

Thank you again for the detailed feedback that supports our improvement of service delivery. While external feedback is important to

ensure the provision of excellent services, we as an organization understand the necessity to continuously monitoring internally and address areas of need. We value the input of both external and internal sources that lead to better quality of life outcomes for the individuals our agency supports. We hope you find the detailed plans of correction sufficient.

All the best,

Matthew James
