V 290	Continued From page 6 - Client #1 transferred herself from her bed to her wheelchair and rolled herself out of the facility during drills. - Client #2 had a hospital bed and the bedrails were up when she was in bed. - Client #2 could not lower her bedrails independently. - Client #2 required assistance to transfer from her bed to her wheelchair; she could maneuver her electric wheelchair independently. - Both clients required verbal prompts to evacuate. During interview on 1/04/22 the Shift Lead stated: - Clients #1 and #2 required direction and assistance to evacuate facility, - Client #2 could drive her electric wheelchair, but staff had to transfer her from her bed to her wheelchair. - Client #1 required assistance to evacuate. - Staff had been instructed to open the clients' bedroom window and put them outside if necessary to keep them safe during an emergency that required evacuation of the facility. During interview on 1/05/22 the Regional Director stated a Hoyer lift was available for use if needed, but staff did not always use it. She understood the need to keep the clients safe and to have minimum staffing to meet client needs. She would consider additional staff.	V 290	Ea
