The QP and the Director will be responsible for ensuring that the drills are documented." The facility served client #1 who had a history of running away. Client #1's only window in her bedroom had screws on both sides and the window could not be opened. Client #1 had indicated that she noticed the screws were in place around Christmas 2021 and that she could not open her window. Client #1 felt her bedroom window had screws installed to prevent her from running away. Licensee #2 had placed the screws in client #1's bedroom window. This deficiency constitutes a Type A1 rule violation for serious neglect and must be corrected within 23 days. An administrative penalty of \$2,000.00 is imposed. If the violation is not corrected within 23 days, an additional administrative penalty of \$500.00 per day will be imposed for each day the facility is out of compliance beyond the 23rd day.
