W 249	<p>PROGRAM IMPLEMENTATION CFR(s): 483.440(d)(1)</p> <p>As soon as the interdisciplinary team has formulated a client's individual program plan, each client must receive a continuous active treatment program consisting of needed interventions and services in sufficient number and frequency to support the achievement of the objectives identified in the individual program plan.</p> <p>This STANDARD is not met as evidenced by: Based on observations, interviews and record review, the facility failed to ensure each client received a continuous active treatment program consisting of needed interventions and services identified in the Individual Program Plan (IPP) in the area of adaptive equipment use. This affected 1 of 3 audit clients (#1). The finding is:</p> <p>During observations at the day program and in the home throughout the survey on 6/17 - 6/18/24, client #1 wore a soft helmet secured by a strap under his chin. At no time was the helmet observed to be removed from client #1's head. The client was not observed to attempt to remove the helmet.</p> <p>Interview on 6/18/24 with Staff A revealed client #1 wears the helmet "at all times" on their shift but she thinks they take it off on 2nd shift and when he is in the bed.</p> <p>Review on 6/17/24 of client #1's Behavior Support Plan (BSP) dated 4/17/24 revealed, "[Client #1] has a history of fall and a protective helmet will be placed on his head when ambulating or out of his</p>	W 249

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

W 249	Continued From page 1 wheelchair. The helmet should be worn for one (1) hour and fifty (50) minutes and then will be removed from his head. The protective helmet will remain off for ten (10) minute intervals. Staff should be reminded to document when the helmet is placed on his head and again when removed from his head. 1:1 staff will always assist and monitor him when he is out of the wheelchair." Additional review of the client's IPP dated 3/3/24 noted, "Sometimes [Client #1] wants to keep his helmet on when sitting, staff should encourage to take off, if [Client #1] becomes combative, he may wear it but no longer than 1 hr and 50 at a time." Interview on 6/18/24 with the Behavior Specialist and Qualified Intellectual Disabilities Professional (QIDP) confirmed client #1 wears his helmet for 1 hour and 50 minutes with 10 minutes off. The QIDP confirmed client #1's helmet should be removed for 10 minute breaks.	W 249			
W 303	PHYSICAL RESTRAINTS CFR(s): 483.450(d)(4) A record of restraint checks and usage must be kept. This STANDARD is not met as evidenced by: Based on observations, interviews and record review, the facility failed to ensure client #1's restrictive helmet use was documented as indicated. This affected 1 of 3 audit clients. The finding is: During observations at the day program and in the home throughout the survey on 6/17 - 6/18/24, client #1 wore a soft helmet secured by a strap under his chin. At no time was the helmet observed to be removed from client #1's head.	W 303
