Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

W 249	Continued From page 1 5/25/21 revealed, "In the area of medication administration [Client #10] is able to punch her medication from the card, pour her beverage of choice." B. During afternoon medication administration on 12/13/21 at 5:49pm, Staff C poured the juice for Client #15. Additional observations revealed Client #15 was not prompted to participate in his medication administration. Additional observations revealed Client #15 was observed pouring his own drink during dinner with hand over hand assistance. During an interview on 12/13/21, Staff C stated Client #10 should have poured his own drink. Review on 12/13/21 of Client #15's IPP dated 6/29/21 revealed, "[Client #15] will participate in med administration to his fullest potential...[Client #15] will be assisted when pouring his liquid." W 340	Continued From page 2 staff were sufficiently trained in the proper wearing of face masks. This potentially effected all clients (#1 - #15) residing in the facility. The finding is: During afternoon observations in the home on 12/13/21 from 11:22am though 12:22pm, Staff A was observed wearing their face mask below their nose. Further observations revealed Staff A was interacting with various clients and co-workers, while the mask was below their nose. During afternoon observations in the home on 12/13/21 from 3:11pm though 3:45pm, Staff B was observed wearing their face mask below their nose. Further observations revealed Staff B was interacting with various clients and co-workers, while the mask was below their nose. During morning observations in the home on 12/14/21 from 6:43am though 7:07am, Staff A was observed wearing their face mask below their nose. Further observations revealed Staff A was interacting with various clients and co-workers, while the mask was below their nose. Review on 12/13/21 of a memo hanging on several walls in the home stated, "Please remember to keep your mask pulled up over your nose and mouth at all times!!!" During an interview on 12/14/21, the director confirmed while staff are wearing their face masks, it needs to cover both their mouth and nose.	W 340

W 436	<p>Continued From page 3</p> <p>The facility must furnish, maintain in good repair, and teach clients to use and to make informed choices about the use of dentures, eyeglasses, hearing and other communications aids, braces, and other devices identified by the interdisciplinary team as needed by the client. This STANDARD is not met as evidenced by: Based on observations, record review and interviews, the facility failed to ensure recommended equipment, specifically eyeglasses, were furnished for 2 of 6 audit clients (#1 and #9). The findings are:</p> <p>A. During medication administration observations in the home on 12/14/21 at 7:28am, Client #1 was observed not wearing her eyeglasses. Further observations revealed Staff D had to physically put Client #1's hand on the cup she was attempting to drink out of. At no time was Client #1 prompted to wear her eyeglasses.</p> <p>During an interview on 12/14/21, Staff D revealed Client #1 should have worn her eyeglasses during her medication administration.</p> <p>Review on 12/14/21 of Client #1's individual program plan (IPP) dated 3/2/21 revealed, "[Client #1] has glasses to wear...[Client #1's] vision is impaired. [Client #1] was diagnosed in 2003 with mild cataracts and advanced retinal degeneration, consistent with retinitis pigmentosa."</p> <p>B. During observations throughout the survey on 12/13 - 12/14/21, Client #9 was not observed wearing his goggle type eyeglasses. At no time was Client #9 prompted to wear his eyeglasses.</p> <p>Review on 12/13/21 of Client #9's IPP dated</p>	W 436

W 436	Continued From page 4 4/27/21 revealed, "[Client #9] wears goggled/glasses...His diagnosis were Hypermetropia (long-slightness which is where nearby objects appear blurred, but vision is clearer when looking at things further away) and Regular Astigmatism (irregular corneal or lens curvature of the eye). The team tried tried different type glasses and other options and agreed upon the goggles."	W 436			
W 441	During an interview on 12/14/21, the director confirmed both clients #1 and #9 should have been wearing their eyeglasses. EVACUATION DRILLS CFR(s): 483.470(i)(1) and under varied conditions to- This STANDARD is not met as evidenced by: Based on review of fire drill reports and interview, the facility failed to ensure fire evacuation drills were conducted at varied times. This affected all clients (#1 - #15) residing in the home. The finding is: Review on 12/31/21 revealed four fire drills were conducted on second shift at: 3:40pm, 4:10pm, 4:50pm and 3:48pm. Further review revealed five fire drills conducted on third shift at: 2:10am, 5:50am, 12:24am, 5:30am and 5:30am. During an interview on 12/13/21 the director revealed the fire drills were not conducted during varied times. The director stated second shift hours are 3:15pm until 11:45pm and third shift hours are 11:20pm until 7:30am.	W 441
