W 240	<p><b>INDIVIDUAL PROGRAM PLAN</b> CFR(s): 483.440(c)(6)(i)</p> <p>The individual program plan must describe relevant interventions to support the individual toward independence. This STANDARD is not met as evidenced by: Based on observations, record review and interviews, the facility failed to ensure client #2's Individual Program Plan (IPP) included information to support his independence with processing his food. This affected 1 of 5 audit clients. The finding is:</p> <p>During observations in the home on 10/17/22, Staff C utilized a food processor to process client #2's food items. During this time, client #2 was in the dining room area at the kitchen table. Client #2 was not prompted to assist with processing his food.</p> <p>Review on 10/18/22 of client #2's IPP dated 12/30/21 revealed he consumes a pureed diet. Additional review of the plan did not include information to support his independence with processing his own food.</p> <p>Interview on 10/18/22 with the Home Manager (HM) indicated she has asked about using an Abenet device to assist client #2 with processing his food; however, she had been told it was too expensive.</p> <p>Interview on 10/18/22 with the Qualified Intellectual Disabilities Professional (QIDP) indicated client #2 could participate with processing his food if he had an Abenet device and a button switch; however, one has not been purchased and is currently not a part of his plan.</p>	W 240

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

W 340	Continued From page 11 other members of the interdisciplinary team, appropriate protective and preventive health measures that include, but are not limited to training clients and staff as needed in appropriate health and hygiene methods. This STANDARD is not met as evidenced by: Based on observations, record review and interviews, the facility failed to ensure staff were sufficiently trained to implement facility protocols for COVID-19 regarding wearing surgical masks. The finding is:  During evening observations in the home on 10/17/22, four staff worked in the home. One staff wore two surgical masks covering their nose and mouth while three staff wore a single surgical mask covering their nose and mouth.  Review on 10/17/22 of the facility's COVID-19 list of vaccinations for staff revealed two of the three staff working in the home with a single surgical mask had religious exemptions and were not vaccinated against COVID-19. Additional review of the facility's protocol for unvaccinated staff noted, "Employees granted a religious exemption are required to wear additional PPE, such as double surgical masks and/or a surgical mask and face shield."  Interview on 10/18/22 with the Qualified Intellectual Disabilities Professional (QIDP) confirmed staff who have been granted an exemption for COVID-19 vaccinations are required to wear a double surgical mask. ## **CANTERBURY ROAD HOME PLAN OF CORRECTIONS**

**For**

**Survey conducted October 18, 2022**

### **W 240 INDIVIDUAL PROGRAM PLAN**

The facility will ensure individual's program plan will provide relevant interventions toward independence

QP will update client #2's PCP to include the use of the Ablenet adaptor device with the button to food processor for his meals, and all others adaptive items for meals at their home.

Habilitation Specialist will in-service all DSP on Client #2 being as independent during his meals, and ensure person supported use the Ablenet device with a button attached to the food processor during his meals, and all individuals on independence and use of adaptive needs are being met at the Canterbury home.

Monitoring of adherence to the above will occur through chart reviews. Mealtimes assessments, formal program assessments and interaction assessments as well as general observations conducted two times per month for 3 consecutive months.

**Target Date: 12/18/2022**

### **W 249 PROGRAM IMPLEMENTATION**

As soon as the interdisciplinary team has formulated a client's individual program plan, each client must receive a continuous active treatment program consisting of needed interventions and services in sufficient number and frequency to support the achievement of the objectives identified in the individual program plan

QP/Hab Spec will in-service all DSP's on continues active treatment encouraging all people supported in the home to have the opportunity to be as independent as possible in the areas of food prep and family style dining with choices and self-management.

QP/Hab Spec will in-service all DSP for individual (#3, #5 and #6) and all others supported at the home in the area of meal prep and key usage

Monitoring of adherence to the above will occur through interaction assessment, mealtimes assessment as well as general observations by the Interdisciplinary Team at a minimum of (2) each for the next (3) consecutive months. The assessments and general observations will be completed by either of the following QP, Hab. Spec., Behavior Specialist and nursing.

**Target date: 12/18/22**

## **W 252 PROGRAM DOCUMENTATION**

Data relative to accomplishment of the criteria specified in client individual program plan objectives must be documented in measurable terms

Hab Spec./QP will review all program data collection at the home with staff for client #3, #5 and #6 and all other individuals at the home. Hab Spec./QP will in-service all DSP's on ensuring all programs data collection per program for client #3, #5 and #6 all other individuals in the home are collected as written per the program.

Monitoring of adherence to the above will occur through chart reviews, monthly interaction assessments and formal program assessments for (2) consecutive months as well as general observations by the Interdisciplinary team at a minimum of (2) interaction assessments and (1) formal program assessment for two consecutive months.

**Target Date: 12/18/2022**

## **W 263 PROGRAM MONITORING & CHANGE**

The committee should ensure that these programs are conducted only with the written consent of the client, parents (if client is a minor) or legal guardian.

Behavioral Specialist/QP will review client #1's BSP ensuring to obtain written consent from client #1 guardian for his present BSP, and ensure all others BSP's address behaviors in their plan have consent from their guardians and Human Rights Committee Consent

Monitoring of adherence to the above will occur through chart reviews for (1) consecutive review as well as general observations by the Interdisciplinary Team at a minimum of quarterly reviews by the QP for (1) month

**Target Date: 12/18/2022**

## **W 288 MGMT OF INAPPROPRIATE CLIENT BEHAVIOR**

Techniques to manage inappropriate client behavior must never be used as a substitute for an active treatment program

Psychologist/ Behavioral Specialist will in-service client #2's BSP target behavior. Emphasizing client #2 has been prone to taking food that belongs to others or that hasn't been prepared for him as he hasn't attempted to ingest toiletry items. For that reason, his toiletries (Bins) and those belonging to his housemates should be in individual's respective bedrooms.

Monitoring of adherence to the above will occur through (2) interaction assessments for two consecutive reviews and through general observation to be conducted by the IDT team.

## **W 312 DRUG USAGE**

Be used only as an integral part of the client's individual program plan that is directed specifically towards the reduction of and eventual elimination of the behaviors for which the drugs are employed

Psychologist/Behavioral Specialist will review client #6 Behavior Support Plan and all other Behavior Support Plans to ensure addressing reduction and/or elimination of present medication use for control behaviors are addressed in the plans.

Monitoring will occur through chart reviews, quarterly drug reviews, and QP Quarterly reviews for (2) consecutive reviews by the IDT team

Target Date: 12/18/22

### **W 340 NURSING SERVICES**

Nursing services must include implementing with other members of the interdisciplinary team, appropriate protective and preventive health measures that include, but are not limited to training clients and staff as needed in appropriate health and hygiene methods

Nursing will in-service all staff on Properly wearing the surgical mask at the home to include staff that had been granted a religious exemption for COVID-19

Monitoring of adherence to the above will occur through nursing house assessment and interaction assessment at a minimum of (1) each for the next (3) consecutive months. The assessments and general observations will be completed by IDT members

Target Date: 12/18/22

### **W 460 FOOD AND NUTRITION SERVICES**

Each client must receive a nourishing, well-balanced diet including modified and specially - prescribed diets.

QP/Hab Spec will in-service all staff on client #2, #3, and #6's specially diet list. In addition, DSP's will be in-service on all other clients' diet list including a review of modified and specially prescribed diets as it is identified by physician orders in individual's chart.

Monitoring of adherence to the above will occur through the mealtime assessments, as well as general observations at a minimum of (2) each for the next (3) consecutive months. The assessments and general observations will be completed by either of the following: Behavior Specialist, Habilitation Specialist, OT/PT Assistant, QP, Home Manager and the Nursing staff.

Target Date: 12/18/2022
