W 130	<p><b>PROTECTION OF CLIENTS RIGHTS</b> CFR(s): 483.420(a)(7)</p> <p>The facility must ensure the rights of all clients. Therefore, the facility must ensure privacy during treatment and care of personal needs. This STANDARD is not met as evidenced by: Based on observation, record review and interview, the facility failed to ensure privacy for 1 of 6 audit clients (#9) while receiving personal care. The finding is:</p> <p>During observations on medication administration on 11/1/22 at 3:30pm in house 2, Staff A was preparing to apply ointment to client #9's buttocks to promote wound healing, in the medication room. Client #9 was seated in his power wheelchair. The home manager (HM) suggested to Staff A that he take client #9 to his bedroom and apply the ointment there, in his bed. Staff A lifted client #9 out of his wheelchair and laid him on his side on the bed. The door to the bedroom remained opened, as well as the blinds and curtains on the window, next to the bed. Staff A pulled down client #9's pants and briefs and applied ointment on buttocks.</p> <p>Review on 11/1/22 of client #9's Individual Program Plan (IPP) dated 10/5/21 revealed diagnosis of spastic cerebral palsy and scoliosis. Client #9 was dependent on staff for activities of daily living.</p> <p>Interview on 11/2/22 with the Qualified Intellectual Disabilities Professional (QIDP) revealed that clients should be afforded privacy and should close the doors to the bathroom or bedroom or receive assistance by staff to have privacy.</p>	W 130	<p>W130 The Qualified Professional will in-service staff on clients right to privacy during personal care. The clinical team will monitor through Interaction Assessments two times a week for one month and then on routine basis to ensure clients are provided privacy during personal care. In the future the Qualified Professional will ensure staff are trained to ensure clients are provided privacy during personal care.</p>	01/17/2023

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

W 340	Continued From page 5 10gm/15 every morning at 8:00am.  Interview on 11/2/22 with the Nurse revealed she was not contacted by Staff L this morning regarding client #3 received eye drops in the wrong eye, or that client #1 did not receive Lactulose and had breakfast over an hour after he received Tamsulosin Cap 0.4mg.  B. During observations in House II during the survey on 11/1/22 and 11/2/22, staff did not follow the face mask policy. On 11/1/22 from 3:00pm -4:00pm, Staff D, the Home Manager (HM), Staff B, Staff A and Staff O went in and out the house, interacting with clients with their face masks not covering their noses. On 11/1/22 at 5:13pm, Staff C was observed in the dining room not wearing a face mask. At 5:45pm, Staff C sat down next to client #9, without a mask and assisting him with his meal.  On 11/2/22 at 8:45am, Staff C entered the home without wearing a mask and walked through rooms to go to the front room to complete the temperature screening. When Staff C re-entered the dining room, she was wearing one face mask.  Record Review on 11/2/22 of Staff C's vaccine record revealed she received a religious exemption to not receive the COVID-19 vaccine. The exemption required unvaccinated staff to wear a double mask.  Interview on 11/2/22 with the nurse revealed the proper way to wear a face mask was over the nose and mouth and pinched across the nose.	W 340	W340 B The responsible nurse will in-service staff on the COVID 19 mask policy and the appropriate way to wear a mask. The clinical team will monitor through Interaction Assessments two times a week for one month and then on a routine basis to ensure staff are wearing their mask correctly. In the future the nurse will ensure the staff are trained on the COVID 19 requirement of masks and proper fitting of masks.	01/17/2023

Dear Ms. Moore

Thank you for your recent survey of Mineral Springs I and II. It was a pleasure working with you and we look forward to your follow up and return to ensure all deficiencies have been corrected.

Enclosed you will find the plan of correction for all deficiencies cited. If anything was missed, please let me know and I will make the proper corrections.

Sincerely
