W 189	STAFF TRAINING PROGRAM CFR(s): 483.430(e)(1) The facility must provide each employee with initial and continuing training that enables the employee to perform his or her duties effectively, efficiently, and competently. This STANDARD is not met as evidenced by: Based on observations, documentation and interviews, the facility failed to ensure staff were sufficiently trained in the usage of cell phones, wheelchair seatbelts and medication administration for 5 of 11 audit clients (#2, #17, #22, #33, and #36). The findings are: A. During morning observations in the home on 2/27/24 at 6:53am, client #2's seatbelt on his wheelchair was observed to be unhooked and hanging down. Client #2's wheelchair seatbelt remained unhooked until 7:21am, when Nurse A went over to client #2 and re-hooked his wheelchair seatbelt. During an immediate interview Nurse A stated client #2's wheelchair seatbelt should always be hooked. During an immediate interview Staff B revealed client #2's wheelchair seatbelt should always be hooked. Further interview revealed it was unknown who got client #2 up in his wheelchair. During an interview on 2/27/24, the Habilitation Specialist stated third shift is responsible for getting client #2 into his wheelchair in the morning. During an interview on 2/27/24, the Qualified Intellectual Disabilities Professional (QIDP) confirmed client #2's wheelchair seatbelt should	W 189	Preparation and /or execution of this plan of correction does not constitute admission or agreement by the provider or the truth of the facts alleged, or conclusions set forth in the statement of deficiencies. The plan of correction is prepared and/or executed solely because it is required by the provisions of Federal and State law.	4/22/24

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

W 189	Continued From page 1 always be hooked when he is sitting in his wheelchair. B. During morning observations in the home on 2/27/24 at 6:54am, Staff C was observed to be strolling on their cellphone. Staff C was on their cellphone for forty-five seconds. Further observations revealed there were six clients up and dressed in the day room where Staff C was sitting. During an interview on 2/27/24, Staff C stated she was looking at her work schedule. During the interview Staff C was unable to explain why they should not have been on their cellphone while on duty. During morning observations in the home on 2/27/24 at 6:56am, Nurse C was observed to be looking at a video on their cellphone for one three minutes while sitting in the kitchen. Further observations revealed there were six clients up and dressed in the dayroom. When asked should they be on their cellphone while clients are up, Nurse C stated that she should not have been. During further interview Nurse C stated she was on her break; but was still responsible for the clients if an emergency was to occur. Review on 2/27/24 of the facility's cellphone policy (10/1/17) revealed, "While in the workplace during an employee's working time, employees are expected to focus on work ad should not excessively engage in personal use of any personal mobile device in the workplace, including but not limited to: engaging in excessive personal conversations, excessively checking personal e-mail, excessively sending or receiving text messages, playing games, listening	W 189	Staff will be trained upon being hired, annually and as needed to ensure they complete their duties effectively, efficiently and competently. Training to include the usage of cell phones, wheelchair seatbelts and medication administration. Monitor to be completed daily during observations by the Administration staff, QP's and DSP supervisors and while completing the Interaction assessment monthly.	4.22.24

W 260	Continued From page 5 At least annually, the individual program plan must be revised, as appropriate, repeating the process set forth in paragraph (c) of this section. This STANDARD is not met as evidenced by: Based on record review and interview, the facility failed to ensure the individual program plan (IPP) for 1 of 11 audit clients (#27) was revised at least annually. The finding is: Review on 2/26/24 of client #27's record revealed an IPP dated 1/19/22. No current IPP could be located. Interview on 2/27/24 with the qualified intellectual disabilities professional (QIDP) confirmed no current IPP could be located for client #27.	W 260	QP will complete the IPP for client #27. QP's will be in-service on completing the IPP's within 30 days of admission and annually. Monitoring will occur during completion of the ICF Non-medical chart audits and will be reviewed monthly during QAPI meeting.	4.22.24
W 454	INFECTION CONTROL CFR(s): 483.470(I)(1) The facility must provide a sanitary environment to avoid sources and transmission of infections. This STANDARD is not met as evidenced by: Based on observations, interviews the facility failed to ensure proper infection control procedures were followed in order to promote client health/safety and prevent possible cross-contamination. This potentially 3 of 11 audit clients (#1, #14 and #22). The findings are: A. During observations on 2/26/24 at 4:22pm, Nurse A and Staff D moved two portable mobile devices from clients #1 and #14 and switched them. Both clients #1 and #14 had the toys that were attached to the mobile devices in their mouths prior to them being switched. Further	W 454	Staff to be in-serviced on Infection Control upon hire and annually to include cleaning/disinfecting items between each use and not using mouth to open condiments. Monitoring will occur monthly while completing the mealtime assessment by the QP's, Habilitation Specialist and DSP Supervisors.	4.22.24
