The [facility] must develop and maintain an emergency preparedness training and testing program that is based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training and testing program must be reviewed and updated at least every 2 years. *[For LTC facilities at §483.73(d):] (d) Training and testing. The LTC facility must develop and maintain an emergency preparedness training and testing program that is based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training and testing program must be reviewed and updated at least annually.	E 036		

LABORATORY DIRECTOR'S OR PROVIDER/SUPPLIER REPRESENTATIVE'S SIGNATURE | TITLE | (X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

E 036	Continued From page 1 *[For ICF/IIDs at §483.475(d):] Training and testing. The ICF/IID must develop and maintain an emergency preparedness training and testing program that is based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training and testing program must be reviewed and updated at least every 2 years. The ICF/IID must meet the requirements for evacuation drills and training at §483.470(i). *[For ESRD Facilities at §494.62(d):] Training, testing, and orientation. The dialysis facility must develop and maintain an emergency preparedness training, testing and patient orientation program that is based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training, testing and orientation program must be evaluated and updated at every 2 years. This STANDARD is not met as evidenced by: Based on record review and interview, the facility failed to ensure direct care staff were trained on the facility's emergency preparedness plan (EPP) as required. The finding is: Review of the facility's EPP manual on 4/15/24 revealed an EPP dated 11/9/17 which was updated on 10/3/23. Continued review of the EPP did not reveal evidence of updated in-service training for the home staff. Continued review of the EPP manual revealed an in-service training form dated 2/27/23 which states its intended	E 036

E 036	Continued From page 2 purpose as training staff on the EPP, but is only signed by the business manager. Interview with the qualified intellectual disabilities professional (QIDP) on 4/16/24 revealed that she is unaware of any in-service training having been completed since the EPP was updated on 10/3/23. Continued interview with the QIDP confirmed that the staff should complete in-service training on the EPP every two years and immediately after any changes are made.	E 036
