W 227	<p>INDIVIDUAL PROGRAM PLAN CFR(s): 483.440(c)(4)</p> <p>The individual program plan states the specific objectives necessary to meet the client's needs, as identified by the comprehensive assessment required by paragraph (c)(3) of this section.</p> <p>This STANDARD is not met as evidenced by: Based on observation, record review and interviews, the person-centered plan (PCP) failed to have sufficient training objectives to meet the identified needs for 1 of 3 sampled clients (#2) in order to promote independence during meals. The finding is:</p> <p>Afternoon observations in the group home on 5/3/21 from 5:30 PM to 5:53 PM revealed client #2 to participate in the dinner meal which consisted of the following: grilled chicken breast, parsley potatoes, green beans, fruit, sugar free beverage and water. Further observation revealed client #2 to move the piece of chicken around his plate and attempt to cut it with his fork and spoon as staff sat on both sides of him at the dining table. Continued observations revealed client #2 to pick up a large piece of chicken and attempt to eat a piece of it by holding it with his left hand and the fork in his right hand. Observations did not reveal client #2 to ask for assistance nor did staff offer assistance with cutting his grilled chicken. Observations at 5:53 PM revealed client #2 to push the remaining 3/4 piece of grilled chicken to the side and to throw it in the trash. At no point during the observation did client #2 use his knife or ask for staff assistance.</p>	W 227	<p style="text-align: center;">DHSR - Mental Health</p> <p style="text-align: center;">MAY 28 2021</p> <p style="text-align: center;">Lic. & Cert. W 227	<p>Continued From page 1</p> <p>Morning observations in the group home on 5/4/21 from 7:25 AM to 7:45 AM revealed client #2 to sit at the dining table and participate in the breakfast meal which consisted of a bowl of cereal, 2 pieces of raisin toast, milk and water. Continued observations revealed client #2 to attempt to cut his toast with a spoon. Further observations revealed client #2 to pick up a piece of toast and attempt to eat it with both hands. Observations at 7:50 AM revealed client #2 to throw the remaining pieces of raisin toast in the trash can to participate in helping staff in the kitchen. At no point during the observation period did client #2 use the knife available to him nor did he request assistance from staff in cutting his raisin toast.</p> <p>Review of the record for client #2 on 5/4/21 revealed a person-centered plan dated 10/2/20. Further review of the record for client #2 revealed an adaptive behavior inventory (ABI) dated 10/2/20 which indicates that client #2 can use a fork and spoon with full independence. Continued review of the ABI indicates that client #2 can use a knife for cutting with partial independence and needs assistance. Subsequent review of the PCP indicates that client #2 is on a whole diet; weight gain and snacks two times daily. Further review of the record also indicates that client #2 needs Glucerna two times a day and staff should encourage seconds on all meals except pancakes, waffles, and desserts.</p> <p>Interview with the qualified intellectual disabilities professional (QIDP) verified that she was not aware that client #2 needed assistance with using a knife. Further interview with the QIDP verified that she understood that the client not having</p>	W 227	<p>W227</p> <p>The team will meet to determine the need for additional training objectives with relevant activities for client #2 based on the Adaptive Behavior Inventory. The Habilitation Specialist will ensure the recommendations are addressed in the form of a formal program as needed and in service all staff to ensure the programs are implemented per the team meeting. The Qualified Professional will revise the Person Centered Plan to include the results of the team meetings. The clinical team will monitor 2x a week for 1 month then on a routine basis through Mealtime Assessments to ensure participation and independence is encouraged for client #2 and all people supported to promote</p>
